W. E. Fisher, Editor
Carlisle, Ky.
Dear Sir:
I am sending you my check for three dollars, which you will apply to my subscription, as I think it pays my arrears, and one year in advance. If not, I expect you had better discontinue my subscription, as I have been away solong the news from the county is not as interesting as it was. It is strange but so many changes have taken place that I hardly know anybody.
But take the money from the check and get you a hair cut and shave too.
With best wishes for you and all inquiring friends. I am
Yours very truly,

Pony Sale

In this paper you will find advertisement of sale of Shetland ponies.
This is the first sale of ponies to the highest bidder in this section of the state and no doubt the Kentucky Blue Grass Farm will sell some of them at a large price.
Mr. Peyton asks us to say that anyone on which bids are made and will be sold whether it expenses the value of the pony or not, and there will be no by bids. It is hard for competent judges to tell that is one of the best herds of Shetland ponies in Kentucky.

Nicholas To Have Farmer's Chautauqua.

Mr. John H. McFerran, of Louisville, Mr. Fred Mutscher of Mt. Sterling, Mr. Simpson Bryant, the latter two of the Agricultural Department of State University, met with about twenty-five Nicholas county business men in the office of Holman & Rose, Tuesday morning, for the purpose of discussing plans for the Farmers' Chautauqua, to be held at Parks' Hill, August 5th to 13th.
The sentiment of the meeting was that such a Chautauqua could be made a success and would benefit both the town and the county. The movement is along the line of agricultural extension, a bringing of the college to the farmer, and the meeting will be replete with interesting information for the farmer, the fruit grower and the truck raiser.
Such meetings have been held very successfully in Warren county and elsewhere.
The following committees were appointed:
Finance—S. K. Veach, Chas. Grove, J. B. Rouse, Jas. Wood, E. C. Oldham, C. S. Whaley, W. M. Banks and L. S. Taylor.

W. C. T. U. TO SUPPORT McCHESNEY BECAUSE HE IS A STATE WIDER

Mrs. Beauchamp Does Not Call Name, But Says in Her Speaking Campaign She Is Urging Voters Not To Support the Candidate Not Committed To State Prohibition.

REITERATES SHE IS NOT FOR LOCAL OPTION, AS SHE THINKS IT FAILURE

"In my speaking campaign over the state I am urging the voters not to vote for any candidate who is not committed to statewide prohibition."
This was the significant statement made Saturday night by Mrs. Frances E. Beauchamp, of this city, president of the State W. C. T. U., in a statement to the press that powerful temperance voters since the withdrawal of John W. Newman from the Gubernatorial race have switched to the support of H. V. McChesney, the Democratic candidate for Governor, let the people understand that so far as nomination as well as that of prohibitionists for State offices, including candidates for Senator and Representatives, who are pledged to the statewide measure, is concerned.
For twenty-five years, continues Mrs. Beauchamp, I have been working for statewide prohibition and I propose to keep up the fight for it which is the campaign, but in future campaigns I shall not vote for any candidate for Governor, unless I understand that I can vote for local option, because I believe it a fraud to let voters think some of the candidates for Governor are for statewide when I am certain that the W. C. T. U. is not the only one who is for it, and it is unfair to me and the W. C. T. U. workers throughout the state.
Every W. C. T. U. worker is called Mrs. Beauchamp, and the local distinctions between candidates in regard to the liquor question are not understood that that said Mr. Newman was the only one who was for local option, because I believe it a fraud I believe that some of the candidates for Governor are for local option, but I am certain that the W. C. T. U. is not the only one who is for it, and it is unfair to me and the W. C. T. U. workers throughout the state.
Every W. C. T. U. worker is called Mrs. Beauchamp, and the local distinctions between candidates in regard to the liquor question are not understood that that said Mr. Newman was the only one who was for local option, because I believe it a fraud I believe that some of the candidates for Governor are for local option, but I am certain that the W. C. T. U. is not the only one who is for it, and it is unfair to me and the W. C. T. U. workers throughout the state.
But now matters stands the local option issue is dead and I do not want to be for, for a very long time, and I am for statewide prohibition and I propose to keep up the fight for it which is the campaign, but in future campaigns I shall not vote for any candidate for Governor, unless I understand that I can vote
