DEMOCRATIC TICKET

FOR PRESIDENT
WOODROW WILSON, of New Jersey

FOR VICE PRESIDENT
THOMAS R. MARSHALL, of Indiana

FOR CONGRESS
SAM J. EBERS

James Mitchell has been appointed Chairman of the Campaign Committee for Nicholas county and will proceed at once to arrange for a warm canvass. Nicholas county ought to go well up toward the thousand mark in November.

Are You Suckers?

We want to see our fellow citizens of Kentucky if they propose that Lord & Thomas shall make suckers of them? We shall watch our exchanges and see who are they that will "sell" their editorial or local columns for nothing!

Maine Went Wrong

At the election held in Maine last Monday the Republicans elected a full state ticket including the Legislature. The Republicans gain a Congressman. The Democrats will doubtless quit bragging and go to work now. The Democratic leader who tells the people that "it is all over but the shouting" is a fraud. Old High Protective Tariff is wonderfully alive.

Governor McCreary has honored the editor of the MERCURY by making him a delegate from Kentucky to the 7th Annual Convention of the Lakes-to-the-Gulf Deep Waterway Association which meets at Little Rock, Ark., on the 24th, 25th and 26th inst. This is one of the greatest movements now being considered by the greatest minds of this or any other country, and we should be delighted if we could in any way add to its success. When the Panama Canal is opened, New Orleans will probably be the second largest seaport in this country, and the great Mississippi Valley will be the greatest producing section of the United States, and of course Kentucky will not be an unknown quantity in the great commercial or rather agricultural upheaval.

Fifty Years Ago This Month

Fifty years ago this month—September—the United States of America was in the midst of one of the greatest civil wars ever known, and the Government at Washington was in a state of panic, since the Confederate armies almost every where were marching on to glory and victory. In Virginia Lee had driven McClellan1 from in front of Richmond, while Jackson had whipped General Pope and driven him in panic back to the fortifications of Washington. About this time Lee and Jackson had crossed the Potomac into Maryland and were within twenty-five miles of Washington.

In the West, Bragg had evaded Buell near Chattanooga and had started on a forced march for Kentucky, and Buell had after several days' delay started on a race as to which should first reach Louisville. Kirby Smith had crossed the Cumberland Mountains and was marching over Central Kentucky, while Morgan and other Cavalry leaders were galloping about over the state at will. Humphrey Marshall was threatening to come in by the Big Sandy, and things were in a terrible condition generally. It looked like the Confederates would win their independence but in a few weeks matters had changed and the outlook for the Federals had become much brighter.

Folks who live in this day of peace and plenty cannot realize how dark the days were fifty years ago, and it is only an older one who took part in those dark days that can realize what happened. Life, liberty and property were regarded with recklessness and no one knew what a day or an hour would bring forth.

May the good Master keep old Kentucky from ever seeing such days again.

ROLLA WELLS IS EARLY ON THE JOB

Democratic National Treasurer Is After Small Contributor.

THE PEOPLE TO HELP.

There is to Be No "Tainted Money" Used in Electing Wilson and Marshall.

New York.—A small, smooth shaved, middle aged man who looks like that great evidence of much outdoor life recently came into the Waldorf carrying a suit case in the after noon and registered as "Rolla Wells, St. Louis."

The smooth shaved little man who is to be the treasurer of the Wilson campaign moved from room to room noted for vital statistics, whereupon it was noticed that he had had his face a bonfire and evidence of St. Louis's city sun spots had established the Protection in 1904 of three years to come. Democrats Wilson and Marshall that he has his work where it belongs in the open and is going to see that every dollar will be a Protection man, that is, a Democratic dollar, and that he will spend the time during the campaign between now and November, which he said he has yet to be in St. Louis, in the open, and that he will be with Governor Wilson and Tom Marshall before he is a cinder.

"We are going to have our campaign fund through the mails," he said to Will Mc Wells.

"Yes, it will be a little more democratic," said Mr. Wells.

"We are going to have our campaign fund through the mails," he repeated to Will Mc Wells.

"Yes, it will be a little more democratic," said Mr. Wells.

"The people there considered in Woodrow Wilson, Democrats, and what they can of their money to carry such a man proof.

I am a great believer in publishing broadcast, before and after, the various contributions made.

There are times in campaigns when it is wise to give the committee a chance to assure the public that we are not going to have any tainted money.

We are appealing to the people, and we are relying on them to help elect Wilson and Marshall.

I have two boys who have been graduated from Princeton, one five years ago and the other one. But it is not because one is a Princeton family that I am Governor Wilson. He is a great big man and the type that we should have in public life."

Every Democrat in Nicholas county should know that the election for President is held in November and not in September, and that ballots and not bragging count, and it takes money to get out the ballot makers. Kentucky is all right but there are states where work and hard work will have to be done. Send a dollar to help.

Democratic Meeting

The Democrats of Nicholas county are requested to meet at the Court House in Carlisle, Sept. 14th, at 1 o'clock, P. M., for the purpose of organizing for the Campaign and to make arrangements for a grand Barbecue rally at Lexington on the 19th inst. Come in and give a helping hand. J. W. MITCHELL,
Chn. Campaign Committee.

REPORT

The First National Bank of Carlisle

County School News

All except five or six teachers have reported their enrollments for the month of September. We are sure that the reports will send them in in a few days.

Last Monday we visited the Mt. Zion school, where Miss Robert Miss Gladys Robinson. There are two brothers and the district is paying one teacher. This speaks well for them.

The ice cream supper given by the School Improvement League at Moorefield brought the largest $25. We have not heard of the result at the Mt. Vernon school yet. Will give that next week.

The supper at Taylors Creek made $8, which was good as it was given to the school. They have to organize a league yet but will have soon.

The last Saturday in September there will be an educational rally at Maple Grove school, a basket dinner. This was the banner School Improvement League last year. Let the Teacher's Association of Division C and D went there that day in connection with the County School Improvement League convention. A very large crowd is expected. A splendid program will be prepared and some prominent speakers will be invited. Come early and have a good and profitable day. Saturday, Sept. 28th, at Maple Grove school house.

For Seventeen Years we have handled Wood Mantles

Ceiling and Grate Fixtures but have failed to make much noise about it

Yet we seldom fail to make a sale after a customer is shown our stock and hear the price.

It is a MISTAKEN IDEA that a manufacturer of Mantles will mail their catalogs from out of the country. A manufacturer will sell only to a responsible retailer. The catalogs which are mailed are sent to prospective consumers, come from retail houses, distributors or manufacturers.

We are only too glad to distribute catalogs, or any traveling salesman.

At a meeting of wheat growers recently held at Lexington it was shown that it costs about twelve dollars an acre to raise wheat in Kentucky, and as from ten to fifteen bushels per acre has been the average for several years past, it is seen that wheat raisers will be not making much money on that crop. Steps are being taken to increase the yield by fertilizers and rotation of crops other than corn.

Brandsford, who has been a great sufferer from stomach trouble and without appetite, ate 1 used 34 gallons of Smith's Long Tonic. It cured me and I rejoice to tell others of it. Mrs. T. S. Smith's Long Tonic saved my life. My home is at Ford, Ky., December 19th, 1911." Mrs. Richards is feshier now than at any time in life.

Cincinnati Post dated December 5th, says that it is estimated 6,500,000 acres dead heat year from the white plague. Why wait? Why did not use Smith's Long Tonic? It is free from dope and fat. Tar is bad. Listen to the statement of Mrs. James C. Richards who says in the year 1905 she was stricken down with consumption and was confined to her bed six years. "I was so low I could not raise my head from my pillow, when on the 10th day of November, 1909 I commenced taking Dr. Smith's Long Tonic. I used a quart then three gallons. It saved my life and cured me. Since 1910, I am living at Ford, Clay county, Ky., willing to verify this statement to anyone suffering." These remedies can be had at Butler & Co's.

Officers elected in the Young Ladies Circle of the Christian church were: Mrs. G. M. Brooks, Pres.; Mrs. H. C. Settle, 1st Vice Pres.; Mrs. T. S. Hughes, Secretary and Mrs. T. B. Mathers, Treasurer.

If you know of the real value of Chamberlain's Liniment for the back, soreness of the muscles, sprains and rheumatic pains, you would never wish to be without it. For sale by Chas. E. Butler & Co.

On last Monday night about fifty young folks gathered at the home of Miss Nettie Wood, the popular and attractive daughter of Mr. J. M. Wood, of near this city. It was Miss Nettie's birthday and the party was an agreeable surprise to her. Refreshments were taken along and all reported a fine time.

Court Day

The attendance was large Monday and considerable trading in stock was reported. The supply of sucking calves was large but the sales were slow as there were not few buyers. H. N. Rankin was not on the market and the few foreign buyers took advantage of the absence of local prices. Sellers will have to take notice when Mr. Rankin advertises that he has orders for a car load of so. Suckers sold at from $45 to $75 with a few choice at $100 or better.

Two year old, yearling cattle and calves found ready sale. Hogs were brisk at from $7 to $8. Sheep sold at $4.00 to $4.50 for stock ewes. H. N. Rankin bought of Mike Berry 7 yearling mules at $120 per head. Ratliff & Thompson, of Winchester, secured a car load of Sugar mules at from $100 to $125. Some few good horses brought good prices.

Dr. T. B. Smith's Remedies

Mrs. James C Richards says: "I was stricken down with consumption February 1905, called Dr. T. B. Smith Nov. 16th 1870; was so low and weak, could not raise my head without assistance. I used 34 gallons of Smith's Long Tonic. It cured me and I rejoice to tell others of it." Mrs. T. S. Smith's Long Tonic saved my life. My home is at Ford, Ky., December 19th, 1911." Mrs. Richards is feshier now than at any time in life.
