Lexington Suburban Home!

For Sale or Exchange for Farm Lands.

On improved street, 720 feet from Dixie Highway, (Richmond pike), 4 blocks from street car, 9 rooms, city water, Bath, Telephone etc. Large grounds, barn, garden and small fruit. Will exchange for farm lands or sell on terms of $500.00 cash, balance $500.00 per year at 6 per cent. Price is $4500.00 and none one with family to educate has a chance to get a home at a bargain. You have all city advantages and no city taxes.

Geo. M. Bedford, R. F. D. 1 Lexington, Kentucky

MILFORD BERRY ED BOWEN

Automobile Repair by an Experienced Workman.

We were extremely fortunate in securing the services of MR. MONTAGUE E. the head foreman of the Lexington Engine & Boiler Works. Mr. Montague is possibly the highest priced mechanic who has ever labored in Carlisle; and when we say this we mean he is the BEST.

With the services of so experienced a mechanic we invite the patronage of all who need automobile repair work, gas steam engines or farm machinery overhauled. We KNOW the work will be done right and will give satisfaction. If others have failed to do your work properly, bring it to us.

Our New Hupp has arrived and it is a beauty for $1,660. Remember we have the agency for the moderate price car the Maxwell, at $655.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine." writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.—Adv.

"The Ball of Fire."

By George Randolph Chester and Lillian Chester

FERENZIED finance and the efforts of some modern churches to serve God and Mammon, form the theme of this unusually interesting story by the author of "Get-Rich-Quick Wallingford," and his wife. Gail Sargent, charming, young and handsome, comes out of the West and into the lives of rich and influential New Yorkens. A Napoleon of finance and the young rector of the richest church in Gotham are among the suitors for her hand. How she changes their aims, hopes, ambitions, and their lives makes a splendid story. By all means read

The **Ball of Fire**

our new serial. Be sure to get the issue with the first installment.

The Colds of Mankind Cured By Pines!

Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent? How you opened wide your lungs to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes backing coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c. Adv.

Attend to the Eyes of the School Children

Eye troubles make a child backward in his studies.

Headaches of school children may be caused by defective vision.

The eyes of children are called upon to do their hardest work in school. Eyestrain is often a result. Neglect of this condition is a serious handicap to the child and may entail various serious consequences.

Get a SCIENTIFIC OPTOMETRIC EXAMINATION of the eyes if there is any trouble with the child's eyes. Correct lenses if glasses are required, we supply them. No divided responsibility we make the examination and provide and fit the glasses so that they will be scientifically correct.

A. T. GARDNER.

Coughs That Are Stopped!

Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves in grippy tendencies. Money back if it fails. 50c. and $1.00.—Adv.

UNCERTAIN HEART ACTION ALARMING

Mrs. W. Howell Says Tanlac Relieved Her of Palpitation.

Louisville, Ky., Oct. 6—Mrs. W. O. Howell, wife of the agent for the Louisville Carriage Company at the Seelbach Hotel, who lives at 619 South Jackson street, this city, is one of the most ardent believers in Tanlac, the famous preparation, as is shown by a recent statement she made of the benefits she derived from it.

"I was weak and nervous and dizzy," she said, "any sudden noise made my heart beat so fast it frightened me. I had terrible headaches. Whenever I walked upstairs it left me almost exhausted.

"My stomach was weak and my food did not agree with me. If I ate anything solid it made me miserable. I was told that I had catarrh of the stomach, but the medicines I took did me no good, until friends suggested Tanlac to me. I'm glad now that I took their advice.

"It was almost no time until I felt better, and now I can eat whatever I please. I owe it all to Tanlac. My nerves are in good shape again, and I no longer have palpitation of the heart. Tanlac is the only medicine that ever helped me. I can't say too much in praise of it."

Tanlac is now being sold in Carlisle at Tureman's drug store. Adv.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—An interesting advice from this place, Mr. A. J. Hughes written as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it does not—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

THE CARLISLE MERCURY.

ESTABLISHED 1867--OLDEST NEWSPAPER IN NICHOLAS COUNTY

VOL. L. CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, OCT. 14, 1915 EIGHT PAGES—NO 41

COMMENT

Ah, there, pumpkin pie! Who says autumn is a dreary season?

Who cares for wars, or politics, or such. The first sleighsom of the season is advertised in THE MERCURY this week!

Now that Woody Wilson has set the precedent, the crop of December brides ought to make the June harvest look like a famine year.

The Democratic barbecue at Maysville will be held October 23. They say they are going to outdo our Nicholas county gathering of 1911. Maybe, but they'll be going some.

Two weeks from Tuesday is election day. Plan your business or your pleasure, fellow Democrat, so that nothing may interfere with your duty as a citizen on that day. Make your plans now.

As Enoch Grehan would say, we thought that the Mexicals, not to speak of the European situation, held sufficient worries for any abb-bodied man. But President Wilson evidently thinks not. As Enoch would say, "Understand."

The best county weekly in Kentucky (The Cynthiana Democrat) has entered its twenty-eighth year. Jim Allen has been its helmsman for twenty-three years. Needless to say, he was very, very young when he assumed control of the Democrat. This for the edification of our gentler readers.

The Mt. Sterling Gazette (Republican) says the veterans in its party are confident of success, for "all the breaks of the political game are coming our way." We can see, in prospect, one kind of "break" coming your way, old top, and that one is a bad break, and at the first turn, too, along about Tuesday after the first Monday.

The Owensboro Messenger says *Brier Narrow* is not really in earnest about winning the race for Governor, but is only "warming up" for a heat with Caleb Powers for the Republican nomination for Congress. We daresay, that if he even manages to "heat Caleb" in the preliminary and can equal his performance in the Congressional race, Caleb has cut a neat in Congress. 'Cause in that preliminary the race is going to be fast.

The Fiscal Court is to be congratulated upon their action as evidenced in their meeting Friday to work in harmony upon a question of such supreme importance to the people of Nicholas as the road problem. It is a problem which requires good, hard common sense upon the part of the Court and patience upon the part of the people. We believe every member, from the County Judge down, has the best interest of the county at heart, and we feel that Friday's meeting presages more harmonious effort and less petty bickering in the future.

Viewed from a distance of some eighteen days, Stanley's chance to be the next Governor of Kentucky looks surpassing good. In fact, from where we stand, it bears every appearance of a landslide in the making. As an avalanche deflector, however, old or, meaning overconfidence, can play hob with all prognostications. If there be a chance for Ed. Morrow to win, it will be through the overconfidence of Democrats, who, having heard the rumblings of the landslide, conclude that all is well, and that one little vote will not matter much. Right here, old oc. will begin getting in his deadly work.

WANT HIM TO TURN IT DOWN

Fiscal Court Requests State Road Commissioner to Reject East Union and Parks Ferry Contract.

It was a case of Harmony, with a capital 'H' at a special called meeting of the Fiscal Court, held here Friday, October 8th.

After several days of strange rumors the contracts for the re-construction of the "Parks" Ferry and the East Union road, which Judge Mitchell and Justice Shanklin thought were too high, and refused to sign, the Court met Friday and unanimously requested the State Road Commissioner to reject and return to the County the contracts which were signed by three members of that body namely Justices Myers, Mullikin and Murray, on the first of October.

The action was taken on account of the fact that the Court claimed that the contracts were too high and that a lower and more satisfactory contract could be made by re-advertising.

In the event of the rejection of the contracts by the State Road Commissioner, the Clerk was ordered to advertise for bids for the re-construction of the East Union road, from Main street in Carlisle to the bridge beyond East Union on the Ratliff route and for a distance of six miles on the Bartersville and Saltwell road, beginning at the intersection of that road and the Maysville & Lexington pike.

The Court also made an order that the Parks' Ferry road be reconstructed by force account, similar to the manner in which the Moorefield road is now being constructed, beginning at the bridge over Licking at Parks' Ferry and working toward Carlisle, the Court reserving the right to employ a Superintendent over this work.

It was also ordered that the Clerk advertise for bids for a new rock crusher and road sprinkler, in the event that it is necessary to do so in purchasing same. The county already owns a grader and two road rollers, and in working the Parks' Ferry road, it will only be necessary to purchase a crusher and sprinkler. By working it in this manner, it appears to the Court that they will save at least $5,000, as compared with the lowest bid heretofore received.

The work now being done by the county has demonstrated that the work can be done by them cheaper than by any bidder, if any contractor yet employed. For instance, the last contract for shaping and ditching per mile was $230. The county has done this same work on the Moorefield pike at a cost of $25 per mile.

Under the contract which the Court asked the Road Commissioner to reject, the first 500 yards of road from the Licking Bridge on the Parks' Ferry pike, would have cost at the rate of $6,600 per mile, on account of a fill it is necessary to make. It is believed that the county can do this work for one-half the money.

Don't Be Fooled

No Democrat should allow himself to be pulled by the shaft, for claims of the enemy. They have no money with which to make this campaign, but Bradley's nephew and Hunter's son both know the "gum shoe" tactics instructed by their uncles they hope to ride into office. Just by the surprise method. Watch 'em. Urge your Democratic neighbor to go to the polls and failure his neighbor along with him. Kentucky is a Democratic state by fifty thousand and Stanley, and the rest of the ticket are entitled to be full Democratic vote. "Gum shoe" tactics will only win when you are off your guard. So go to work right now and find out who is who in your neighborhood. Tell your county chairman the condition of things and do your part toward voting and no complaint can be found with your democracy, or you. Let's see if we can't outdo all former elections in the way of big majorities. Let every man do his part in electing Stanley and the Democratic ticket and just so sure it will be a foregunner of great victory for 1916 throughout the nation.

"The Ball of Fire."

Nicholas Boy Goes To The Phillipines

San Francisco, Cal., Oct. 2, 1915.
Editor Carlisle Mercury,
Sir:

Since writing you last I have left the trouble-one border and now await the sailing of transport to Manila, P.I., from there I go to China to join the 1st battalion of the 12th Infantry.

I think I am very fortunate to get this trip, especially at this time, while the exposition is going on. I have visited the exposition and find it very interesting. The Tower of Jewels is a very pretty sight at night; countless searchlights cast their rays upon it, making it appear like a building of a million diamonds. The Canadian Building is magnificent, the prettiest building here, to my notion, in fact, I think it is worth while for anyone to see this exposition, no matter how great the expense might be (provided one could actually get the "glue"). The Big City can expect some letters of interest when I reach the end of my journey, which will be, exactly a layover at Manilla, about forty-five days.

Regards to all the folks in good old Nicholas county. My address will be Manila, P. I. until I reach China. Regards to THE MERCURY, the best paper published.

Respectfully,
Arthur Harney,
14th Inf., Manilla, P. I.

Votes For Women.

Washington, Oct. 8.—President Wilson issued the following statement Wednesday on the question of woman suffrage.

"I intend to vote for woman suffrage in New Jersey because I believe that the time has come to extend that privilege and responsibility to the women of the State; but I shall vote, not as a leader of my party in the nation, but only upon my private conviction as a citizen of New Jersey, called upon by the Legislature of the State to express his convictions at this point. I think that New Jersey will be greatly benefited by the change.

"My position with regard to the way in which this great question should be handled is well known. I believe that it should be settled by the States and not by the National Government, and that in no circumstances should it be made a party question, and my view has grown stronger at every turn of the agitation."

30 YEARS AGO

From THE MERCURY of Oct. 17, 1885.

Sealed bids asked for the construction of a portion of the Doresville & Concord pike.

Dr. W. H. Martin has a lemon tree six years old and six feet high for sale.

Nicholas farmers got a large crop of tobacco in before the frost came.

Henry Kimbrough takes charge of his hotel again.

Cattle dying from black leg on Beaver Creek.

Jas. L. Donnell buys 12 acres of land from W. T. Buckler, on the Jacksntown pike, and begins the erection of a residence.

Farrell sentenced to penitentiary for life. Will appeal the case.

Circulating library for Carlisle established.

Large attendance at the Carlisle High School, the Business Course being very popular.

Wm. Dinsmore, James A. Mathers, T. J. Glenn, T. N. Howard and Milford Berry returned from a fishing trip in the mountains.

Thos. Owings buys of John McKee the residence on the corner of Mulberry and Second St., for $1,500.

Mule colts brought from $30 to $60 at October court.

Col. Z. T. Young, candidate for Commonwealth's Attorney, addresses a large audience in Carlisle.

Judge A. E. Cole announces as a candidate for re-election as Circuit Judge.

Riley Dutson purchases the farm of Rev. E. S. Hollar for $35 per acre.

Born—To the wife of Mr. Henry Templeman, a daughter.

Married—Mr. Henry C. Kimbrough and Miss Nannie McNew. Mr. Andrew A Dampier and Miss Anna Flora.—Mr. James L. Dotson and Miss Maggie Mc. Williams.

Died—Mr. William Bassett, aged 82. He kept the toll gate where he died for forty years.

If you didn't bring it with you Court Day, just slip into an envelope and let Uncle Sam bring it to us.

Judge Black, The Man And Candidate

The brightest chance the great mountain section of Kentucky has ever had to do homage to one of its most brilliant and gifted sons, is now before it. A man, the equal in learning and experience of any former mountaineer, he certainly is the most beloved of any of them in its history since the war.

Possessed of a strong and vigorous personality and as eloquent an expounder of Jeffersonian principles as can be found anywhere, Judge Black is one of the most ideal candidates the mountain section has ever been so fortunate to put forward.

No man in Kentucky has any closer mixed both in home and political life. Always the gentleman of the highest type and learning.

With Stanley's known devotion to the cause of the working man of the trows and Judge Black's daily intercourse in their interest, it seems absolutely certain that the Democratic gain in that section will not be equalled by any other part of the state.

Synod Of Kentucky

The synod of Kentucky, of the Southern Presbyterian church, which comprises all the churches of the denomination in the state of Kentucky, will close its annual meeting at Hopkinsville, Ky., to-day. The synod now has a membership of more than 23,000, with 170 churches and 123 ministers. The retiring moderator this year is Rev. Cary F. Moore, pastor of the church at Cynthiana. The Rev. Dr. David M. Sweets, of Louisville, is the stated clerk.

Sorghum Time Here

Mr. S. T. Barlow, of Headquarters, announces in his advertisement, elsewhere in this issue, that his premium sorghum molasses, "Honey Dew," is now on sale. This sorghum is made by Mr. Barlow on his farm near Headquarters. It is put up in five and ten pound friction top pails and is genuine old country sorghum. Mr. Barlow stated to THE MERCURY Saturday that he had taken over 300 gallons of the sorghum, at his camp, up to that date.

It is easy to fool a woman—if it wasn't, how would the men get married.

QUARANTINE IS RAISED

County Board Removes Lid From All Points Except Eight Districts

At a meeting of the County Board of Health, held at the Court House Saturday morning, it was decided to raise the quarantine which has been in effect since September 28th.

All schools and churches, Sunday-schools and other public gatherings will be permitted in Nicholas county, with the exception of the following districts, where there are cases of diphtheria (which have not been discharged as cured. The districts which are still quarantined are as follows:

Maple Grove, Mt. Zion, Upper Blue Licks, Cane Run, Cassidy, Myers, Pleasant Valley and Saltwell.

Unless further cases develop in these localities, the quarantine, it is said, will be raised next Monday.

The action of the Board was rather unexpected, by reason of the fact that the Health Officer had given it as his opinion a few days before that the quarantine would last until the latter part of this week. As there were no cases of the disease in Carlisle, however, the Board decided that the quarantine might safely be raised.

Government Crop Report

Washington, D. C., October 7, 1915.—Estimates of crop production and prices for the State of Kentucky compiled by the Bureau of Crop Estimates, and transmitted through the Weather Bureau, U. S. Department of Agriculture, are as follows:

Corn—October 1 forecast 119,000,000 bu., September 1 forecast 120,132,000, final estimate last year 91,220,000; price October 1 to producers 70 cts., year ago 85 cts. per bu.

Wheat—Estimate this year 8,620,000 bu., final estimate last year 12,540,000; price October 1 to producers 102 cts., year ago 8 cts.

Oats—Production estimate October 1 is 4,540,000 bu., September 1 forecast 4,725,000, final estimate last year 3,675,000; price October 1 to producers 49 cts., year ago 54 cts.

Potatoes—October 1 forecast 5,410,000 bu., September 1 forecast 5,624,000, final estimate last year 2,250,000; price October 1 to producers 46 cts. per bu., year ago 104 cts.

Apples—October 1 forecast 3,760,000 bbls., September 1 forecast 3,500,000 bbls., final estimate last year 3,000,000 bbls.; price September 15 to producers $1.50 per bbl., year ago $1.56.

Tobacco—October 1 forecast 379,000,000 lbs., September 1 forecast 384,384,000 lbs., final estimate last year 364,000,000.

Hon. W. J. Fields Here

Congressman W. J. Fields was here last week. He left Friday day morning, going to Cynthiana, Congressman Fields said he thought the outlook bright for a large Democratic majority in November.

Mr. Fields will have opposition for the Democratic nomination, Edgar Hager, of Ashland, and Judge John Riley of Rowan county, having announced as aspirants for the place.

All cats imagine they can sing—and in that respect they are like men.

Facts For Sufferers

Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore stiff muscles or whatever pain you have yields to Sloan's Liniment—brings new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 25c. and 50c. $1.00 bottle holds six times as much as the 25c. size. Adv.

Once in awhile you'll find a politician who is proud of his trade.

Sunday, Oct. 17—Burgoyne, surrounded by American troops, capitulates, 1777.

RUTH IS HOME AGAIN.

"What makes this butter crumble so?" remulred Ruth's sister, as she was trying to cut butter that had been upon the ice a long time.

"Very cold butter is likely to do that unless you know now to cut it properly," answered Ruth, "So you might just as well learn how to cut it properly right now. Let me show you."

And taking a piece of waxed paper in which the butter had been wrapped, she put it over the sharp edge of the knife and cut into the butter. The butter did not crumble, break in pieces or stick to the knife, but separated in nice, smooth layers, as good butter should.

"Ruth," ejaculated her sister, "I don't like to be continually praising you, but I must say that you are the eighth wonder of the modern age."

NOT A NATURE FAKE.

The new maid came in and made this announcement:

"The cat has had chickens, mum!"

"Chickens? Kittens you mean, don't you Norah?"

"No mum. She's just had that poultry the grocer's boy brought."

LEARN A LITTLE EVERY DAY.

The first express company in the United States was organized in 1839.

A double center page advertisement in colors in the Saturday Evening Post costs $12,000.

There are more than 40,000 Chinese laborers in Cuba.

The Bayeux tapestry is a piece of cloth 200 feet long and 20 inches wide on which is embroidered a panarama like picture of the conquest of England by William the conqueror. It is now preserved in the Bayeux public library in Normandy. It contains seventy-two scenes and is a valuable record of the dress and customs of that period in history.

MAKING A NEW KIND OF PLUM JELLY.

This Fall, when making your plum jelly, try this plan: Get fresh mint, and while the jelly is cooking add some of the mint leaves to it. Pour the jelly into glasses so that a few leaves will be in each. The mint gives a flavor and point to the jelly that makes it especially delicious.

PEANUT BUTTER SALAD.

Mash the yolks of several hard-boiled eggs and add enough mayonnaise dressing to moisten them well. Cut white bread in thin slices, spread thickly first with peanut butter then with the egg mixture. Arrange on watercress or lettuce leaves, garnish with rings of egg whites and serve with dressing.

It's a real joke on the barber when he doesn't get his wise to the fact that the man in his chair is deaf.

When Baby Has the Croup.

When a mother is awakened from sound sleep to find her child has been put to bed apparently in the best of health struggling for breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. Obtainable everywhere. Adv.

17 DAYS LEFT

But the standing of contestants in the Pony Contest may change entirely in that time. When you get 500 Votes For Every Dollar, they count up mighty fast. If you go to work with a determination, you can make yourself a sure winner in a week's time.

For instance. Suppose you get Ten friends to take The Mercury for Ten Years. That would be $160 and would mean

50,000 VOTES.

You think it would be hard to do this, perhaps. Well, you never can tell until you try and we believe it would not be as hard as that.

And here is another way to get votes. Suppose your father or one of his friends has lots of printing done. He may not want it done now, but will want it some time during the year.

In that case you can get him to buy a card, good for $5.00 worth of printing, to be used at any time within the next twelve months, and you will get credit at once for 500 votes. By the time you read this, the Pony and Cart should be in Carlisle, and when you see it, we know you will go to work in earnest.

Time Is Flying

But, as we said, hard work and lots of hustle can change the race even yet. But you will have to hustle

TIME IS FLYING
