Sent free to all who apply for it before it is mailed, or to all who purchase a pkt. of Seeds. Its 150 pages are a mine of information, and it is the most beautiful and costly Seed Catalogue ever issued. Its cost, with the Seeds it offers, has been more than $1 a copy, but we now offer it free to customers or to those who will write for it. It is not a mere Catalogue, but a Book of Information, and should be in the hands of every lover of Flowers or Vegetables. Various colors, from actual photographs, are lavished upon it, and it is by many acknowledged to be the most beautiful work of the kind ever published. Its 150 pages are filled with information, and it is the opinion of many that it should be in the hands of every farmer, as it contains more information than any other work of the kind. Three editions have been exhausted in the United States, besides editions in the Germany, French, and Dutch languages. It is the only work of the kind ever published in the German language, and is universally wished for by the German people
