ANNOUNCEMENTS.

FOR CONGRESS.

We are authorized to announce Hon. R. S. Hart, of Fleming county, as a candidate for Congress, subject to the action of the Democratic party.

The State Board of Equalization has raised the list on property in Bourbon county, and placed a tax on property in Paris for the ensuing year.

SENATOR GOEBEL, of Lexington, is announced as a candidate for Judge of the Court of Appeals. Mr. Goebel is one of the abler lawyers in Kentucky.

PRESIDENT CLEVELAND has appointed Thos. E. Benedict, of New York, Public Printer. The President is paying in a few Democratic prescriptions. He ought to have done that long ago.

THERE will be no more sessions of the County Court of Carlisle. Under the new law passed at the last session of the Legislature, quarterly sessions will be substituted for monthly ones, on the first Monday in April and October.

THE Federal grand jury at Atlanta has returned bills of indictment against Governor Northen and others, for have been defrauding the Government. Fifty indictments have been found in all.

HON. TOM. E. PARSONS is said to be a candidate for Judge of the Court of Appeals. He is one of the most strong candidates, and he would be in connection with most of the other candidates. He would be a strong man.

THE center of gravity of the Democratic party is still in the South. The Democratic Congressional Committee is composed of 12 of the Southern States, and only two of the Northern States.

A BILL intended to meet some of the President's objections to the Bond-Sulgrove Bill, was reported in the House by Mr. Bryan, of Nebraska, provides for the coinage of standard silver dollars and authorizes the issue of 2 per cent bonds on equal demand notes.

THE Louisville distillers have begun a movement for the suppression of whisky jobbers' private stands. The practice of making whisky under contracts for wholesale dealers has become so common that the distillers think it necessary to place the trade in their own hands.

CONGRESSMAN PAYNTER has announced his intention to make a race for Appellate Judge in this District. The announcement is premature, said: "I shall make the race for the Court of Appeals if I can get the nomination in Kentucky. I do not think I can get the nomination."

THE Republicans are talking of nominating Nicholas County for Congress. We will stick them on old Democrat Desmond Harmony at the time comes. The Democrats of Nicholas County are good people, but we will of course with them against anyone who are true blue and can whip the Republicans for all time.

REPRESENTATIVE PAYNTER, of Ky., thinks, proposes a new rule to govern quorums and general Democratic, provides that the names of those present and not voting shall be entered on the journal as voting in the negative. This would be a good rule to prevent minority of self-the majority, and it should be adopted.

NEWBOLD County never had a democratic contest than this present one. It was but Saturday, and yet the voting was not such as organized a general election. It was a fight to the finish, and it was a fight that will be seen for forgotten by the contestants. Of course there will be some political damage done, but it will be temporary, for the Democratic party will not suffer. Nothing can stop the earnest Democrats as a general thing.

A CASE in another column of the Louisville Commercial, which we copy in so as to indicate sentiment in the Judge of this county. This leaves Mr. Hughes the nominee of the party and of course, entitled to the support of all Democrats. We are sorry Mr. Hughes has seen proper to take this course, but he right to do so can not be denied, however impolitic it may seem. Independent candidates for office in democratic Commonwealth are apt to get Hughes' name in the hat of Democratic nominees.

THE minutes of the law boys hanged together to prevent the migratory organization of the Supreme Court, have passed. Gen. Wm. Lindsey, who was the soldier at Ogden to block the passage of the California senator, which the Southern Pacific railroad has dedicated there in defiance of law, order, and which the Union Pacific has refused to transport without full fare. The authorities at Washington are prepared to meet Crazy with the patent wagons if that spectacular crank ever gets that far.

HON. R. S. HART.

We announce, by authority, Hon. R. S. Hart, of Fleming County, as a candidate for Congress, subject to the action of the Democratic party. We have heretofore had some complimentary remarks in regard to Mr. Hart, and we deem it unnecessary to repeat them. Mr. Hart is not the boy to have any opposition in his own party, and if he should succeed in a new district, he will make us a fine and honorable Representative. We commend him to our people.

Card From R. Rafferty.

To the public:

I was a candidate in the late Democratic primary election for the nomination for the office of Jailor of Nicholas County. The success or non success of my friends and I, is a matter of little moment to me. The nomination was fairly secured, and when in before elections, I shall be found in the ranks of the party, ready to vote the ticket and work for success.

A number of gentlemen in the County Committee I am informed, would have preferred to see Mr. Wm. Hughes nominated for Jailor, but I am informed, neither Mr. Hughes nor myself, knew of the fact of such a preference. He ought to have done this in the primary election to be binding, and
