Couldn't Walk!

"I used to be troubled with a weakness peculiar to women," writes Mrs. Anna Jones, of Kenny, Ill. "For nearly a year, I could not walk, without taking my sides. I tried several different doctors, but I grew worse. Finally, our druggist advised Cardui for my complaint. I was so thin, my weight was 115. Now, I weigh 145, and I am never sick. I ride horseback as good as ever. I owe my fine health at 52 years."

TAKE **CARDUI** The Woman's Tonic

We have thousands of such letters, and more are arriving daily. Such earnest testimony from those who have tried it, surely proves the great value of this vegetable, tonic medicine, for women.

Cardui relieves women's sufferings, and builds weak women up to health and strength. If you are a woman, give it a trial. It should help you, for it has helped a million others. It is made from pure, harmless, fully ingredients, which act promptly and surely on the womanly organs. It is a good tonic. Try it! Your druggist sells it.

Mines Are Unable To Obtain Cars

Owing to the failure of railroads to provide sufficient cars for the shipment of coal mined in Ohio County, the miners and their families, numbering about 5,000, are on the verge of suffering, and have appealed to Governor McCreary for assistance. A communication addressed to Governor McCreary and signed by H. C. Vance, T. E. Herrel, J. T. Morris, Chas. Mullikin, G. F. Fields, G. W. McFarland and A. T. Davis, representing the miners of Ohio County, has been turned over to the Railroad Commission for investigation and the matter will be considered by the commission at the December 4 meeting. The communication states that for the last eighteen months the miners have averaged only $10 a month; that they have appealed to the coal mine owners and operators for more work, and they in turn stated that the miners would be given sufficient work if they could get railroad cars to ship their product in. The operators claim that they have no hard feelings towards the miners, but are unable to ship their product for the reason that railroad companies to furnish cars.

Governor McCreary in replying to the appeal stated that he had no jurisdiction in the matter, but had turned the letter over to the Railroad Commission with the request that the conditions in Ohio County be investigated.

Some Business AND No Politics

[This column is owned and edited by The Carlisle Real Estate Company, who is responsible for what appears in it.]

We have some mighty nice farms and some mighty nice city property for sale. Never mind where we got 'em, we've got 'em all right. This reminds me of a funny story I read recently; the colored minister was invited to dinner with Brother Brown; they were going to have turkey for dinner. The two men sat in the "front room" waiting for the dinner to be ready; they could smell the turkey cooking; Oh, it smelled fine; the preacher could imagine what that turkey was going to be like; he got nervous; he twisted in his chair and wiped his mouth with his handkerchief; at last he said: "Brudder Brown," he said, "Brudder Brown, dat subtinly is de fines' turkey I evah smelt; Whah'd you get 'im, Brudder Brown?" Brother Brown frowned: "Lis'n here, Brudder Johnsing, did I evah ax you whah you git dem fine sermons what you preach—DID I?

Just the same way, we have some very nice property, for sale; some fine farms; some fine city property; property that money can be made on; property that needs buying; we want to sell it; we are going to sell it. If you want to make some easy money we can show you where the opportunity is. Read carefully and see if there isn't a chance for you to make some money or find just the home you want.

Here's the nicest little Blue Grass home you ever saw—located in the very middle of the famous Blue Grass region; 7 miles from Georgetown, 10 miles from Paris, 11 miles from Lexington—figure on that location for a minute—88 1-2 acres, nice 6-room brick house, tobacco barn 40x72, land lays level as a floor, and the place is the best in the world. Isn't that a nice little country home? Join the Hagrin farms, and you can buy this farm for $9,500.00 and make payments to suit you. Get your money on Farms like this don't come every day—they are like angel's visits, few and far between.

Now that's the only farm we are going to advertise this week; it's a good thing and somebody ought to grab it. Drop in and let us talk city property exclusively this week.

No. 1—is that good 11-room house on Locust street, nice big lot, stable, fine chance for boarding house or a big family, and in good condition, repair and the price $2,000.

No. 2—is that elegant Sycamore street residence, furnace, water in the house, electric lights, finished in birds-eye maple and hand-rubbed oak, everything right up to date, fine big lot, first class stable, just about the best residence in town, and will sell it for $6,000 and give immediate possession of it. Don't stay in the country and freeze this winter—come in and have the whole house heated all over by furnace heat, take a bath every day (if you want to) in hot or cold water, walk to church on concrete pavement without getting up the horse and washing the buggy, and enjoy yourself one winter anyway.

No. 3—is a nice house on College Hill, never advertised before, two story, excellent repair, very convenient and a good proposition for $1,900. This won't last—get it quick.

No. 4—is a first class 7-room house on Sycamore street, lot 50x200 feet, nice shade trees, all in good repair, practically new and the price only $1,900.

No. 5—is the finest property that can be offered at Carlisle, acres, big brick house, barn, on the corner of Chestnut & Maple. Now listen—we can give you a price on this lot that you can't afford to pass by. Come and ask about it.

Don't forget to see See You Bramblett if you want good fire insurance.
