Democratic Ticket

For Judge of Court of Appeals
John M. Lassing, of Boone County
For Congress
Wm. J. Fields, of Carter County

Proceedings of the Nicholas County School Institute will be published next week.

Some men and some things may "come back," but its a sure thing that macadamized roads will not get into shape of their own volition.

If the Pure food cranks don't quit there won't be a thing on earth fit to eat. As it is we are almost afraid to eat for fear we may get something that is not good for us.

Mott Ayers has been appointed state agent to get convicts employment after their discharge. If Mott succeeds as well in getting the other fellow a job as he does one for himself there won't be many idle convicts in Kentucky.

Ladies, Look Out!

Mrs. Clifton Boyd and three daughters, of near Nicholasville, raised Mr. Reed's tobacco crop by donning old dresses and cleaning the weeds out of seven acres. He had been unable to hire hands and told his wife he would have to abandon the crop.

We warn the ladies to keep a lookout for tricks. Don't let a lazy husband catch you in any such way.

Hon. Jas. B. McGregy is a candidate for Governor, not at his own volition, or because he desires the place, but because some disappointed politicians want to use him to defeat some other candidate. When Gov. McCreary was entitled to endorsement as U. S. Senator, these fellows not only did their best to defeat him but went so far as to cheat him out of the nomination after he had won it.

As Dumb as Oysters.

Its real amusing and often disgusting to read the bitter editorials in some of our Kentucky Democratic exchanges projecting over the downfall of the Tennessee Democrats, and the disturbed condition of the Republicans in the western states, and at the same time remaining as dumb as oysters, when the Kentucky machine does its dirty work. It is most commendable in Republicans to "insurge" but it is worse than treason for a democrat not to swallow the ticket, yaller dog and all. It's our candid judgment that when a man says he never looked that he repudiates his unfitness for citizenship.

Of the 126 democratic papers in Kentucky nearly eighty or them have openly declared for Hon. James B. McCreary for governor. They realize that he can easily carry the banner of the party to victory.—Midway Clipper.

We sure don't wish to undertake estimate the power of the press, but "lest we forget" it is well to recall the late primary in the 7th Congressional district. It strikes us the "pipe" told us something about things in that contest.

It is really amusing to see how many people live at the Hotel Henry Clay. "Capt. Mulligan and his dogs" of Lexington, are called out every day almost, but they never catch anything but the suckers who send for them.

If one believes the numerous stories of chaos found upon which to range of "Daniel Boone, 1784" is cut, he would come to the conclusion that your Uncle Dan was a great engineer. When he wasn't cutting his name on stone he was working at the word engraving business, according to the same reports.

Tobacco Meeting Monday

The attendance at the meeting of tobacco raisers at the Court House Monday was fair, but nothing like what it should have been. The meeting was called to order by Henry Myers, Chairman of the Board of Control, and a statement of the object was made by him. Hon. C. S. Templeman, Judge Holmes and G. E. Keller made short talks, but the principal speech was made by Hon. W. O. Blackerby, of Bracken county. At the close of the speaking several hundred acres were pooled and the work given a good start.

Hon. Jas. B. McCreary Announces for Governor

"To the Democrats of Kentucky: I have received so many letters requesting me to announce that I am r candidate for Governor, and so many Democrats have in person said to me that if I am nominated I will have the unanimous support of the Democrats of Kentucky, and such a large number of newspapers have published editorials suggesting and endorsing me as a proper candidate for Governor that I have decided to announce that I am a candidate for Governor subject to the action of the Democratic party.

"I believe the party which has honored me so often, and to which I have belonged all my life, and whose principles I have ever advocated and upheld is entitled to my best service whenever needed or demanded.

I have always been in favor of straight, pure Democracy, law and order, honesty and economy in public administration and educational advancement, and my record and my efforts to serve the people faithfully and efficiently, I hope and believe, are well known to the people of Kentucky.

"At the proper time I shall be pleased to make speeches in behalf of Democratic principles and Democratic government and Democratic victory in every part of the State and in every county, if desired, and I will be very grateful for the support of my brother Democrats.

"JAMES B. McCREARY.

Maysville Tobacco Business.

The Maysville Loose Leaf Tobacco Market is to be congratulated on the satisfaction to the market of another large independent re-drying plant. Messrs J. B. Heinz & Co. having purchased a portion of the lot of Howard's Coal Co., 130x265 ft., facing Union Street and paralleling the C. & O. R. R., and they will break ground at once for a building 100x265 ft.

This new plant, with that established last year by the J. P. Taylor Co., and the large Sales Warehouse of the Maysville Loose Leaf Tobacco Warehouse Co., and the Remonds Sale Warehouse of the Tuckahoe Warehouse Co., together with the plant of the American Tobacco Co., places the Maysville Loose Leaf Tobacco Market, with its equipment mentioned, in absolutely the first place among Loose Leaf Markets.

This will be appreciated by the citizens of Maysville, but especially so by the farmers in all this surrounding territory, as it gives farmers an opportunity to take advantage of this market in a quick, intelligent and profitable manner in disposing of their tobacco crops, as a whole, in part, or in as small parcels as they wish, as the experience of all those who said their tobacco in the Loose Sale last year will testify.

The Maysville Loose Leaf Market sold last year 6,500,000 lbs., which averaged $14.01, and this the first year of their business, which was a new and untried experience to farmers of this section, but which method has proven satisfactory for years in other eastern markets, and also satisfactory in other Loose Leaf Markets of our own State; and why should itnot? Sales are held daily, enabling farmers to hang in their tobacco, sell it, collect their money without delay, and return home the same day.

The cost is extremely light, as there is no charge for warehouse, or pooling, no insurance, no loss in weight, and very nominal fees; and with the competition of a large, intelligent attention, and the equal of any market in regards prices, (which will speak for itself, if for by all those selling here last year on the Loose Leaf Market) the Maysville Loose Leaf Market can confidently expect to double their business of last year several times.

The Maysville Loose Leaf Tobacco Market is to be congratulated upon the success of last year's business, and the farmers are to be congratulated upon the establishment of the Loose Leaf system at this point, and that they have the opportunity of availing themselves of this method for the proper, fair and quick disposal of their tobaccos.

School Notes

School elections were held in the following school districts last Saturday and the following trustees were elected:

Educational Division A—Headquarters, Mt. Hermon, Malcolm Giffin; colored, John Derrickson; Stoner, E. E. Wagoner; Crayton, Everett Thomas; Sugar Creek, James Anderson.

Division B—Banta, E. B. Spurlock; Blue Lick, Chas. Kenton; Ruddles Mills, J. B. Hamilton; and Valley, E. T. Flora.

Division C—Grand Grove, J. M. McCloy; East Union, Jno. Fields; Morefield colored school, Jas. Dunn.

Division D—Miranda, Frank Taylor; Flatrock Creek, H. Sparks; Parks, Jas. Ockerman.

The opening of school at Myers will be postponed because of cases of typhoid fever. All of the rest of the schools in the county except Banta are in progress now. Only about one-third of the children are in school. Education in the only thing that you can give your children that cannot be taken away from them.

On account of a severe threat trouble our County Supt., Miss Lida E. Gardner, had to postpone visiting schools this week, but will be out again as soon as she is able.

By the time this paper is published the patent deeds will have been placed in all of the school houses that had the old-fashioned double plank desks. It has been a busy time with farmers, but the trustees were not too busy to attend to their duties as trustees. We are proud of our trustees. We had a good body of trustees last year, many of them were re-elected, and those who did not care to be reelected, helped to get in good men in their places.

PARKS HILL ASSEMBLY IN FULL BLAST.

Last Thursday, August 4th, Parks Hill Assembly opened its 20th year under "dark blue" prospects, but each day and night has added to the name of the meeting and while there has been larger attendance in former years, there has never been a better or happier "lot" of campers on old "Parks Hill." Every day adds new campers, and new life to our little colony.

The dining room opened Thursday, August 4th under the most favorable weather conditions, and with several campers already on the grounds, which was added to very much by the arrival of every train besides those who came in wagons from nearby points.

Our first entertainment and treat was in the evening by our Platform Manager, Rev. Philip Fall Kyle, who is too well known to our local people to need an introduction, but suffice to say, his remarks were beyond our fondest hopes and expectations. It is earnestly hoped that he will favor us and those who failed to hear him on this occasion, with the same sermon.

The Fisher Shipp Concert Company, while an hour or so late, on account of railroad delays, were more than fine in the opening exercises and from that time on were "there with the goods." Every member of the company is an artist in his or her line which are several—and they know how to "hold their lines."

Now speaking of meeting pictures, well, the Septhens Picture Entertainment is "It" The best of pictures and plenty of them.

Dr Byron W. King, of King's School of Oratory, Pittsburg, Pa., was among the early entertainers, lecturers and "then some," delighted those who came for good fortune to hear him. It is said that "Every expression of his face is humorous or filled with pathos." well, you ought to see his face. We would rather fill it with pathos than "feed." If you can find a better lecturer, well, we are from Kentucky, but we have kinfolks in Missouri.

Miss Florence J. Hale, the little folks friend, is with us and making the hearts of the "youngsters" happy with her entertainments and rambles over the hills and dales. Miss Hale is making friends, not only with the little folks, but the older ones as well.

NOTES

The grounds never never in better condition than they were this year and the management has left nothing undone that could add to the comfort and pleasure of the campers.

Mr. H. B. Bryson, our manager, is at all times ready and willing to do and help to the entertainment of the people who attend this assembly.

Dr. J. Banta Glenn, the efficient Secretary and Treasurer, is always anxious to count the money and, if necessary, "pull a tooth."

"Uncle Woody" and "Aunt Riley" Darnall have charge of the dining room, and, like a mother to her children, they look after the comfort of the food, from the looks of the tables after leaving the kitchen, to the last bone or chicken neck and every body is happy for the dinning hall.

Robt. Scott has charge of the ticket office and will hand you a meal ticket with a smile, if you pay in advance.

Jas. Tilton, as usual, has charge of the ice cream parlor, and is ready to give you the "icy hand" as will "freeze you with a smile."

Edgar Gaunce, who has had charge of the booth for several years, is "there with the goods," and is anxious to dispose of them. Mr. Gaunce is the right man in the right place.

Geo. M. Huff is at his old stand and always has a good body of fun and tricks in his sleeve—if you haven't a ticket—for that's what he is there for. George makes a good sign for a dining hall.

Mr. M. A. Glenn, Jos. Laughlin and "Uncle" Tom McCann have charge of the ticket office and gates.

Wm. Baker, the man of "all work" is filling the place most acceptably, but how much we miss our old friend "Jimmy" Laughlin, we find it impossible to express.

Robt. Mastin has charge of the refreshment stand of lemonade and from trains and is making quite a number of customers.

Sheriff Jas. Mitchell is with us this year and with the assistance of Officer Chas. Gardner's rig, is doing duty as special policemen, and we believe it very quiet in the territory surrounding the grounds.

Henry Keller is in charge of the baggage room this year and will be glad to take care of your luggage at any and all times. He is also agent for the Lexington Hotel.

Let every body come and spend the last few days at old Parks Hill and enjoy the treats in store for them.

The Picnic given by St. John's church at Lambert's Park last Thursday was a success in all social success. The game of ball between the Flemingsburg and Carlisle nines resulted in favor of Flemingsburg by a score of four to two.

The Mt. Olivet Prohibitionists are assured that money is selling at from 8 to 12 cents per pound in Robertson. Better bring your "bee" over here where 15 cents is the ruling price. W. S. Fedrick, our "Revenue," has contracted to deliver three thousand pounds at 15 cents.

The drifter of the Electric Light plant struck a strong vein of salt sulphur water at a depth of seven hundred feet and has moved its operations. There is nothing in the many sensational reports about gas, oil and black lick water being struck. It is true a few small pockets of gas were struck, and a very light showing of oil and also some sulphur water.

Dickerson Bros. offer bargains in Woolford's Sanitary Lotion. Never fails. Sold by Turentine & Son, Druggists.

Seven Generations

W. H. Howe, of Moorefield, says he is sixty-eight years old and has seen seven generations of his family; viz; His great grand mother Letton, grandmother Hill, W. Howe, nephew Dunlap Howe, great nephew Julian Howe, great great nephew Julian Howe, Jr.

Now if another man or woman of Nicholas county, not any older than he, can say the same, let us hear from you through the MERCURY.
