SUNDAY'S SERMON

CARLISLE BAPTIST CHURCH
E. V. Carrier, Pastor
Simultaneous Revivals

We feel that it is important for our members to be reminded that our revival is no further away than Easter Sunday, March 25. This is not just a local revival meeting but a simultaneous affort, of the other Baptist churches in this county and joining counties along with some 18,000 Baptist churches East of the Mississippi and South of the Ohio. One can hardly imagine the effects of such united effort.

This method of evangelism is as old as the Bible. God has always advocated that his people move in the same direction at the same time. The Children of Israel conquered Canaan by a simultaneous effort. When Jesus was ready to show his disciples how to carry on the work he intended for them to do. He sent them out two by two simultaneously. Therefore, we feel that we will not go wrong if we follow the plan of the Master.

The Christian people of these United States can truthfully say that ours is the richest heritage in the world. More than three centuries ago a small band of men and women braved the perils of an untriendly sea and the dangers of an unknown land in quest, not of earthly wealth, but of freedom of worship; to these rugged stalwarts life was not worth living if they could not live it as free men. Now we are in danger of losing these freedoms if we do not use them. It is claimed that what we do not use is soon lost. So if we would hold to the freedom of worship then you must come to your church on Sunday for that purpose.

Some one said in one of our magazines, "That perils from within threaten our freedom more than the Russian possession of atomic energy." I wonder if he did not have in mind the forsaking of religious worship.

I feel that I should close with a picture of our home conditions. In our ministerial meeting this month Rev. Whitehouse said that he had visited one of the schools in our county and found that sixty per cent of the pupils enrolled did not attend church. Studying our church field we have come to the conclusion that in Carlisle and going out into the county for a radius of two and one half miles the approximate population would be 4,000. Now in a majority of homes if the family attends church they will come to Carlisle. Yet, we have less than 1,000 people coming to church regularly from this section of our country. Yes, the field is ripe and ready for harvest. We must go out and bring them in, "that my house might be filled."

Nicholas county and Kentucky needs Spiritual Awakening to awake the people of the churches and send them forth with the message of Christ.

"Christ is the answer for all the world."

CHRISTIAN SCIENCE
Sunday, February 25

"Mind" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday, February 25.

The Golden Text is: "The counsel of the Lord standeth for ever, the thoughts of his heart to all generations." (Ps. 33: 11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let this mind be in you, which was also in Christ Jesus." (Phil. 2: 5).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God, pure and eternal, having that Mind which was also in Christ." (P. 467).

• MEMO TO AVERTISERS

Three Simple Rules for Profitable

NEWSPAPER ADVERTISING

1. *Make your advertising copy easy to read, friendly and informative. People read newspapers for the news. Give them facts and news about your merchandise and services.*

2. *Advertise regularly. Do what successful salesmen do—call on customers and prospects consistently.*

3. *Protect your advertising investment by insisting on audited circulation reports that tell you just what circulation you get for your money. Guesswork is wasteful.*

*In order that you may know just what you get for your money when you advertise in this newspaper, we are members of the Audit Bureau of Circulations. This is a national, cooperative association of more than 2000 publishers, advertisers and advertising agencies. Organized in 1914, the purpose of the Bureau is to establish and maintain definite standards of circulation, audit the circulation records of the publisher members and report this verified information to advertisers.

At regular intervals, one of the Bureau's trained auditors makes a thorough audit of our circulation. The verified facts and figures thus obtained are issued in an official A.B.C. report.

Our A.B.C. report tells how much circulation we have, where the circulation goes, how it was obtained, how much people pay for it and many other facts that you should know when you buy newspaper advertising. Thus when you advertise in this newspaper your investment is in known and verified values.
