TO-DAY every American with a spark of chivalry in his soul will breathe easier as the noble whisper the pleasing news that the Queen of Holland is better.

WE are in receipt of a communication from Dr. TAYLOR, saying that he feels no sacrification at his defeat. He speaks in glowing terms of Mr. CRABBER. His communication was received too late for insertion in this issue.

WOLFF & CO., of Cincinnati and New York, has failed, with liabilities of over $400,000 The readers of the MERCURY will remember that was the firm with whom "Oliver Morton," the hero of the story of "Addie Harwood, or Love in a Street Car," was employed as book-keeper.

WE hear that Mr. CRABDER does not intend to accept the nomination as a candidate for the Legislature if it will compel him to resign his present office as Circuit Clerk. The law on the subject seems to be that he will be ineligible so long as he retains his present office, and if he accepts the nomination it will be necessary for him to resign before the day of election.

THE nomination of WAT. M. CRABBER by the Democracy of Nicholas and Robertson counties as their choice for the Legislature, seems to give general satisfaction, and to act as a soothing balm upon all who were wounded because their man was not nominated. The proceedings of the Convention, a special report of which we publish elsewhere, were very stormy. There was a notable absence of anything like organization or parliamentary rule. The Buffalo delegation displayed bad faith in disturbing the Convention because of the refusal to admit them. We shall work in future for a better organization of the party in this district, and shall expect the co-operation of all true Democrats.

There is a tendency to make this the national institution of its character; and as the years go by, and the sagacities of the great conflict gradually wear off, it is becoming so. One of the significant signs of the times is the scattering of flowers over the graves of the Confederate as well as the Federal soldiers at the North; and over yonder at the South. Another is an incident at Calvary Cemetery, where the Federal soldiers received a Palmetto tree from South Carolina Confederates, which they planted over the grave of a Confederate hero, and beautified the tree with a wreath interwoven with wreaths of Federal flowers.

The Confederate soldiers, Messrs. A. PEYTON and HENRY, were chosen speakers in recognition of the Federal dead—Brooklyn, the latter at the time will yet come to be one of the bravest soldiers that will become national with heroes—is left will be demagogue politicians of the war, and on those hold the rules of civilized

THE CONVENTION.

A Large Attendance, Great Confusion; and a Stormy but Harmonious Uproar.

W. M. CRABDER NOMINATED.

At an early hour on Saturday the delegates and others began to assemble at Blue Licks, and by 10 o'clock there were fully two thousand men in attendance. Nicholas and Robertson Counties were then well represented, and the candidates turned out nobly. Mr. Buckler, Dr. Taylor and Mr. Morris, from Robertson, were there; as were also a great many from Nicholas and Robertson who, for the good of the party, were willing to sacrifice their personal interests and take the nomination, if tendered.

Among the prominent Democrats present from the two counties were Gen. Lon. M. Campbell, through whose kindness we were conveyed to the Licks; Dr. T. C. Herndon, the jovial W. T. Buckler, Calvin Darnall, Lot Young, Judge Judge Mason, Lord Joseph and John Nuttall, Will Carpenter, Samuel Rogers and his gallant father, Lon. and Chas. Dallas, Charles Donnell, John A. Campbell, Judge Rogers, the Buckler brothers, Messrs. Asbury, Kenton, Ball, Zoller (of the Mt. Olivet Tribune) and many others whose names we can not recall.

Our host of the Licks was rather late in getting dinner, on account of a want of help, and the way it looked to the hungry Democrats at 1 o'clock was truly harrowing. All were well fed, however, and the delegates proceeded immediately after dinner to the Convention. It was in the Blue Lick warehouse of Gray & Co., where all were comfortable seated on Blue Lick lattice-mid kegs.

The Convention was called to order by L. M. Campbell, and the Nicholas delegates, whose seats were not contested, proceeded to business by electing Dr. T. C. Young Temporary Chairman.

A committee of three, consisting of Messrs. G. C. Smith, Steele Parks and Buster McCutchen, were appointed to ascertain which of the two delegations from Robertson was entitled to be seated. The Committee proceeded to Room No. 8 and called before them both delegations from Robertson. The stories that were told by these gentlemen were very interesting, and if the committee had any idea of how they ran things in Robertson previous to hearing the testimony, we are satisfied they knew nothing at all about it afterward.

After having interviewed all the statements from Robertson the committee reported as follows:

"We, the committee from the regular delegation of Nicholas County, do agree that the delegates appointed from Robertson by the district meetings are the legal delegates from said county."

Previous to reading the above, both delegations from Robertson were requested to retire. Here the Buckler delegation exhibited a proprietary air "kirk," and before retiring Messrs Ball and Kenton received a few remarks about credentials.

After the retirement of both the Robertson delegations considerable argument was indulged in by Messrs. Mann Smith and Carpenter over the report of the committee.

Colonel David Mann proposed that the Robertson delegation be allowed to hold district meetings or primary elections and decided the matter for themselves.

Mr. Geo. Smith thought the Convention, then organized, should proceed with its business. He said they were in a hurry to settle matters between themselves then as they would never be, and that he would be put off of the score would be the strife.

Mr. Carpenter wanted to know how about the credentials of the Robertson men, and said one set had credentials and the other had not.

Mr. Jas. McConnaughhay was for the good of the party in the Licks.

At this juncture of the proceedings a note, signed by N. C. Ball, James E. Bruce, T. C. Kenton, R. Kenton, James O. Stewart, and William Thomas, all delegates, was received, asking that the Convention be postponed till the second Monday in June, so that Robertson County could decide which of the delegates she preferred. The above was accompanied by the following from Mr. C. N. Buckler:

"I, as one of the candidates for the Legislature from Robertson County endorse the foregoing proposition, and agree to submit my claims to said primary election."

David Mann moved that the matter be referred back to Robertson, and that they proceed to nominate. Carried.

The doors were now thrown open and all admitted. Immediately upon entering, the Buckler men began pulling for Ball, and it was evident that they intended to break up the Convention. Cries from the Chairman for order were constantly drowned by the multitude of voices.

Mr. Ball mounted a keg and said:

We have come here by the wish of the Democracy of Robertson County. We have not been treated fairly. [A voice, "We have been

[illegible] We have come here in our respectable but they would not [illegible] Judge Mason, "Step up on that keg."

Judge Rogers—Let us have order. You have no right to act in this way. The delegates met that breaking the Robertson County Convention. Appeal to the delegates to do the same thing. [A voice, "Who sent you here; tell us."] Mr. Dunlevy [in a loud voice] Mr. Chairman, I am here. Ball never has been known in the Democratic circles until within the last few years. I want to tell you something about him. He is nothing but a [Cries of "Order!" "Put him out!" "Ball."] He is the man who during the draft was not breaking the I know him. And now he comes here as a [cheers].

Ball—I have been sent here by the Democracy of Robertson. [applause] by my County Committee. [A voice, "Who are they?"] I have been asked to be elected by my friends and I am the Democratic delegate from my county. I have a not a word to add in it." &c.]

Our reporter had enlisted the head of a barrel as a desk, and here came along a rural fatherdemon with a long whip, who, in his excitement, had the swept over gay ink-bottle. In the meantime the delegates had all silently folded their tents and skid and the thing broke up in a general row.

The delegates had adjourned to room No. 8 of the hotel, and adjourned no one but delegates, and the deliberations of the Convention were conducted without further trouble.

The delegates had adjourned to room No. 8 of the hotel, and adjourned no one but delegates, and the deliberations of the Convention were conducted without further trouble.

The delegates met in one of the same meeting delegates from Robertson, appointed a committee to wait upon the enter and say a few words, which being refused, he stated from the window that Mr. Buckler did not desire his name to go before the meeting.

Mess'rs. Chandler, Landrum and Carpenter were appointed a Committee to wait on Permanent Chairman.

Mr. Scobee was elected Permanent Chairman, and in taking the chair said he appreciated the honor, but felt embarrassed. He hoped they would have a more smooth time than would work in peace and harmony.

L. D. Asbury was chosen Secretary. After some confusion as to who the delegates regretting the turn affairs had taken, the nominations were then needed with. It was decided to vote by ballot and Messrs. Mann and Buckler were put in the hat.

E. A. Turner nominated William Morris. Mr. Morris declined, and Judge Rogers, but afterward withdrew his name. Mr. Morris was nominated by W. L. Chandler; Wat. M. Chandler was nominated by a Robertson delegate.

Messrs. Chandler and Smith were appointed Tellers previous to balloting, proceeded, with the following result:

Morris	1
Taylor	3
Chandler	5

The nomination of Mr. Chandler was made unanimous, and Mr. Asbury was appointed a committee to wait upon him of the same.

The following resolutions were offered and unanimously adopted:

"*Resolved*, By the Democracy of Nicholas and Robertson counties in this Convention assembled, that James W. Crabder is a worthy Democrat and we request the State Central Committee to place his name on the democratic candidate for said office at the ensuing August election.

"*Resolved*, That hereafter Robertson County shall have a right to a Representative in the Legislature only every other term, and that Nicholas shall, as we understood and practiced, have the same right to the property and the Robertson County Tribune is requested to publish the proceedings, the Convention adjourned.

Editors of the Mercury:

Gentlemen: In a letter, some three weeks since, signed "A Friend of Justice," requesting its publication, with which appended a request for the names of persons for you to surrender my name as proper candidate for the office of Jailer, a notice of my letter you informed me you would not publish it at that time, and had given my name in pursuance of said note, to T. M. Green, one of the assessors of said city, and extremely sensitive and reporting on points of honor, but in the absence of any subject calculated to involve one's manliness.
