THURSDAY, FEBRUARY 7, 1878

A Good Scheme.—Candidates for office can announce themselves through the Mercury till the day of the election time for dollars, payable in advance. Calls on persons two cents per line.

Logan county is petitioning the Legislature to be broken up, and Mr. J. Bodley says thereof, neuter in the right direction.

The Herald of Health says the best way to recuperate one's brain power is to go to bed and sleep as long as possible. The recumption advocates would do well to adopt the suggestion.

Mason Thomas Masters, Mason County's able Representative in the Legislature, was married last week to Miss Jane Dimmitt, of Millville, a lady of culture and beauty.

Mr. E. F. Pullen is announced as a candidate for Sheriff in Bourbon County, and Hon. Thos. J. Clay as a candidate for the office of Commonwealth's Attorney for the Judicial District.

Senator Harding has introduced a bill in the Senate, for the relief of John W. Zeller, driver of the Hillsboro County Infirmary, and also a bill to incorporate Carlisle Lodge, No. 133, I. O. O. F.

J. Madison Wells, who while in Washington aided the pirates, "Am I a rascal or a pure," has been arrested and declined to plead. The Governor of Louisiana will proceed to answer that question. We expect will a pure fool be in it.

Quoting from an exchange, the Maysville Republican says:

Let the pressure of evacuation go on; and should the "fiery tongued" ink up the imperial resolutions of the democratic press, it will not succeed in arrest another ballot.

The editor of the Republican is not troubled with intestinal convolutions. His intestines are preserved in alcohol. They are also copper bottomed and water proof.

John M. Hoy and John D. Young are candidates for the Republican nomination for Circuit Judge in this district; and John H. Clarke is a candidate again for Congress.

For goodness sake and the good of the party give us a rest — anybody, we want no more of them. As a substitute for John we would offer the name of Thomas F. Hargis, H. L. Bentz, or A. E. Cole.

The above appears in a communication to the Flemingsburg Democrat. Without meaning to disparage the "Johns," or any of their friends, we accept the substitution of the gentleman from Fleming. We have in this district as many talented men perhaps as any district in the State, and why not select from mediocrity. Neither Hoy, Young nor Clarke have received their positive will. If they have it has never been made public. These six new tongues have rolled in vain about above the years and says, and some times not even there. This district should be represented by more able men in the future than she has been in the last ten or twelve years. Pass the Johns.

We regret to have unknowingly brought down a current of indignation upon our head by the publication of the Jackstown Turnpike Company by an item which appeared in our last issue, written at the suggestion of Judge J. M. Kenney, a responsible citizen of the county, who was entreated only by a desire to have sensible reasons put up and not upon what he lived, and which we, as journalists, considered it our duty to notice. But it was far from our intention to say anything to offend any of the Directors, much less any of the gentlemen named upon their integrity as gentlemen, and we disclaim any such intent. The Directors of the Pike are Messrs. W. W. Talbert, James Mathers, William Dunnigan and William Wood, all of whom unimpeached probity it is unnecessary to speak. The statement that they had pocketed the money into their pockets, and expected the country to repair the road, the principal of which, amount ing to about $2,700, they have or easily been compelled, by decision of the courts, to pay; is that their argument was the one used in our communication from Judge Kenney.

COMMUNICATED.

A Call on Mr. J. Kenney, of Montpelier County.

Recognizing in you a man worthy and fully competent, and believing you would be fully indorsed by your entire district, which represents nearly one third of the voting population of the county, we ask you to announce yours of a candidate for the office of County Court Clerk, and we pledge you our hearty support.

Many Democrats.

The Jacksboro Turnpike Company

To the Editors of the Mercury:

My attention has been called to this article in last week's issue of your paper, in relation to the Jacksboro turnpike, its condition and the management of the Directory.

I learn, has given great offence to one of the officers of the road, and I am blamed and shamed for giving you the item. I now propose to state, as briefly as possible, a few facts and the part I acted in the matter: Ex-Governor Leslie Combs, who owns the road by a desire to have sensible reasons put up and not upon what he lived, and which we, as journalists, considered it our duty to notice. But it was far from our intention to say anything to offend any of the Directors, much less any of the gentlemen named upon their integrity as gentlemen, and we disclaim any such intent. The Directors of the Pike are Messrs. W. W. Talbert, James Mathers, William Dunnigan and William Wood, all of whom unimpeached probity it is unnecessary to speak. The statement that they had pocketed the money into their pockets, and expected the country to repair the road, the principal of which, amount ing to about $2,700, they have or easily been compelled, by decision of the courts, to pay; is that their argument was the one used in our communication from Judge Kenney.

COMMUNICATED.
