THE LATEST TOBACCO NEWS!

At a meeting of the Burley Tobacco at Lexington Wednesday, President LeBus was re-elected. J. M. Rankin, who has been Assistant Secretary since the organization, was elected Secretary, defeating his former chief, G. A. Brooks. The executive Board is about the same as last year. There will be no change in the conduct of the affairs of the Society. The sale of the 1909 crop begins today, but is not likely to amount to much. The pool of 1910 seems to be in a dangerous condition. In Nicholas Co. city W. J. Kennedy, S. K. Veach and Mayer John H. Frey have been chosen to take charge of the pledges in the meeting to decide whether the pool shall be declared a go.

At Thursday's sale about 1,200 hogsheads sold at from 9 to 10c, American Tobacco Co. not bidding. Sale to be continued Friday.

On account of the crowded condition of our columns we are unable to publish this week a list of people killed the past ten days by automobile accidents.

The election in New York in November is to decide which is the larger boss—Roosevelt or Murphy.

Doan's Almanac, which has just been issued, gives the population of Carlisle at 3,000. Taking the suburban residents this is about right.

The Republicans of the Second Magisterial District in Harrison County (Goose Creek and Licking Precincts) met at Pleasant Valley last Saturday and unanimously nominated the present Magistrate, Mr. Henry L. Flora, for election this Fall. As both precincts seem now to be safely Republican, Justice Flora's nomination is practically equivalent to election.

The Democratic Campaign.

Nothing has been done in this county as to organization for the Congressional race. We have heard it said that Sheriff Mitchell had been appointed Chairman of the Campaign Committee, but Mr. Mitchell says he has received no written notice, and does not know what to do. The County Committee is to meet Monday but the State Committee has taken all power from them and it is doubtful if they are expected to do anything. It would be a real shame if the splendid Democratic prospect in this district should be neglected and lost by failure to get out our vote. The MERCURY stands ready to follow whoever may be chosen to lead.

Night Riders Ride Again

On Friday night last ten or twelve men appeared at the home of Arno Wiggings, at Forest Retreat, and after attacking his attention informed him that unless he pooled his tobacco by ten o'clock Saturday his crop would be burned and his stock poisoned. After leaving Mr Wiggins' home the raiders visited the tenant on Mr. Berry Roundtree's place. Mr. Caswell, another neighbor, and notified them that they must pool also. Before going to the Wiggins home the raiders cut the telephone wires. Mr. Wiggins came to town Saturday morning and told of the visit, but he did not pool his tobacco, and it is safe to say he will not do so now.

Upon reassembling of Circuit Court Monday morning Judge Fryer entered an order reassembling the grand jury Wednesday, and on that day he delivered one of the most earnest instructions we ever heard given a jury. After a preliminary statement he read his instructions, and they were drastic and to the point. He laid great stress upon the outrage committed against law and decent citizenship and declared that those engaged in this last night riding must be caught and punished. He also instructed the jury that it was their duty to investigate the killing of Hiram Hodges, and stated those who were engaged in that affair should yet be brought to justice. The jury immediately began work but have not yet made any report to the Court, and of course we know nothing of their success in finding who the guilty parties were.

$400 Piano Given Away

THE CARLISLE MERCURY INAUGURATES A GREAT POPULARITY CONTEST

Opportunity For Girls

AND YOUNG WOMEN TO RECEIVE VALUABLE PRIZES AND ONE FINE $400 PIANO FREE

In our next issue we will give full particulars of the greatest popularity contest ever inaugurated by any weekly paper in this section of the country.

In this contest a magnificent $400 piano will be given away, absolutely free of cost to the most popular young lady or girl in this county. During this contest many other valuable prizes will be given away from week to week, as will be seen by a careful reading of our big advertisements.

The object of this contest is to introduce the MERCURY into every home within a radius of ten miles if possible. We have at present a positive list of subscribers but we want more—we are never satisfied—and have decided to make this unprecedented offer in order to get them. We believe we are issuing a paper worthy the patronage of our people and will be satisfied with nothing less than 1,000 new subscribers.

This great piano will be given away absolutely free of cost, as will be seen by our announcements. All the girls and young ladies have to do is to get subscriptions to the MERCURY. Every time you get a new subscriber for one year you will get 500 votes, and when you get a renewal subscriber to pay an additional year in advance you will be credited with 400 votes. Parties who pay their own subscription in person or by mail can vote for whomsoever they please and the young lady who has the most votes during the contest will receive the piano. It is guaranteed to be a regular $400 instrument and will be on exhibition here where it can be seen and examined by interested in this contest.

Any one can get out on the nominating blanks in our big advertisement and write the name of their favorite girl thereon and bring or send it to us with the name in this office. By so doing you will not only help your favorite but help some deserving young lady to win a fine piano.

We hope to see everybody in this county interested in this big contest. It means much to us—it means more to some deserving young lady. Look for our notices and advertisements every week and call on us for information in regard to anything you do not understand. If there is some girl you want to put in nomination and you happen to be in town drop into the editor on the street you can tell him in person the name you want to put in nomination and he will give you a blank. We will thank you for any help of this kind. As we have said, we are going to give this piano away absolutely free of cost, and we will give prizes away as prizes but the people must do the right place. The house needs painting inside and out, and will get it next year. Miss Laura is doing most excellent work and the patrons are delighted with their school.

The Blue Lick school was the next one visited. Here was a large attendance. Only 5c in the district and 42 enrolled. Miss Nancy Emmons, teacher. She is doing good teaching. Her school is well graded, with not a single cross grade. The house was neat and clean, the floor oiled, pictures and school work neat as a pin. Mr. Chas. Kenton is trustee, he having been elected in August, but we are sure he will make a good man for the place.

On our way to the spelling match at Cassidy last week we visited Myers school, for the second time. Myers has the largest enrollment in the county—52 pupils enrolled. They have, what we wished every school in the county had, "Old Glory" floating from a flag pole on top of the school house. It seems fitting that they live in a land of freedom where they can enjoy the great privilege of free schools.

Saddle Horse Sale

It will be of interest to saddle horse breeders to know that Mr. Jas. Bell of oral, to tour that Mr. C. R. Scott of Shelbyville, Ky., will dispose of his entire herd of saddle breed horses at public outcry, on Wednesday Oct. 12 on the farm near Bourbon Station.

There is perhaps not a better collection of saddle bred stuff in the land than is to be found on this farm. It has been the policy of its owner for it has been a pleasure to any animal that he thought was for the betterment of his herd, and he has accomplished some flattering offers for many of the animals that go in this sale. It is not done that the public has an opportunity to place its own estimate on a herd like this.

There is not a stallion in the catalogue that is not worthy, both by breeding and individuality, of heading the most practicable stock farm in the country. There are several noted broad mares, and the filles should have an inestimable value after their use for private pleasure or show ring horses are over. Send for catalogue and arrange to attend this sale.
