FOR CONGRESS.

FOR JAILER OF ROBERTSON CO.

The Election Next Monday—A Word to Democrats.

We are now on the eve of an important election. It is of the first moment that we elect responsible men and good Democrats to fill our county offices. At a primary election held on the 18th of March the gentlemen composing the ticket which heads our columns were duly declared the nominees...

An Election Prognostication.

The following from one who knows may be set down as the result of the August election for Judge:

The above shows that Banta's majority will be 110 but we think it will not be short of 250. You may bet your last trade dollar on the above figures.

Those Democrats who express their determination to remain away from the polls should bear in mind that when they voted in the primary election they thereby pledged themselves to support the nominee. They had no right to vote in the primary election without agreeing to support the nominee. That is the object of a primary election, to find which candidate is the strongest. He is a poor Democrat who cannot lay aside personal prejudice. Every Democrat who remains from the polls lends his aid to the Republicans. Vote for the Democratic nominees. They are honest and capable, and are entitled to your support.

The Republicans all over the State are putting forth their best efforts to elect county tickets, in order that the news may be heralded to the East to influence the fall elections. Shall it be said that Nicholas County has gone Republican for the first time since the war? Shall Nicholas County be handed over to that party which only a year ago perpetrated the most gigantic fraud ever inflicted on the American people? Will the Democrats, by staying away from the polls, turn the county over into the hands of that party which is the cause of all our financial troubles? The Republican party is the party of the gamblers and the gold bugs; the Democratic party is the party of the people. Let every true Democrat go to the polls and vote, and let us give such an overwhelming majority that we will not be troubled in the future with Republican opposition.

CARLISLE KY., July 29, 1878.

To the Editor of the Mercury:

The first meeting of the Bath County Live Stock Association is to meet soon, and if you will allow me, I would like say for the benefit of the Fair going people of Nicholas, that they have ample accommodations for all who desire to attend. I had the privilege of looking over their ground and through their buildings recently, and find them commodious. There is an impression...

THE Winnemucca breeze prevailed here last Friday. It blew over dry goods boxes on the street and raised clouds of dust.

THE brilliant light witnessed in a southwestern direction last Saturday was caused by the burning of Charles Turner's barn. See Millersburg items.

JACOB DOUTMAN'S examining trial for the killing of Carlon Feback came off last Thursday in Cynthiana, and he is free on $250 bail to appear at Criminal Court.

On last Friday afternoon a dog was driven out of a negro tenement house while the freight train was passing, and in fleeing from the wrath to come he got caught under the wheels and had all his legs cut off.

Mr. M. R. Gilmore, of Maysville, was in Carlisle last Saturday. Mr. Gilmore has taken charge of the business of the late Hugh Gilmore, which he will settle up. He has just erected a handsome monument for the Parks family at Pleasant Valley Mills.

A NEW BUSINESS HOUSE.—Mr. W. B. Allen, of Augusta, has rented the vacant storehouse of Mr. Seth McMahill and contemplates opening a complete stock of clothing, boots and shoes and gents' furnishing goods, about the first of September.

FRUIT.—We have been presented with every large potato, every loud smelling onion and every tall briar grown in Nicholas County for the last two years. Does Nicholas County grow no large apples, peaches, watermelons or something else good to eat. If so, we would like somebody to show them up.

Academy of the Visitation.

Our readers should notice the advertisement of the Academy of the Visitation, Maysville. This institution certainly offers superior advantages for the education of young ladies. The Academy is luxuriously provided with every instrument and form of apparatus essential to the school room, and the erudition of the pious sisters who devote their lives to teaching is well known.

Trial of Joe Payton.

The trial of Joe Payton for the murder of Nellie Stickley, in Cincinnati, particulars of which we published last week, was concluded in Cincinnati last week before the coroner's jury, and he was found guilty, and the shooting was declared "unprovoked, malicious and premeditated." During the trial Payton exhibited the greatest unconcern and appeared as careless as the most disinterested spectator. The body of the murdered girl was taken to Maysville for interment.

ASTRONOMICAL.—Jupiter, the beautiful evening star, may now be seen in all her beauty, being in opposition to the sun and 180,000,000 of miles nearer than when in the opposite portion of her orbit.

THE CAMP MEETING DAILY.—We have contracted with Messrs. Champ & Munger to print a daily paper during the Camp-meeting to be called The Camp-Meeting Daily. It will be sold at twenty-five cents per week, or fifty cents for two weeks. Subscribers from a distance should address the publishers, Messrs Champ & Munger, Carlisle. It will be a four-page paper and about one-third as large as the Mercury.

A New Firm.

G. R. Day & Bro., is the style of a new firm at Elizaville, Fleming County. They propose to carry on a general wagon making business, including repairing, &c. Having erected a commodious building, they are prepared to do all work committed to them with promptness and in a workmanlike manner. They are energetic and industrious young men, and are worthy a share of the public patronage.

THE TOWN CLOCK.—Mr. Joseph Salzer was last week summoned before the grand jury to testify as to the cause of the mute condition of our town clock. He reported it in a pretty bad state, yet containing good works, and susceptible of complete repairs. It was damaged by the wind and rain and by having been a plaything for the boys of the town, to prevent which it should be boxed and put under lock and key. The clock can be put in repair for $50, which should be done without delay.
