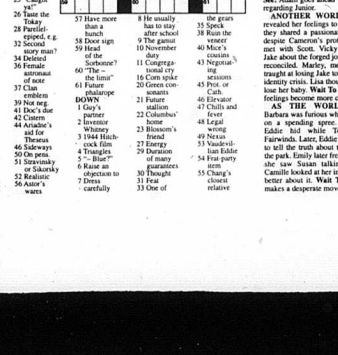
BUTCH AND DOUGIE by ALEX HOWELL



Your Horoscope by Natasha

ARIES (March 21 to April 19) Beware of what you say this week. People rely on your honesty, but you could make promises that you cannot keep. If you maintain a low profile socially this weekend, all will turn out great.

TAURUS (April 20 to May 20) Don't procrastinate — tend to those chores that are left undone around the home. You'll feel so much better once you have completed everything. By the weekend, you'll be able to relax and enjoy some outdoor activities.

GEMINI (May 21 to June 20) A deal is a deal, and you're quick to recognize it. The latter part of the week is best spent with friends and family. You learn some valuable lessons from them.

CANCER (June 21 to July 22) It isn't the best week for a sit-down chat with a partner — which could lead to a number of misunderstandings. Wait until this person is more receptive. Finances are the major problem here.

LEO (July 23 to August 22) While you feel independent, you are seriously considering a lifelong commitment — either professional or personal in nature. Weigh this important decision carefully. The rest of your life depends on this.

VIRGO (August 23 to September 22) Cantankerous relatives are the bane of your week. Instead of being trapped by bickering and complaining, go about your business. It's best to bite your tongue and swallow your pride.

LIBRA (September 23 to October 22) Avoid signing on the dotted line. Contractual agreements are not favored. Be aware of those who would take advantage of a weak moment you could be having. Trust your instincts.

SCORPIO (October 23 to November 21) Don't be overly secretive. Confiding in a close pal could be the answer to your pitting problems, so don't be shy. An intriguing financial deal is possible this weekend.

SAGITTARIUS (November 22 to December 21) Money could be the subject of a debate with a loved one. However, you seem to know just how to handle the problem. The weekend is calm, and togetherness is accented.

CAPRICORN (December 22 to January 19 Don't allow minor annoyances to get your week off to a bad start. Avoid squabbles with loved ones who are having personal problems. Children are relying on your strength.

AQUARIUS (January 20 to February 18) You and a partner share important responsibilities equally. While you disagree from the get-go, it all falls into place as the week progresses. This weekend is a good time to just relax.

PISCES (February 19 to March 20) While you could be in an indecisive mood on the job, it doesn't hamper harmony on the home front later on. A quiet weekend with a partner or family member brings a surprise.

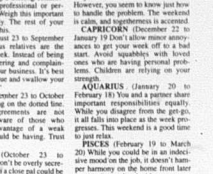
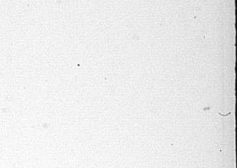
THE HAPPY KING! Find the first line of a famous nursery rhyme by reading every other letter as you go around the frame clockwise.



MEMORY MAGIC! Hand the card at left to a friend and state that you have memorized all of the numbers on it. To prove it, when he gives you a circled number, you tell him what the seven-digit number to the right of it is.

SECRET: Mentally, take the number your friend gives you, add 11 to it and reverse it. This gives you the first two digits of the number you've "memorized." Then you add these two digits together to get the next digit. For each number, add the previous two digits. When this sum is two digits long, use only the second digit. Example: 23 + 11 = 34. Reversed gives you 43, the first two digits of number. Next, 4 + 3 gives you 7, the next number. Seven plus three is 10, and so on.



Illustrated by David Coulson

MONEY MATTERS! Which would you rather have, an old one-hundred-dollar bill or a new one?

(answer to job interest calculation: new one, it will have earned interest so it's worth more)

THE SPIRIT OF 76! When you finish this magic square, each row, column and diagonal will add up to 76. Fill in the empty squares with the numbers 11,+12, 13, 14, 15, 16, 17 and 18. Trial and error is the best way to solve it.

21	26		
25			22
	28	19	
20			27

(21 + 26 = 47; 25 + 22 = 47; 28 + 19 = 47; 20 + 27 = 47; 21 + 25 + 20 = 66; 26 + 28 + 20 = 74; 22 + 19 + 27 = 68; 21 + 26 + 28 = 75; 25 + 22 + 20 = 67; 21 + 22 + 27 = 70; 26 + 19 + 20 = 65; 21 + 19 + 20 = 60; 26 + 22 + 27 = 75; 21 + 22 + 20 = 63; 26 + 19 + 27 = 72; 21 + 26 + 27 = 74; 25 + 28 + 20 = 73; 21 + 26 + 20 = 67; 25 + 28 + 27 = 80; 21 + 26 + 27 = 74)
