THURSDAY, NOV. 11, 1909.

Senator A. S. Clay, of Georgia died Sunday, aged 52 years. He had represented Georgia in the U. S. Senate fourteen years.

M. C. Rankin, who "announced for Congress, will continue to write his initials in front of his family name. Its James Cannon ben Cantrill, M. C., as everybody expected.

The Next Democratic Candidate.

The Democrats are hotly at themselves about who they will nominate for President next time. It might be well to wait and see if we will mention a candidate.

At Wheeling, W. Va., one foot ball player deliberately kill ed another in a game, and yet the people never say a word about brutality until they begin to talk about a prize-fight, and between the modern foot ball and prize fighting the latter is all with the latter.

There are three freaked statesmen now on the evening board. Taft, Roosevelt and Bryan. Taft and Roosevelt's states went Democratic, and Bryan's were Republican chiefly because he Mr. B., openly refused to support the Democratic nominee for Governor.

Candidates for Governor had a variety of success in the late election. Addam's county did very well for an off year. McCreary's county went 1,700 Republican. Head's county went largely Democratic while Ben Johnson carried his home county by 1,600, the largest Democratic majority ever given by Nelson County. Beside that Johnson carried every county in his district, none of them is notoriously reliably Republican.

We call especial attention to the real estate firm of L. T. Ewan & Co., of Maysville. They are in business doing a big business in their line, and have for sale some of the most attractive farm lands in Kentucky, Ohio and other States. If you are thinking of buying you might do well to address them.

COUNTY SCHOOL NEWS

Prof. Geo. W. Chapman, Supt. of Paris City Schools was next introduced. As the age of the speaker would not use the subject which he was to have spoken on. But he spoke for a few minutes very earnestly upon the duty of the people toward education. Mr. Chapman is one of the best school men in the State, and we hope to hear from him here when he will have time to address the people.

Prof. E. E. Chase, Editor of Southern School Journal of Lexington, was the next speaker. His time, too, was limited, yet he made quite a good deal in a very few minutes. Mr. Chase is not a stranger to educators of the State. He is one of the progressive factors in the great educational advancement.

Prof. Fisher, Pres. of Millersburg Female College, was introduced and made some very pleasing statements regarding the high and educational interest. Dr. Fisher is too well known and loved here in Carlisle to need any commendation. He is a good neighbor and a great, good man in the right place.

The Institute was called to order by Dr. M. Scudder by pronounce the benediction. But characteristic of his nature he had hardly spoken a few words of manifestation of interest in education by such an immense crowd of people, and the feast of good things given from the speakers stand, that he felt moved to the exercise of it at all and proposed that every man, woman and child in the audience give a salute to the County Superintendent for the progress she is making in Nicholas county. Such a scene! It looked like one great white flag.

Dr. Scudder is one of the few people which time does not age. He is active in body and mind as though he were twenty years younger. He entertained the audience with a few minutes talk and ten. A true man of God and one who is ever ready to assist in any educational enterprise.

Mrs. Nannie G. Faulconer, Supt. of Nicholas county schools, her entire time and telephoned Miss Gardner that she would be down on the 12:25 train in time to perform her duty. But at eleven o'clock Miss Gardner received a telegram stating that through an unavoidable delay of the street car she missed her train again. We regretted it very much because we know that our people missed a treat.

Miss Mary Frances Fisher was certainly faithful at the piano. We regretted that the lack of time prevented us from hearing her splendid instrumental solo.

Mr. Geo. Hoff was very kind to place one of his beautiful pianos in the court house for the occasion. We hope that our schools will consult Mr. Hoff before buying their organs.

Mr. Hoffman's choice was very kind to place his beautiful chairs, tables and other furniture for the occasion. We hope that our schools will consult Mr. Hoffman before buying their organs.

Dr. Dickerson represented at the Educational Institute last Saturday.

A College Town.

Millersburg is one of the best college towns in the state. Every student is chaperoned by instruments of a high moral character. The town for that reason is one of the most desirable resident locations in the state. For miles around the country is unsurpassed for the fertility of its soil, the culture and intelligence of its people and natural advantages for agricultural and live stock pursuits. Home sites in Millersburg heretofore have been scarce but the sale of lots conducted by the Henry Realty Company of Paris which will take place today (Thursday) will give everybody a chance to pursue a nice home site or investment that in a few years will double in value.
