S. W. FOWLER, Secretary.

U. S. SENATOR TURPIE thinks Indiana will return to the Democratic party sooner than great.

JUDGE WILLIAM LINDSAY is mentioned as a candidate for Democratic nominee for Governor.

SENATORS D. H. HATCH, of Ballard, Jas. H. Mulligan, of Lexington, and W. H. Anderson, of Shelby, are candidates for Speaker of the Kentucky Senate. They are all good men.

Some one has said that Joe Brown was going to make some farmer or mechanic Governor. He has gone to give a Railroad Commissioner, and about every place in the Commonwealth is looking the same.

MARTIN SHOE Editor at the depot Friday he volunteered the remark that when he got his pension he would pay for his MERCURY. As we didn't get to kill the dating the war we are willing to take part of his pension.

JUDGE CHAS. F. CARTER of Georgia was elected Speaker of the Lower House of Congress Tuesday. He is a good man and will make a successful Speaker. His victory is attributed to some persons to be a blackeye to Cleveland.

The Republican Congressmen succeeded in Speaker Reed to receive the complimentary vote of the humbler of their kind for Speaker—a vote that most left the Speaker brought upon the partisan of machinery and moneyed conduct of affairs of the last Congress.

The Reviewing is just now engaged in showing up the Republican promises and performances of the last Congress, and it makes a good showing.

The members of the Revising Committee had the satisfaction of having 30 days they won't mind being arrested and imprisoned, and they may bet they will deserve it in that time.

HON. WM. LINDSAY has evidently forgotten all about making the race for Speaker of a House of Representatives. His recent action in organizing the Republicans and Independents of Greenshoro and putting out a ticket for the school board in opposition to the Democratic nominees shows that he has entirely cut loose from his old near political associations. Good bye, Thomas—Hyperthermia—Congressman.

It is a settled fact that the Democrats have captured the New York Legislature. The Senate is a tie, but the Lieutenant Governor, who is a Democrat, has the deciding vote. The House stands 70 to 58 in favor of the Democrats. This means a good advantage to the Democrats, as they have not redistricted the State so as to secure a fair expression of the public sentiment in future elections.

GOVERNOR DAVID B. HILL, of New York, delivered a speech at Albany, last Friday in which he indicated his position to be taken by the Democrats of his State in the next campaign. He takes decided grounds on tariff reform, and comes out boldly for the coinage of silver coupled with a free gold coinage at the ratio of 16 to 1, without waiting for action of any foreign nation. The New York Democracy will demand that the coinage of silver and gold and the two dollars be made of equal intrinsic value. His speech is a very able one, and will attract the attention of the country.

Bill Holiday's Absence.

Bill Holiday, the clerk in the North Side drug store, has been absent from his post for some days. Report reaches us that such serious charges of forgery and fraud, and such a large amount of money stolen from the store, it was thought best to quietly let him go. We understand that a warrant was sworn out for his prosecution. He is said to be a worthy young man of good character. Some little unfortunate.

How did such a "worthless, irresponsible chap" get to be clerk of an election. This is a good time to speak out against worthless characters who made election officers in Kentucky, and the time is at hand when the law gives its residents to "reach" such officers for their misdeeds. Let the ballot system it will be more important than ever to have only honest men on duty. The time has come for honest elections and we must have them or we shall have trouble in Kentucky. We have always been in favor of calling out our vote and having it recorded secret, and we certainly want it counted now as we cast it, and we can have it assurance that it will be done if had men are selected to hold the election under the ballot system.

Gone Into the Exchange.

The stockholders of the Grower's Tobacco Warehouse at Louisville, met last Tuesday to enter the Tobacco Exchange, and as consequence seven directors went in their respective offices:

At the President and Board of Directors of Tobacco Growers' Association—Gentlemen: We, the undersigned, stockholders in the Tobacco Growers' Association of Kentucky, do hereby authorize, feeling that we can better serve our interests, and that therefore our policy ordered by the stockholders of said association—and that therefore our warehouse or successor of said association be entered, the hereby respectfully ask your resignations as directors.

Consumption Cure.

An old physician, retired from practice, had placed in his hands by an East India missionary the formula of a vegetable compound, to be used for the speedy and permanent cure of consumption, Bronchitis, Catarrh, Asthma, and all throat and lung affections, also a positive and radical cure for Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge to all who desire it, this recipe, in German, French or English with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, 820 Powers Block, Rochester, N. Y. April 25, 1895.

THE Moorefield correspondent writing to the Owensboro Inquirer says: Mr. Jas. Hazel, of this place, is dangerously ill with a tumor on the brain. The tumor is situated between the ear and the temple, and is one of the child the mainstays of its parents. Mr. Hazel's wife and family are a broken lot.

THE law of health is simple and easily understood. It is to be of more benefit to the sick than all the medicine ever taken by living examples, which is manifest from the fact that Dr. Bull's Cough Syrup has brought before the school, so that we have to know its superiority over all other cough remedies. It is the largest seller in the market on the tongue and lungs, and is the best remedy for the most military expectoration and this water is pleasant to take, and is the best remedy for coughs, colds, and all throat and lung complaints of a mild nature. The schools are now in session, and
