VOL. L— CARLISLE, NICHOLAS COUNTY, KENTUCKY, THURSDAY, JUNE 7, 1917. NUMBER 23

COMMENT

Buy a Liberty Bond and parade that Turnverein Potalian.

The New York Tribune says that the one best reason for buying a Liberty Bond is "that our country needs the money." What better reason for investing in one could any patriot have?

You fellows who registered Tuesday should be proud of the distinction. In the opinion of the experts who framed the selective conscription bill you are the cream of the young men of your county and best fitted to fight its battles. Our hat is off to you, one and all.

Robertson county has already oversubscribed her allotment of Liberty Bonds. It begins to look like Nicholas will fall short of her apportionment. We have one more week. Get your subscription in before June 15th and show the world that we are not asleep or just too drafted "tight" and selfish to lend our country the money they ask for.

Although laboring under the handicap of reams of gratuitous advice as to how to grow more than he ever grew before, which is being poked at him by men who wouldn't know a cutting harrow if they met one on the highway, the American farmer is quietly preparing to produce the ding-busted-est crop this country has ever seen. Wait and see.

Says the Cologne Volkszeitung, one of the most influential of German newspapers:

"There is no denying the fact that we Germans have all along been too amiable toward the Americans. It is this excessive urbanity that has indirectly caused us their enmity. There is many a man who cannot bear a too courteous attitude on the part of another. It on his part with rudeness. This characteristic is met with particularly among unpolished people, and as such the great majority of Americans are to be considered. He who is well acquainted with them is aware that the ruling classes in America are exceptions, as they unfortunately do not please them at all. Their taste, generally speaking, lies in the direction of the saloon and a huge spittoon at their side. Such people are to be reached only by the manner of the Kaiser, and it is to be hoped that he will drive such an exhibition the ideals of equality and democracy flourish exceedingly, but the county into a Bertin given every real American the goose flesh."

Is that so? Well, old verdantier limpf, we had rather sit in shirt sleeves and spit in spittoons than to engage in the elevating sport of spitting helpless babies on rifle bayonets, just to see them squirm, as your goose-stepping emissaries of Kaiser have been doing in Belgium.

The youth of Nicholas county went to the registration precincts on Tuesday and entered their names on the roll of honor of men eligible to fight for their country in the greatest of all battles for Freedom that the world has ever known. We have no doubt that those of these men who may be called will acquit themselves nobly. That some of them who march away may never return is a possibility that must be faced, for war is grim, pitiless business. We all regret that this must be, you will say. But, do we regret it as we should? You wouldn't admit that your selfishness, that your love for money would lead you deliberately to loosen the chasses of one of these Nicholas county boys to return to his family. And yet we honestly believe that many of you have it in your power to mitigate the horrors of this war; to help that boy come back to his father and mother—and this is how you may do it:

EVERY DOLLAR THAT GOES INTO A LIBERTY BOND DOES ITS PART TO TIP THE BALANCE OF FATE AGAINST THE KAISER AND AUTOCRACY. WHEN GERMANY REALIZES THAT THE ENORMOUS RESOURCES OF THIS COUNTRY ARE UNANIMOUSLY ARRAYED AGAINST HER, THE BEGINNING OF THE END WILL HAVE COME. BUY A BOND AND SAVE A BOY!

"GO TO WORK OR WORKHOUSE," IS MAYOR'S ORDER

Steps To Make This A "Spotless And Loafless" Town Taken At Council Meeting.

"Go to work or go to jail!" is the gist of the ultimatum that will be given all to-no-in Carlisle who have no visible means of support.

Mayor Frey at council meeting Monday night instructed Chief of Police Lancaster all loafers which or black.

So you'd better get busy boys, for it's now or jail for you. Carlisle wants roads those days.

In line with the movement which is now nation-wide, the council also set apart June 25th and 27th as "Clean-Up Days" in Carlisle. Everybody is to participate in the work which the promoters claim will make the city cleanly and carry the germ away.

With a spotless town and a loafless town, we will then be in position for the Chautauqua, which opens here on June 30th.

The city dads decided that no Health Officer is necessary, and Joe Noonan, who recently resigned the Marshalship, would be appointed at present.

The Fifty Dollar Bond

Purchasing Liberty Bonds in a denomination as small as $50 the Secretary of the United States Treasury has put in the reach of almost every man, woman and child, and the actual service is his country.

No all can fight, not all can render personal service in other ways, but those who are denied the privilege of serving their country in person have the privilege of serving her by lending their money to win her victories.

But it is not patriotism alone that should induce you to buy Liberty Bonds. Thrift and a shrewdness in investing small savings commend these Liberty Loan Bonds to small investors. They are safe, and considering their tax free quality—free from all federal, state and local taxes (including inheritance tax) in the safest way ever has that kind of investment been offering, affording an absolutely no risk, yet yielding a 3½ per cent. yearly income an ideal investment for savings.

Nor is there any reason for waiting for a larger bond issue for the subscription to Liberty Loan Bonds cannot be obtained, for the last months that should such bonds be issued later, Liberty Loan Bonds may be exchanged for them at par.

781 MEN IN THE COUNTY ANSWER CALL OF COUNTRY

Comparatively Few Exemptions Claimed By Those Registering. Day Passes Off Quietly. No Disturbances Reported.

Claiming surprisingly few exemptions, the youth of Nicholas county, responding to the nation's call for fighting men, presented themselves at the registration precincts Tuesday and entered their names on their country's roll of honor.

It was a day not without its tears among the mothers of stalwart sons, upon whom most of all fall the horrors of war; it was a day fraught with deepest significance for all loyal Americans and every citizen of the county seemed to feel the seriousness of the moment.

At seven o'clock on Tuesday morning, following the order of the Mayor of Carlisle, all whistles and bells in the city were sounded for a space of two minutes, reminding every citizen of the importance of the day being ushered in.

Registration began early and four-fifths of the young men of the county had visits of their respective registration places before the noon hour. No disturbance of any kind was reported and from every district in the county comes the word that men presented themselves cheerfully and willingly, many being loath to claim exemptions even when clearly entitled to an exemption.

When the polls closed at 9 o'clock, it was found that 781 men, had registered, 731 of these were white and 50 colored. Of the white men registered, 276 did not claim any exemptions. 20 of the fifty negroes registered did not claim any exemptions.

A list of the registration, by precincts, follows:

	White	Colored	Total Reg.	No Exemptions Asked White	No Exemptions Asked Colored
Headquarters	72	5	77	19	2
Hall Hill	41	0	41	23	0
Taylor's Store	61	0	61	18	0
Blue Creek	56	2	58	21	1
Sims' Store	56	1	57	19	1
Buzzard Roost	76	0	76	25	0
East Clifton	45	7	45	16	2
Croyton	43	0	43	15	0
Matthias' Shop	79	1	79	31	0
City Building	88	4	92	31	1
Engine House	65	28	71	24	11
Mayor's Office	85	2	87	34	0
Wesson	30	0	30	11	0
Totals	731	50	781	276	20

All of the registrars from the various precincts brought the returns to the county clerk's office Wednesday morning and by noon the registration was complete. Much detail work remains to be done by the county clerk and sheriff, including the making of an alphabetical list of all men registered.

This list will probably be published later in the columns of The Mercury.

It can not be stated authoritatively whether any eligible man in the county failed to register, but it is probable that the government will take immediate steps to overall any man within the age limits, who failed to present himself for registration on Tuesday.

TO THE VOTERS.

Owing to the fact that I have been in the Mercantile business here for years for some time, coupled with the fact that an injury received some weeks ago has incapacitated me for some time, I have been unable to see and talk with the voters of the county in the interest of my candidacy for Jailer.

As soon as it is possible for me to do so I will personally to see every man in the county, but in the meantime I wish to take this method of asking them to give my candidacy their earnest consideration, promising that if I am elected I will do all in my power to conserve the interests of the office to the best of my ability.

Respectfully,
C. C. DUNN.

Meeting Postponed

Owing to the disturbed condition of the country and nation, which has filtered into a world wide war, and the fact that a great number of our sportsmen are coming out, and have gone to Canada to spend the season, as well as the fact that we have no annual gatherings, we have decided to postpone indefinitely the "Old Settlers Meeting" which we usually hold in this precinct about 4 July.

HON. CHARLES KERR TO SPEAK HERE MONDAY.

Fayette County Judge Will Address Citizens Of Nicholas On Next Monday Afternoon.

Judge Charles Kerr, of the Fayette County Circuit Court, will address the citizens of Nicholas county at the Court House Monday afternoon at 2 o'clock.

His address will cover the duties of all American citizens in this great war we have entered. He will explain the duties of every man in this county to supply the country's war men and money in the greatest cause for democracy that the world has ever known.

Judge Kerr is one of the most eminent thinkers in the Commonwealth and a speaker of extraordinary power. Every man and woman in the county should hear Judge Kerr.

Coming at this time, the message he will bring is sure to be intensely interesting and you can not afford to miss the opportunity to hear him.

No doubt there are many phases of the preparations being made by this country that you do not fully understand. False impressions prevail regarding the purpose of the issue of Liberty Bonds and other phases of the preparations the government is making to fight the battle of freedom. Judge Kerr will present all these facts clearly. You can trust your country to be well informed in regard to our preparations. Let no one feel he can be allowed to interfere with your coming to town Monday to hear this speech.

Remember the date—2 o'clock Monday afternoon.

Prohibitive Tax On Whiskey.

WASHINGTON, June 2.—Prohibition legislation was resumed today by the Senate Finance Committee as a new feature of the war tax bill.

Prohibitive taxes upon distillation of whiskey, and other spirits for beverage purposes with a ban upon their importation, received the support of a substantial majority of the committee.

Taxes fixed by the House on beers and wines were left unchanged, though they have not yet been finally approved.

General suspension of beverage production by distillers and use of liquor now in bond probably would be the effect of the committee's action, which includes a proposed prohibitive tax on consumption during the war of any distillation or foodstuffs used in making distilled spirits. Chairman Simmons said tonight, considered the dual objects of the committee in adopting the tax.

Manufacture of alcohol for industrial and medicinal purposes would not be affected.

In addition to the present tax of $2 per gallon on the liquor, a tax of $20 per bushel, from $4 to $5 a gallon, on all grain cereals or other foodstuffs used in making whiskey or other distilled spirits for use as beverages, was written into the bill.

Recruiting Station For Army Is Located Here

Carlisle now has a recruiting station for the regular army.

Sergt. C. E. Frey reached here last Thursday to take charge of the station. He is well pleased with the town and its people and just for the purpose of advertising the nomination there by the citizens.

There are now in the regular army dates who have proven in the past that they are Not temperate men. They are men who have given Aid and Comfort to the Liquor Interests of the County; and, worse than all, have violated the Oath of their office, have, thereby, forfeited the bond by their oath of office to "Faithfully Execute and Enforce the Law." Can you imagine anything worse than an officer, bound by his oath of office, aiding, abetting, and conniving with the Liquor Interests to violate the Liquor Laws?

Among other candidates for one office there is one who was formerly an officer, and at the time of his office holding, gave his consent and assistance in supplying a noted "Blind Tiger" with the necessary stock in liquors. In every possible way he assisted the illegal liquor sellers to carry on their nefarious business, and to nullify the laws enacted by the Sovereign State of Kentucky and by the voters of Nicholas County. Not to mention the fact that he was a principle in the (pounding) and (hedging) to the enforcement of the Local Option Laws.

It will not be hard to find the names of those candidates who may be trusted; beware of those whose main backers are Known Liquor Users.

Carlisle's Chautauvua Starts On June 26th

And we're invited. It is to be a great big community affair that includes Carlisle and Nicholas county. And this means every farmer and his family in all this great territory.

It will be out in a big tent, a building that easily accomodates everyone.

It is to be mainly an afternoon and evening affair at which time the big attractions appear. There will be plenty of music, too, for every taste.

Music will be a big feature. You love music. Every one we see anybody that didn't? Well, if you know anybody that doesn't love music, just tell them that Chautauqua, and they'll come out converted to music. Music is the thing that puts the throb in the heart beat and makes life just a little sweeter and a little more worth while.

So we're going to have a musical festival in this county Chautauqua program with an entirely different number each evening. Just what? Well, we don't know, yet, exactly. But, you bet it will be on the big sixth day. Don't forget that. Another will be something else and another something else.

The men and women back of this Chautauqua are wonderfully. Perhaps, know every one of them. They are men and women who live right here in this town and community. Most of them are busy, busy people. They are out hustling to make this thing go, and will get just as much out of it as any one who takes advantage of the opportunity to attend. We have an opportunity to enjoy a Chautauqua program for a few days, to get a bit of wholesome inspiration, to get something of a boost out of the big into which every man and woman is put when they get together in a crowd or idle, this is not. Isn't it a fact?

Now then, if you want to do the right thing by yourself and by those others who are working for this Chautauqua's success, buy your tickets to day, and let's make this Chautauqua the most successful success that it's possible to make.

And keep the date in mind, June 26 to July 5, and the hours for the program and the price of the tickets and the big talk and big inspiration and community stimulus and the good good you are going to get out of it, and we'll see you at the big tent on the Chautauqua grounds in Carlisle.

Plan your time so you can come in and we'll talk it over further.

The price of the season ticket is $2 for 12 sessions if you're over 14. $1.00 if you're under 14.

See Mr. Wyatt Insko, Secretary of Chautauqua, for tickets.

To The Voters Of Nicholas County.

The Women's Christian Temperance Union of Carlisle solicit your earnest co-operation in an effort to bring about the nomination of candidates at the coming August Primary, candidates who shall be Temperance men in Fact and Deed and not just for the purpose of securing the nomination and thereby the office.

There are in the county at the present dates who have proven in the past that they are Not temperate men. They are men who have given Aid and Comfort to the Liquor Interests of the County; and, worse than all, have violated the Oath of their office, have, thereby, forfeited the bond by their oath of office to "Faithfully Execute and Enforce the Law."
