For as the rain cometh down, and the snow from heaven, and returneth not thither, but watereth the earth, and maketh it bring forth and bud, that it may give seed to the sower, and bread to the eater: So shall my word be that goeth forth out of my mouth: it shall not return unto me void, but it shall accomplish that which I please, and shall prosper in the thing whereto I sent it."

O.E.S. Monday, Dec. 17

The O.E.S. will have its regular meeting and Christmas Party Monday night, Dec. 17 as announced by the Worthy Matron, Mrs. Maggie Davis.

COMMENT

Since you are busy sending Christmas cards thought you would like to know that the first Christmas cards were published 113 years ago.

The actual inventer in under dispute. The idea came from sheets of paper edged with Christmas scenes and a blank space in the middle in which children wrote their Christmas "pieces." These "pieces" were tasks asigned to be done during the Holidays.

The first Christmas cards in America were produced by Louis Prang in Boston. They were very elaborate and expensive some times costing as much as sixty-five dollars.

Don't forget to use your Christmas Seals on each card. They were conceived by a postal clerk in Denmark to raise money for a tubercular childrens hospital. We took up the idea in 1907. The custom is now world wide.
