ANNOUNCEMENTS

LEGISLATURE.

WE are authorized to announce Mr. E. J. STUBBS, as a candidate for the Legislature, from Nicholas and Robertson counties, subject to the Republican or Temperance ticket.

Democratic Ticket.

FOR STATE SENATOR.
DR. B. F. REYNOLDS.

FOR REPRESENTATIVE.
HON. E. KENTON.

On Saturday last the Democrats of this Senatorial and Legislative District nominated Gentlemen of best character in the person of Dr. B F. Reynolds and Hon. E. Kenton. The last first three gentlemen were nominated without opposition attests their popularity and will insure their election in August. We place their names at the head of our columns.

HON. JOHN D. HARRIS spoke at Paris last Monday and made a good speech.

THE Pike County grand jury returns 47 new indicted and fifty indictments in its last session.

THE Prohibitionists of Tennessee are preparing for a hot campaign, and will fill the field with spokers.

HON. JOHN R. ABRAM is defeated Hon. W. P. Thomas for the Legislature in Henry. This looks like the loss of a vote for Mr. Blaine.

At the election of city officers at Cincinnati last Monday the Democrats elected their entire ticket. The Knights of Labor candidates were second and the Democrats third.

MAJOR DAVID S. TRUMBO is announced as a candidate for the Democratic Senatorial nomination in Franklin, Fleming, Carter and Rowan, subject to the action of the Democratic party.

THE long fight for the Marion County Postoffice has ended. Congressman Taulbee recommended W. W. Wilson for the position, and he will receive the commission.

HON. JOHN D. WHITE is stirring hard to get a temperance plank in the Republican platform where the State Convention meets. He has sent circulars all over the State calculated to sound the temperance sentiment among Kentucky Republicans.

DR. BEN F. DUVALL, candidate for Governor in Franklin County, Ky., publishes a card denying that he is an avowed advocate of Mr. Beck for United States Senator. He says he will vote first for Judge Lindsay, and beyond that he is unpledged.

A. E. DAVIS, a California railroad magnate, says that "free passes will not be common after the 4th of this month, but it will take a stranger hat than any he has ever seen referred to present railroad manager giving their friends, and the sisters, cousins and aunts of their friends free tickets, they are fly."

THE Court of Appeals never rolled the portion for a re-hearing in the case of the Commonwealth versus Cornelison. This is the defendant's last resort, and it is supposed that he will now be sent to the Montgomery county jail to serve out the sentence of three years' imprisonment, inflicted upon him for the assault upon Judge Richard Reid, of the Superior Court, in May, 1884, which led the latter to end his life.

Commonwealth versus
Prohibition in Kentucky.

THE Mt. Sterling Sentinel Democrat commenting upon an article from the Louisville Commonwealth in regard to the success of the Prohibition party in Kentucky, says:

"There is no reason why a Democrat in Kentucky should vote against his party and for a Prohibition candidate. The Democratic party has always passed all laws demanded by the temperance people; that is, giving the right of localities to control the traffic, in the only way it can be successfully controlled. If the Democrats put up a good ticket it will receive the usual majority. On the issue of whisky or no whisky, alone, the voters of Kentucky will vote, as a whole, almost unanimously."

WITHDRAWN.

Carlisle, March 30, 1887.

Judge Cantrill:

Let it be withdrawn from the Democratic Primary, giving the field to Dr. B. F. Reynolds, of Nicholas. Reynolds is for Beck for United States Senator.

Yours truly,
W. P. THOMAS.

Mr. Thomas's letter was received the day after the Primary, and he could not be reached in time to withdraw his name from the ballot. Mr. Thomas's friends in Nicholas and Robertson counties, who had promised him their support, in the belief that he was for Beck, felt that they had been deceived, and they voted for Reynolds, who is for Beck, and Reynolds was nominated by a majority of about 300.
