VOL. L CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JULY 1, 1915 EIGHT PAGES—NO 26

COMMENT

"Where will Newman's strength go?" is a question which has been uppermost in the minds of the politicians since the Mullins and Hall withdrawal last week. To a man up a tree it would seem that all the other candidates will get a whack at it.

The editor of an Illinois newspaper has discovered that war was typical of mosquitos. His plan is to ride a little alone on the face and hands. When the mosquito takes a bite, the packers are glanced so he can't sting. Then he sits down in a damp place, bites for up the parlor cause, catches death of cold and dies of pneumonia.

The Lexington Leader says in its "Politicopies" that the entry of a Prohibitionist in left into the field is indicative of the Democratic rush a clarion concession and pledge the party to the adoption of a Statewide prohibition amendment. Indeed, it looks as if the Democrats are completely swamped, or at it only a get stretch.

We are indebted to the good women of the local W. C. T. U. for a delicious luncheon, served at their meeting Friday afternoon. We would suggest in this connection, that we can recover of us more good women, and in ways in which results, make concrete ("easy to a man's heart etc.") might be secured, than by first removing the palate with just such a dainty array as edibles.

James F. Edwards, of Louisville, has announced as a candidate for Lieutenant Governor. The record of Mr. Edward's administration is about note I have a for reacting effect upon the gubernatorial race. With two Democratic candidates in Louisville, Mr. Dorsett is bound to suffer. We thus he wrong, but it seems to us that Newman has been playing pretty shrewd politics.

Out in Nevada two years ago, the women appealed to the Legislature to terminate every divorce. Their wishes were respected by a majority vote. At that time women were not allowed to enter in Nevada. This year, the staff of Gov. Tilary E. McMillen, Pinelya, Ill. Y. For sale by All Dealers.

Mr. France Bramlette, who supported Mr. Newman's candidacy, and who publicly stated his sentiment of the necessity of the Hall withdrawal, is now combing her attention to the nomination of "my" candidate for Representative. And he is not alone, he permitted to remark, but the real chance of having a Statewide amendment to the Constitution, which he might trade patronage for votes, could not vote such a measure, even were he a dyed-in-the-wool whisky man, and, in our minds, would have very little to do with the question. Only the Legislature may submit the amendment and only the people may pass upon it.

We wonder if there was ever a child, who did not, at sometime, have the "peeps-over?" The three Editors of Carlisle and Nicholas county, who are enjoying with an attack of it this summer, has some opportunity to profit by their decision come true. Ten business men of Carlisle have inaugurated a peep contest, in which tickets will be given with every purchase, and the child getting the good votes will be awarded a real live Shetland pony, a splendid Pony Cart and a good set of harness. The Mercury is one of the ten members of this contest. If your daddy owes us a dollar on subscription, bring it in and get 100 votes. If he is not a subscriber persuade him to take The Mercury, and get 500 votes. Our advice to you is to get busy early in the race. It starts by and will end October 1. Read every word of the big advertisement on page 4; and then begin to hustle.

DISCUSS BETTER FARMING METHODS

MEMBERS OF BOYS' CORN AND PIG CLUBS TREATED TO INTERESTING PROGRAM.

More Than One Hundred Young Farmers Are Enrolled in Nine County —More Work Planned.

Western News-paper Union News Service

Kansas, Ky.—An enthusiastic meeting of the farmers and members of the Boys' Corn and Pig Club was held at the Citizenship Springs six miles from Kansas, Ky., on a most beautiful day, one possible. M. O. Hughes, of Hardin, district supervisor of corn clubs, in annex, gave an interesting talk on the advantages of using the right kind of phosphate fertilizers. B. G. Neblett, of Murray, Calloway county, told how he got the boys interested in new methods of raising corn. Irvin Kercher, State Pig Club agent, spoke to the members of the Boys' Pig Club, which has more than 100 members in Nine county. He said the boy who is was a mistake to try to raise hogs on corn and nothing else. He advised that "mixture" of other grains be used in the feed, which relieved the corn.

Dr. W. H. Nichols, of Lexington, who represents the State Experiment Station, was the principal speaker. Among the many advantages of having Hyde Park on the farm, he said, were economy and the benefits to be derived from keeping feed in grain, clover, etc.

The meeting was adopted and adopted, and a rap next to the home of Mrs. Smith.

After some remarks by the President in which he prepared the way for a serious and "happy" meeting for then present, Mr. I. D. Ross was called upon and responded with some amusing incidents and stories and closed with words of cheer to the Old Citizens, and interest in the local Boys' Meetings.

After some other short talks, and the announcements of Committees, the meeting adjourned for dinner. Benediction was pronounced by Eld. Metcalfe

Afternoon Meeting

The Band played, "Old Kentucky Home." And after the report of committees and election of officers, the Chairman called upon Mr. John G. Blair who spoke enthusiastically upon subjects, and about things of interest to the Old Citizens regarding both the past and future. Mr. E. C. King was called upon, and he made a little talk of a great speech, when the flying machine came sailing over and broke up the meeting.

Thus ended a happy meeting "until next again."

ZAPATA TROOPS DEFEAT GONZALES

Overtand Message Brings News of the Engagement to Vera Cruz.

CAPITAL ENTIRELY CUT OFF

Carranza Rushing All Available Troops to Mexico City to Reenforce Beaten Army—Martial Law is Declared at Juarez.

El Paso, June 29.—It was learned here that the band of Zapatistas that raced on which General Victoriano Huerta was arrested and held in $10,000 bail on a charge of violating the neutrality of the United states was the discovery of the purchase of a large quantity of war material to be used in furthering a military movement in Mexico.

Washington, June 29.—Zapatistas defeated Carranzaites in Mexico City. Capital entirely cut off.

This statement, received at the state department, was interpreted by officials to mean that the Carranzistas under Gen. Pablo Gonzales had defeated the Zapatistas and captured the City of Mexico. It was announced here.

This interpretation later was reconsidered and the statement was taken to mean that the Zapatistas had repulsed the Carranzistas.

Message Brought Overland.

The message bringing news of the engagement in the Mexican capital was believed to have been brought overland by messenger from the City of Mexico to Vera Cruz and forwarded from there to the state department, by Consul General Silliman. Another message from Consul Canada stated the capital remained entirely cut off.

Consul Canada also reported that General Carranza is rushing all available forces toward Mexico City to reenforce General Gonzales.

This report removed questions doubts as to the correct interpretation of the message received by courier from Mexico City as to the fighting there.

El Paso, Tex., June 29.—Through artillery fire Mexican gunboats began bearing on the charges of violating the neutrality of the United States by organizing a Mexican military movement on Mexican territory from Texas under cover surveillance by federal officers in pursuance of a long plan. Similar prosecutions are being taken to prevent the flight of Gen. Pascual Orozco, who was released on bonds of $15,000. Their hearing will be held Thursday.

By JOHN W. ROBERTS.

International News Service Correspondent.

Juarez, Mex., June 28.—Martial law has been declared here. All amusement places were closed last night by order of Colonel Hipposlito Villa, brother of the revolutionary leader, all streets are being patrolled by troops. All the funds in the Villa treasury have been taken to El Paso by Colonel Villa, Orozco's chief of staff, who left in an automobile, Colonel Villa remained in El Paso and left Tuesday for Orozco, commander here in Villa's absence, acted as agent for the Huerta forces.

Colonel Villa garrison here is small, while their officers understand that Villa, Angeles and Carranza forces are drawing a cordon around the city. Villa's forces
