A Tribute to Our Children

To Publish Pictures of
LOCAL CHILDREN

● Pictures of the children of this community are to be published in this newspaper as a special tribute to our young citizens. Tomorrow the responsibility for world destiny will rest heavily upon their shoulders . . . Americans, they will meet those responsibilities without faltering. Among them, in the years to come will be many with fame and fortune. But, just as they are right now . . . with the dawn of a greater tomorrow in their fresh young faces . . . we, the publishers, want a picture of these future professional men and women, teachers, scientists and, who knows, perhaps a future president of this great country. We want to publish these pictures in a forthcoming special feature. So, Mother and Dad, we will need your cooperation to help make this event a colorful and inspiring exhibit!

Arrangements have been made with The Wells Studios, nationally known children's photographers, to take the pictures for us at the time and place given below. All you have to do is bring your children as our guests. There is no charge or obligation. However, all children must be accompanied by one parent or other guardian.

You do not have to be a subscriber to this newspaper and you do not need to purchase photographs, although you may do so if you wish. Just bring your children down and have the pictures taken. Later you will be shown proofs from which you select the pose you prefer having printed in the paper. The pictures will be published at a later date. It is as simple as that!

You can clip these pictures from the paper and thus obtain a memento of childhood which will become a treasured keepsake and memory record for both you and your children when they grow up.

Below is the time and place to have your children's pictures taken without cost!
