106 acres, nearly all in grass and good grass too; has fair house, good barn, well located right on the pike, and you can have the whole farm for $4500. Partial possession next may time, arrangements can be made for practically full possession. This farm is worth more money than is being asked for it and would be well for you to get to it at once.

For possession in January, February or March we have an extra large 5 room house, two new residences, one of 6 rooms, the other of 4 rooms, 2 good barns, 10 acres fruit trees and tobacco land in good neighborhood, close to school and church, and this farm is very cheap at $60 an acre. Better tie a string on this farm before somebody else beats you to it.

25 acres or more, good land, $35.00 an acre. 5 miles from Carlisle.
