DEMOCRATIC TICKET

STATE SENATOR,
JOHN A. MCCHESNEY.
REPRESENTATIVE,
M. F. WHEELER, of Robertson.
COUNTY SUPERINTENDENT,
ROBERT R. ROSSELL.

MAMIE E. GORE

Co. School Superintendent

I hereby announce myself as a candidate for the office of County Superintendent of schools. An experience of twelve years teaching under first-class and first-grade certificates, in this and adjoining counties, mostly in this parish, me in believing that I can assist the educational efforts of the county in a manner satisfactory to myself and interested in the good of the schools. I ask the support of all school officers, elected, and of all school patrons, who desire that schools receive the most careful, painstaking and conscientious attention of which I am capable. Hoping to receive the unbiased support of the patient men and intended models of my daughters of Nicholas.

I am, sincerely yours,

MAMIE E. GORE.

It is announced that Senator Gaddie has his eye on the Governorship of Kentucky.

Nicholas County is a Democratic county, and next Tuesday will show whether she is to remain so.

Gov. BROWN has determined upon Judge J. Crepps Wickliffe, of Bourbon, as the successor of Attorney General Hardin.

MR. WHEELER was in this county this week looking after his race for Legislature. Nicholas County Democrats will do their duty by him.

At a meeting of the Republican leaders in this city last Saturday, Mess. MORRIS was declared the candidate of that party for School Superintendent.

C. B. MARTIN, M. C. SCHMITT and R. R. ROSSELL are entitled to the support of their party friends, and we can see no doubt they will receive it. Take time and go to the polls.

In the city election next Tuesday, the voters of Carlisle will elect a Mayor and Police Judge for two years, and Councilmen for two years. Don't make mistake. Better think over the matter before you vote.

THE Democratic party of Nicholas is to be tried next Tuesday. The result that day will show whether the secret ballot will be used to slaughter the party or not. We have no fears of the result, but we feel it to be our duty to call attention to the fact.

THE Senate passed the bill repealing the Sherman silver purchase law, but left Mondor by a vote of 5 to 42 President Cleveland and Mr. Voorhees deserve great credit for the result, and if the pressure goes on the House they will receive the praise.

MR. M. F. WHEELER, who has for years filled the Democratic office of Representative, asks the Democrats of Nicholas to give him a second term in the office. He also wants the Democrats of others than Democratic whenever give him their votes.

The Democrats of Nicholas should see that their ticket receives a strong support next Tuesday. The ticket has gone through many a rail, and has always come out victorious. President Cleveland and Mr. Carlisle have charge of the party, and Mr. Wilson, too, and the Nicholas County Democrats should stand up to the line and follow.

We publish to-day the city ticket which is to be voted for next Tuesday. The names of Carlisle are called upon to select their officers for four and two years respectively, and they should see to make no mistake, and, if at present, they should be sure to make no mistake. Make the cross mark in the square following the name you wish to vote for, and be sure to do your work in a careful manner for Contributors. Now is the time to do your work, and it will be hard to talk after the election.

MR. C. S. TRIMBLE took occasion Saturday to remind the Democrats of Nicholas we had accepted him. He said he was a candidate for Congress in the highest regard for honor, a gentleman and a Christian, and could not trust him without the strongest proofs. He is the Prohibition candidate for the Legislature and a worthy representative of his party, but so we are Democratic to the core, and can not vote for him. We are glad Mr. Tompkins recognizes our fairness to him, and we hope the day may never come when we shall cease to be fair to our foes.

We have no desire to enter into any extended discussion of the merits of the candidates for Superintendent of Schools. Under the law the school board of Bourbon appoint Mr. Rossell's eligibility, while we do not know, we strongly believe that Mrs Gore is eligible. The law requires candidates to have a State certificate of eligibility from a County Board and from the State Board. That Mr. Rossell has and Mrs Gore has not. There is no hardship in any one. The law is similar to the one requiring candidates for County and Circuit Courts to procure certificates. Mrs Gore failed to secure one at the proper time, and no one is to blame except herself. She should have complied with the law requiring an examination, and secured a certificate.

THE SUPERINTENDENT'S RACE.

A Card From Mr. Rossell.

To the voters of Nicholas County:

It is currently circulated that I have not held a first-class certificate as teacher in the common schools; I wish to deal with fairly, therefore, I say to the above assertion, and say it is false; furthermore I have a certificate of qualification from the State Board of Education, making me eligible to the office of County Superintendent, and for the benefit of those who are interested in facts, I have placed both of the above certificates on file with the auditor of the MERCURY for your inspection.

All who will give me their suffrage on next Tuesday will receive my hearty appreciation.

Very Respectfully,
ERASTUS R. ROSSELL.

Headquarters, Ky., Nov. 1st 1893.

[The above card is published at the request of Mr. Rossell, who has left with us his State certificate, as well as a first class teacher's certificate, issued by School Commissioner Hinman. Suffice it to say, we believe the reports that are being circulated in regard to Mr. Rossell, and he cannot prove ought to circulate them. People have become too sensitive to take stock in campaign "yarns," and it is no much to a man's health, character and business to believe such stories. Mr. Rossell is a gentleman, and if not qualified, and no one believes he will not be elected.—[ED. MERCURY.]

A Letter From Supt. Thompson.

DEPT. OF PUBLIC INSTRUCTION,
OFFICE OF SUPERINTENDENT,
FRANKFORT, Oct. 28th, 1893.

JOHN J. FOR, J. NORMAN,
Carlisle, Ky.

Dear Sirs:—

Your favor of the date received. Nicholas County has no certificate of eligibility of County Superintendent. It is now impossible for anybody to obtain one. No School Commissioner has telegraphed me last week to know if Nicholas could be judged. I answered promptly, giving her the Very Truly,

ED. POSTER THOMPSON.

P. S. The only way to prevent trouble is always to vote for it. N. THOMPSON

Judge Noland's Decision.

The following letter to Mr. Rossell is probably more explicit than the one to Judge Noland:

FRANKFORT, Oct. 27, '93.

ERASTUS R. ROSSELL,
Headquarters, Ky.

Dear Sir:—Schools in Nicholas County, except you and Mr. Mongue, holds a special certification to be legally Superintendent. Miss Gore asked me if she could teach in Nicholas County and I told her I thought not, but I wrote to the State Board and asked them to be sure. I replied promptly that it was not legal as a certificate. The State Examiners have no discretion in the matter. Yours truly,

ED. POSTER THOMPSON.

Nicholas County Notes.

This fall account of the association of the Nicholas County Fair Association will be found on our fourth page. We need not remind our readers how successful the organization of Fourth of July celebrations, and how well they have kept up the good cause, as was contemplated.

It turns out that Governor Brown in his appointment of Mr. Mason Carter to the Senate of the Bourbon District, made a good selection. Mr. Carter is a gentleman of the highest character, and he will represent the figures to say that the Senate will be well represented by the new member.

The Senate passed the bill repealing the Sherman silver purchase law, but left Mondor by a vote of 5 to 42 President Cleveland and Mr. Voorhees deserve great credit for the result, and if the pressure goes on the House they will receive the praise.
