50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Caroline Ward, of Rushville, Neb., "and am feeling super cent better than when I began taking it.

"Before taking Cardui, I had suffered with female weakness, and had constant severe backache was irregular, I also suffered with severe pains, every month. Now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, its peculiar medicine and tonic, over any other medicine.

For over 50 years Cardui has been the favorite women's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.

Easily Right.

Judge Lurton, who is serving a fourteen years' sentence for stealing $40,000 from the State, will in a few days, make formal application for a pardon. It is believed he will be made to serve out. He is guilty of more than a year or two. Governor Patterson cannot release him. It is the fact that many believe they can, through influence of friends, have a pardon granted, that leads many to violate the law. Make Grafting a crime and stopped.

"I tell the Lord I will let us not be at least Jim's fault this bad it." — Rev. Alexander Fatt, of Jeffersonville, Ind., was told that his wife was shot and killed by a stray bullet while she was asleep. Jim, a great deaf-mute, was the boy who shot the bullet. But Jim offered to be good if the Lord would let you know, and sincerely promised to be good. Jim was drunk a little at times. He had a fight with his father, and the Lord took Jim's offer of bringing him to Jesus. I hope it will be a good to Jim.

Scientific tillage, November 1, Experiment Station, Lexington, Ky., over 60 bushels of wheat per acre, for the past four years. Average yield for the same method, averaging 46 bushels per acre, and made $14,000 clear profit in one year. The other crop yields are equally as good and without irrigation. This irrigated land has sold as high as $3,000 per acre.

It is not often that a prayer is made the grounds of a liable suit, but occasionally there is something new under the sun. A preacher at Nesga, Ill., prayed that a certain member of his congregation "should be made a better man, to pay his debts and stop lack-lating." The offended member demanded that the preacher tell the Lord that he had wronged him, and on a refusal to do so, brought a suit for $5,000 against him.

Eggs are 3 1-2 lower than they were the same time last year, and most of the 20c per bushel less.

W. C. T. U. Notes

Facts For the Fight.

Every temperance worker should know that Alabama is still a prohibition state even if the newspapers did report that the "wets" won a victory at the recent election.

A statutory prohibitory law was passed by the Alabama legislature in 1907. It did not prove strong enough for success. The prohibitionists of Governor Comer called a special session of the legislature for July, 1909, and amended it, so in many respects it is "the most stringent and far-reaching liquor law ever enacted." At this session a prohibitory amendment was also submitted to the people, it was voted on November 28th and did not carry. Alabama still has its splendid statutory law, and officials who stand for its enforcement.

Let Liquor Alone and Liquor Will Let You Alone

Again we learn the falsity of this affirmation as there rang out on the evening air, "Hurrah for Personal Liberty," shouted in the shambling tones of a drunken man as he, brandishing an automatic revolver on the "Royal Blue Flyer" B. & O. railroad. The police who attempt to arrest him were kept at bay until they called the fire department to their aid; they found that the position three inch hose on hand and charged with 300 pounds of water, let all the time shooting at the engineer and hitting in standards, it was found that he had a hundred bullet holes in his body, and was shot in twenty different directions. He had killed three men, seriously wounded a detective, another slightly injured, and had run on a train, with all its conveniences for filling with water. Of course, whisky did it and people will go on selling it.

You let liquor alone and liquor will let you alone. Which? Next time it may be you or your wife or daughter.—White Ribbon.

Hay Fever and Asthma

Hay fever relief at last, money to many sufferers, a physician's long search, cause and comfort to the suffering man. It relieves the congestion in the head and throat and allows quiet breathing and sound sleep. Hay fever, Hay-Hay and Hay-Hay fever, Hay-Hay and Hay-Hay fever, Hay-Hay and Hay-
