Announcements

Champ Clark and Col. Roosevelt carried California Tuesday. President Taft carried Tennessee.

At a meeting of the Nicholas County Republican Committee Tuesday, Judge Samuel Holmes was elected Chairman, and A. A. Dale, Secretary of the Committee.

President Taft has remitted the fines assessed against the target tobacco men who were fined for interfering with a poor who wished to ship his tobacco. Cincinnati.

Hon. J. M. Stevenson, of Winchester, addressed the Champ Clark Club here Monday, and incidently put in a few words for himself in his race for Chairman of the Democratic State Committee. Mr. Stevenson is a pleasant speaker and made a good impression on those who heard him.

The Lexington Herald takes an editorial from last week's MERCURY and credits it to the Carlisle Democrat, and then proceeds to extended comment of an adverse character. As Champ Clark is carrying everything in sight, notwithstanding the opposition of the Herald, we shall not take time to respond to the Herald's demand for proof.

Champ Clark

The news from all over Kentucky is that the Champ Clark boom is just booming, and the only fear is that those really opposed to him may be attempting to get on as delegates to throw him down. It looks like the Champ Clark men should see that only genuine friends are sent to Louisville.

The Court of Appeals has decided the case of the tobacco growers of Pendleton County against the Burley Tobacco Society in favor of the Society. That is to say that the Society can do as it pleases about the distribution of the money. It is a lamentable fact, but it is a fact, that the poolers of 1909 in signing the contracts offered them signed away all rights and titles to their tobacco and realmost abide by the consequences.

Twenty-eight ex-Confederate soldiers and widows of soldiers have filed application in Bourbon for pensions under the new State law. Quite a few have considered the law but it will be noticed that quite a few are inclined to take the benefit of it. While the law is not what the editor of the MERCURY wanted and is in no means as liberal as the bill he offered yet we consider it to be better than none, and it can be extended when the Legislature meets again and has some idea of the number of ex-Confederates in the State. We who were accused of being cold-blooded in this matter had to regard the taxpayers when making appropriations.

Democratic Convention Call

In accordance with a call made by the Democratic State Committee the Democrats of Nicholas County are called to meet in mass convention at the Court House in Carlisle, Saturday, May 25th, 1912, at one o'clock, p. m. for the purpose of appointing delegates to attend the State Convention at Louisville, Wednesday, May 29th, for the purpose of selecting delegates to attend the Democratic Convention to be held at Baltimore, in June.

The children certainly stood that test well and we were very much pleased with the work they showed. Miss Tuttle is a very pleasant teacher, and we believe she is doing good work in her room. We hope she may be with us another year.

Wants to do Something

One of the most influential farmers and land owners on the Paris and Georgetown turnpike talked to us Tuesday as the possibility of those living along this road combining and putting the pike between Carlisle and Stoneyfield this Summer. While we do not know if the folks along this road are desperate enough to undertake the work we are certain that if they do not do something at this kind the road will be almost impassable next Winter. It is conceded that the Fiscal Court is going to do nothing toward furnishing the Road Supervisor the money to do this work this summer and that is entirely in keeping but cheerful. It is our opinion that the people would do the work if someone would take the lead.

CRAWFORD—At his home near this city, Thursday, May 9, 1912, Mr. John William Lang, aged 8 years. Mr. Lang had been in declining health for some time but was able to be about until a few weeks before his death. As a citizen, neighbor and friend "Will" Lang, as he was familiarly called, was not excelled. Of a gentle and retiring disposition he was never embroiled in troubles of any kind, but would rather suffer imposition than resent. As a man he was par excellent, and his disposition to those who were flesh of his flesh and bone of his bone, was one of the beautiful things in his life. Had the world been filled with his kind society would suffer little from lands or troubles.

Yet, with these characteristics strongly marked in his life, he was a brave and faithful soldier in the Lost Cause. He volunteered early in the conflict and remained unto the end. Wherever he was he was faithful and courage, and his love for the "boys of the sixties" never failed, but rather grew stronger as the years went by. With honor as a good citizen, with the record of a good soldier, with the love of his family, with the respect of all good people who knew him, he passed over the river peacefully and is doubtless enjoying the company of loved ones gone before.

Funeral service were conducted at the home by Rev. B. F. Neaves, pastor of the Baptist church, to which the deceased belonged, after which the remains were laid to rest in the Carlisle cemetery. Peace to the ashes of our good friend and comrade.

Mr. Lang is survived by one daughter, Mrs. Mary Lang Crawford, one grand sons, and one sister, Mrs. C. Wise.
