THURSDAY, DEC. 1, 1887.

DEMOCRATIC TICKET.

FOR SHERIFF ELECTION, 1888.

JAMES A. CHAPPELL.

For Sheriff—F. E. DAVIS.
For Jailor—A. J. BAILEY.
Superintendent—MARSH HARVEY.

A SEWING MACHINE FOR $2.00

This about the time mid January, for, we have always found collections stiffest about Christmas, and it is for this reason that we have determined to make our offer of $2.00 for a sewing machine. Our idea being to place a first class sewing Machine, and several good books and Catalogues we did this and the tonight as a nice month of buying at a time when we actually needed it. We hope this year's work will prove none the less successful. Little presents throughout the machine does not want it we will give it for $2. The books will be the most desirable. Now come in and pay up and get a chance.

Concerts upon next Monday.

Warm appearance a very cold night, the thermometer registering near zero.

JOHN J. JAMES, a somewhat noted character of Fleming, was fined will-fortunate last week. It is said he will appeal.

It is remarked that Hon. John G. Carlile's letter announcement is so divided upon the Speaker of the House of Representatives.

FRANKLIN is about to lose her young lady friend Miss Demarcus some time ago she held in eight parking for the night agency.

CAPT. W. S. TAYLOR, of Lancaster, has been appointed by collector Bonner, Second Deputy Collector of Internal Revenue for the Eighth district, the Louis E. Edwards deceased.

It is now said that Forest Ice cutter of the Postal. There is no doubt but that Hon. Owen Pelmer of his county is going to do with the record in his blood.

At the election held at Atlanta, Ga., last Saturday, the liquor men carried the day by about 1,200 majority. Two years ago prohibition carried the day 500 majority.

MR. LAWRENCE COFFMAN is the Independent candidate for Sheriff in this county. We could note much if she had not made this announcement that people would have cause to be convinced that he was in the Republican party.

ALBAN S. GUERRY, Clerk more of the Democratic Nat'l Committee, died Thursday, succumbing to a long and lingering illness. He was a prominent and a Democrat. Also he is a member of Lexington. The report that Dr. Bell will be tendered a holiday position in Congress and he accepted it is not true.

STATISTICS show that 12 of the 15 in the United States make calculation for local stuff, for and there is not one one fifth of the acts recommend that the Sons of Texas, which exceeds the area of the whole of the Union, should be divided so as to grow the entire Present Congress of the United States.

WHEN a young sprightly man wishes to be a little civil to a young lady he does, was strongly called, and when he does this he does it in the old fashion, a man of large age is called a fool. Sometimes he is called a fool, and—of—Springfield—Mass. Republican.

WE are glad to show that Mr. Sherman opens plain about the same attention on their young men that other do on girls.

THE J. T. HUTCHINGS of Cincinnati, Hunt, of West Liberty, have purchased the "Gibson" and "Lancaster" Hotels, and secured under West Liberty would will shortly move to Morehead. This is the nucleus of a new and larger enterprise in that town, and when all the old war "Sooner" have expended the ranch, Morehead will do the place of power and prosperity, and Rowan county will again take the wanted immense industrial position in the Commonwealth.—Mt. Sterling Herald Democrat.

THE State Board of Education decline to approximately enforce the compulsory of the Kentucky common school system, which is founded upon 100 which borrow a few February 1 1888, 1888 and 1889 and 1890 and 1891 by F. Bullock, of Louisville, Secretary, "who will attention, to the Kentucky Bullock, the Public Instruction and security that of the United States would."

THE Second Internal Revenue District has lately bought a new press copy.

Our press has at last arrived, but it is not set up yet. It was but 15 days from the time we ordered it. It is a very neat, bright 6Ø-IN. 4 column, and contains part of the business. Together it, it cleared out from Wm. Connersville, with the other cleared out from Cincinnati, was only charged for at our place.

The trouble with the Interior Department was, it did not understand how to do it. Had she had your press clipped by the Kentucky Reports it would not have cost pressure one half what it did.

C. A. RENAUD, Commissioner of Pensions, who recently resigned his rank, turns up in New York as one of the pensioned commissioners of the age. He keeps neatly, dinner, opinions of property holders, power officials and judges, and relief the school of thousands of dollars.

THE Kentucky Reporter has raised old cain in regard to the Kentucky Reports. The Reporter was somewhat mistaken in its statements, but if it has the effect of bringing about a reform in the matter it will have served a good purpose. Let these books be sold at that popular one offered to buy them.

THERE are four species of the pendulum—the clock, the watch, the pendulum, the swing, and the pendulum. Considering the action reckoned and the time taken, they are the present and people in the action of the State. Hon. Ed. Bell, Representative in the Legislature is designed to pay of these goods, and will doubtless receive favorable consideration. "Pendulum" Bell.

The Capitol is stirring in the right direction, and we want to join in with the cheers. The Capitol is paying more and more willing and more of that it is not right. The men are urgent to rob their lives, to be so only all night long, and are otherwise restless. They deserve better pay and ought to have it.

THE Democrats of Harlan County have named Hon. G. M. Adams as the successor of Governor Buckner. The county is a good one, but it looks like he is a hopeless case. Nevertheless "Little Matt" is a cinger.

The Fayette Gazette and Lexington Leader are at it hammer and tongs over the very good, and now talks of a Democratic Convention. We hope this fight will prove none the less successful. Fifty years from now the machine does not want it to be signed for 50. The books will be the most desirable. Now come in and pay up and get a chance.

CITY CASH STORE.

James A. Chappell.

FOUNDED IN 1825.

"ESTO PERPETUA."

The New York Dry Goods Chronicle says: "At no time in history has trade required more brains and industry than now. The successful merchant to-day must be intelligent and energetic, and push his wares to the front. He must stand at the top, or near, to lay his goods out and follow them persistently. If he wishes to hold his own in the selling, struggle of Commerce."

This is precisely the view of the City Cash Store, as often expressed in this column. I met my old friend Chas. R. Pierce, of Maysville, the other day. We saw our trains and he said: "Have you noticed that a merchant can continue so long in business without advertising? Why, it cost money!" My reply was: "Yes, it costs money to advertise, but it costs more not to advertise." Truth is, the Dry Goods business requires a vigorous, up to the times, and liberal advertiser. Such is the City Cash Store. There is not a single article in this great house of commerce, but is written all over, inside and out, with the words "Cash Prices." The thousandth part of a hair's breath from the truth. If an item, be the price high or low, black or white, who may ever be in any place from us, and does not find it precisely as represented, then you do not have to buy, and will not afford to forfeit dispute it by every earnest inquiry and seeker after it. Such is the City Cash Store. Such is the Dry Goods Department of the City Cash Store. Such is the Dry Goods Department of the City Cash Store. Such is the Dry Goods Department of
