The Latest.

In depositions given at Louisville and Frankfort Tuesday, Mrs. Beckham testified that her son, J. C. W. Beckham was born August 5th, 1869. Dr McCormick testified that he was with Senator Goebel from a few moments after he was shot until a few minutes before he died, and that his examination of the wound lead him to believe he was shot from the front.

Judge Cantrill says he administered the oath of office as Governor to Mr. Goebel, Feb. 2nd, at 3.30 p. m., or more than twenty-four hours before he died, and at the time Mr. Goebel was in possession of both his physical and mental powers.

Upon the filing of these depositions Judge Field handed down his final judgment sustaining the claims of the Democrats. The case will reach the Court of Appeals in about ten days.

Some Democrats are worried over the fact that Governor Bradley is against Mr Bryan in 1900 are not content of the Democratic party in Kentucky and are likely to send a sorely money delegation to Kansas city in 1900. The fear other creation is likely to be side tracked.

The Flemingsburg Times-Democrat has joined the ranks of self appointed censors and has decided to read the Maysville out of the Democratic party. The T. D. knows how it is to be certain, for it is not a half dozen years since it enjoyed the distinction of not being orthodox. However, the Maysville shall continue to believe and teach Democracy.

Two news comes from New York that ex-Senator D. B. Hill, ex-Congressman Cochran, and other gold Democratic leaders will go to Kansas city for Hon. W. J. Bryan for President. If the Democrats of other sections meet these "bolters" with anything like reasonable treatment there will be a good chance for Democratic victory this Fall, as the Republicans are not harmonious by any means.

Davis on Campbell.

T. A Davis of Maysville, who was an ex-Democrat and Republican, interviewed by Tom Campbell, says:

"Beaming it all up, Cincinnati paid four hot executives with Tom Campbell. More than 60 lines were lost between 10 o'clock Friday night and midnight on Sunday and more than 40 000 was required I to make the lost time and property to my nothing of the loss deals of thousands of dollars lost in other directions."

Mentioned For Congress.

State Senator J. M. Thomas, of this city, is receiving much favorable notice as a probable candidate for Congress from this district to succeed Hon. Pete Griffin, Democrat, who will make an active State Senator and a valuable Congressman. Comprehensive Bourbon News.

Speaker Trimble, of Frankfort, and Hon. John S. Allen, of Louisville, are also being mentioned as probable candidates. Congressman Grifin, it is said will not be a candidate unless the contention is deadlocked.

In Louisville.

In the United States Court at Louisville last week some very stiff sentences were told, not the least of which is the following taken from the Courier-Journal's telegraphic report. Page:

"Twenty County Court Clerk Andrew Blanks was the first witness called for the prosecution. He was followed on the stand by the members of the Republican precinct, Tandy ward. He also read from the registration book of the precinct, showing 180 voters registered, of which 114 were colored. The entire book was offered in evidence and was entered as read. It showed the following number of votes to be cast: Two republicans and 112 colored. It was also shown that out of the 112 votes registered at the precinct in 1896 only some 40 voted in the election of that year, the object being to show the number of months required under the law for the last election, one month for each 100 voters being required."

Sensational Development.

A dispatch to the Sunday's Enquirer from Hopkinsville says that Judge W. W. Golden, of the local company of State guards, and who was one of the mining Republicans, has allied himself with the advocates of the contest for the seat of Williams in which, and has been active in the contest, he has taken the new view so entirely at variance his course, Green Golden, also of the State guards, returned to Hopkinsville from Frankfort Saturday night, and gave it out that Williams Sergeant, had turned to the other side and that Curtis Powers had told him he keep Wharton from going to Frankfort. But Wharton had left before the news of his desertion.

It is a matter which the Republicans made the mistake of not doing a few days ago that one of the guards at Frankfort had offered to pay $1,500 if they would put the guard out of the way. He was frightened at the money. Wharton is said to have reported to have said that "Jim Johnson these boys would tell coffin nails where the trial came up.

Political Turncoat.

Green B. Golden seems to have turned his coat and turned it inside out and back turned. For instance, in a letter from Frankfort last week he says: "The Democratic Senate in this time was the action of the State Election Commissioners. One day their decided that John Henry Wilson had been elected Judge Gillis Circuit Court by seventy five votes not for him in Knox county is not another month they decided that had not voted, and the next day their decision reversed the election as far as it applied to Henry Wilson was invalid on account of the this ballots used."

Does he not know that the vote of Knox county was not thrown out?

Does he not know that the votes of Johnson, Magoffin and Martin counties and the City of Louisville were thrown out?

Is he surprised as well as grieved to see a man who has spent the greater part of his life as a salary clerker turn now and attempt to defeat the party which has favored him for above others of equal merit. Our personal friendship for him has led us heretofore to overlook many things in the Marcum which needed calling down, but there is a limit to our friendship and a limit of the fact of current political history is not to be permitted without a protest from us—Flemingsburg Times-Democrat.

NOTE—The trouble is the Commissioners changed their minds between the times we wrote and the time our letter was published. They had Knox marked for Wilson, and Wilson marked for Knox, they did not mind it. Dear Golden, dont let your friendship for Marcum blind you to the fact that our waywardness. This is a time when Democrats need all and manner of political throwy needs exposure, and we need no delayed in the fight, we cannot you may not be deterred from exposing your friends, we know that quick because we do not agree with them politically, we know that you are not a Democrat.—The Mercury.

Not After Political Honors

Tells the Reason of the Course Governor Bradley Has Taken Against Bryan.

Frankfort Special to the Courier-Journal. I do not, want the place Senator Blackburn vacates, I do not want to be head by gubernatorial aspirations. Let each vote be for the disinterested man and order, what is done, should be in such manner as to reflect honor upon the participants and not dishonor. Weigh well all your personal actions. Make certain that your motives are pure and that you are not prejudiced. Do not allow yourself to be governed by selfish motives, but let from your mouths proceed, that Kentucky is once more stand proudly in the policy of other States, and no longer bow her head at the mention of the disgraceful of her sons.

Times was a meeting of Lancaster Friday to arrange for a fund to defray the expenses of defending Powers, Davis and others arrested for the Goebel murder. There was one subscription of $100, one of $50, and others of smaller amounts. The fund will be used to pay the expenses of the defendants. The members of the committee are not made public. The committee is composed of Col. Dudley Leonard, John M. Ward, Andrew Lewis, W. S. Bickett and R. W. Stout.

Mrs Mary Eliza Thomas, mother of the Rev. Smith Trimble, President of the House of Representatives, died at her home in Franklin county last Thursday night.

Kentucky's Misfortune.

The Courier-Journal of last Saturday says: In the Federal Court yesterday C. F. Lackey, of Middlesboro, was sentenced to seven months' imprisonment and a fine of $1,000. Lackey was convicted of betting negro voters on election day. Elizabethtown, of Nelson county, was fined guilty of intimidation of voters at the election last November. The jury in the case of Bob Lock, F. W. Crites, J. J. O'Neil and R. H. Mallon has not yet agreed on a verdict.

Two celebrated betting rooms Monday, one in New York Saturday, were closed by police. We made her great record of 1896, in 1897.

Hardy Tarrot, of Paducah, and Simon Cook, of Shelbyville, were found one afternoon recently in an Assistant Secretary of Treasury and Chief Clerkship respectively. The appointments were made by President J. H. Hill. Each position pays $1,800 a year. The third place in this department will it and go to Mr. W. M. Lyons of Jessamine county.

Remarkable Lunatic.

Frankfort Special to the Courier-Journal. Lexington, Ky., March 26.—A most remarkable lunatic trial has been opened in the Fayette Circuit Court, which promises resulted in a verdict ordering the confinement of this place, necessary, and is the famous Kentucky Lunatic.

Dr. Dudley Wallace, of Lexington, who thought he could be a lunatic, and who has so declared on numerous occasions, is the man who is the cause of the trouble. He is noted on conducting his business in a most exacting and methodical manner. Judge Parker has appointed Nat Hobbs to defend the interests of the lunatic, and Commonwealth's Attorney Lucas and Colonel Bullock have been retained to prosecute him. Hobbs seems to be a good lawyer, because Kentucky generally is good his assistant.

Judge Parker has summoned William Harris to attend on the defense, but Hobbs could not have him. Harris is a large client, by which he means a good investment of business.

Rather over John Young Brown has been summoned by the same to defend the time charged with employment in the case.

The Commonwealth's grand jury returned indictments against Mingo Kendall and Ed Hamilton, for the murder of Jack Hamilton, the latter's brother, committed in Southern county near Jackson, last November. Both are in jail.

W. C. Wood bought a few hundred pounds of tobacco at the auct trial on his crops. The next year he sold tobacco at 10 cents, 12 cents, 15 cents, a practical self made man can see values of tobacco at 10 cents and 15 cents, and why can't you try a few dollars on your farm? Tobacco is a good crop, if you are doing you job, pick up $10 to $20 have the best Fertilizer, which is the best in the world. Come and get it, and see. E. C. Ewing Bardstown Ky.

The State Creek Iron Company, the corporation which has been in existence now Owingsville for several years, has been dissolved, and the property is to be sold at public sale. The new company of this place, is now making an immense interest in that portion of the county.
