Burley hogsheads

Most folks don't ever see the hogsheads in which burley tobacco is stored. This tobacco will go into storage and aging, and then either into manufacture or into the export trade. About one-fifth of U.S. burley goes to foreign buyers for use overseas. — Mercury photo.

"The Last Battle"

The War is over now,
It began with combat,
And ended with many long
Years of suffering and pain.
You fought a hard battle,
And many times thought
You would have to surrender,
But all the V.A. hospitals,
Helped you conquer another victory.
Your family was your refuge,
Standing by you in times of trouble,
Bit your wounds were too deep,
At the end, a restful sleep,
You surrendered,
And the victory of heaven was yours.
A battle victorious! A farewell salute! 11-25-1*

Engineers offer scholarships, grants

The National Society of Professional Engineers is making available grants and scholarships to aid high school seniors interested in pursuing engineering careers, Dr. Harry J. Sterling, P.E., local chairman of the nationwide scholarship program, announced recently.

Dr. Sterling, who heads the scholarship effort of NSPE's Bluegrass Chapter, said students will be selected for the awards on the basis of academic standing participation in extra-curricular activities, evidence of leadership, character and self-reliance, comments of teachers and administrators, and financial need. NSPE scholarships are provided with the cooperation of leading companies and educational institutions; recipients will receive awards of $1,000 to $4,000, with some full scholarships.

To be eligible for the awards, a student must be a high school senior ranking in the top quarter of his or her graduating class, plan to enroll in a college or university with an engineering curriculum approved by the Accreditation Board of Engineering and Technology (the profession's accreditation body), and be a U.S. citizen or plan to become a naturalized citizen.

Students must submit scholarship applications to the local chapter by Dec. 1, 1982. National winners will be selected by Mar. 31, 1983.

For applications and more information on the NSPE scholarship program, contact scholarship chairman Dr. Harry J. Sterling, P.E., Department of Civil Engineering, University of Kentucky, Lexington, Ky. 40506, or call 606-257-1748, or contact a high school guidance counselor.

Ever had car trouble?

Attorney General Steven L. Beshear wants to know if you have ever purchased a new or used automobile and experienced difficulty in having the title registration transferred to your name. "A few automobile dealers, specifically used car dealers, will intentionally withhold the transfer from the buyer's name so that they can repossess the vehicle without the trouble and hassle of getting the transfer changed back into the dealer's name," Beshear stated.

"Another problem arises when the consumer attempts to obtain insurance on the vehicle," Beshear added with a note that the car must be in the owner's name before an insurance agent can write a liability or collision insurance policy.

State law provides that a purchaser of a vehicle from a Kentucky dealer must apply for registration with the county clerk before he may operate it on the highway. A vehicle purchased out of state must be registered within five days of the time it is brought into Kentucky.

Dealers who do not transfer the vehicles to the purchasers are also withholding the payment of the usage and sales tax to the Commonwealth of Kentucky.

If you have experienced difficulty in having the title registration put in your name, contact the Attorney General's Consumer Protection Division, 209 St Clair Street, Frankfort, Ky. 40601, or call the consumer hotline at 1-800-432-9257.

Don't cut Social Security, Huddleston says

U.S. Sen. Walter Dee Huddleston told members of a special legislative advisory commission of senior citizens that he will continue to oppose reductions in benefits to current social security recipients or those on the verge of retiring.

"The government should maintain that commitment," he stressed.

He did, however, suggest some short-term borrowing to tide over the social security system during its current budgetary shortfall.

"It is not a long-term solution but it will get us through for now until some changes can be phased in," he explained.

"The mechanism that has been established for Social Security cannot continue just exactly as is and the program remain on a sound financial footing," Huddleston said.

But Huddleston admitted to senior citizens he does not know what the long-term solutions are for the social security system.

Huddleston's remarks came during the opening session of the advisory commission's two-day meeting, which was created to make recommendations to the General Assembly.

The senior citizen's commission established in 1978, makes recommendations in four areas — transportation, consumer affairs, taxation and health and human services.

Dr. C.H. Hager of Wilmore, chairman of the commission, said the group's final recommendations to the 1984 Legislature will be presented at a spring meeting.

Tax workshops are planned

A schedule of 12 tax practitioner workshops has been announced by the University of Kentucky, the Internal Revenue Service and the Kentucky Department of Revenue.

The tax practitioner workshops are held to bring preparers of tax returns up-todate on the latest tax law changes, and to serve as a basic review of filing procedures and form usage.

In this area, a tax practitioner workshop is scheduled for Lexington at Oleika Temple, Southland Drive, on Dec. 7 and 8. Daily hours are 9 a.m. to 4:30 p.m.

A $50 enrollment fee is charged for each two-day workshop. Brochures with registration blanks are available at the local county extension offices. Also, registration blanks and additional information may be obtained by phoning the University of Kentucky Agriculture Economics Department at 606-257-3481 or write U.K. Tax Practitioner Workshops, Agriculture Science Building South, Room 705, University of Kentucky, Lexington, Ky. 40546.

Interested participants should try to have their registration filed by Nov. 5, 1982.
