The Mercury wants the Congressional Convention held at Carlisle. Nicholas may have the Convention if she wants it—Fleming will be satisfied with the nominee.—[Rambler. Who is it? Browning or Smith.

WE have the statistics compiled from the Assessor's books, and furnished by our County Clerk, but owing to their length and late arrival, are crowded out this week, but will appear next week.

...collide with the United States troops in their pursuit of the border ruffians, they will be met with force and not diplomacy.

The Louisville Argus says: Lexington will celebrate its Centennial on the 11th of April. The citizens should call upon Mr. George Alfred Townsend, the distinguished novelist and poet, to give his reminiscences of the place. Mr. Townsend's friends would have every courtesy shown them when they come down to ship the body East.

County officers in Mason.

Last Saturday witnessed an electing primary election in Mason, in which the favorites were nearly all beaten. The following gentlemen were nominated: J. C. Ricketts for Sheriff; G. S. Wall, County Judge; W. W. Ball, County Clerk; John L. Whitaker, County Attorney; James Guilfoyle, Jailer; Thomas P. Anderson, Assessor; M. T. Cockerell, Coroner. It is thought to be a good ticket, but may lack the essential element of harmony.

Shooting of W. H. Andrews.

Those having a personal acquaintance or business dealings with Mr. W. H. Andrews, the great dry goods merchant of Cincinnati, will regret to hear of his having been shot by a burglar at Warren, Pennsylvania, on Wednesday last. He was awakened by the noise of the intruder, and told that if he moved he would be killed. Mr. Andrews bravely attacked the robber, and was shot in the breast. The wound was found penetrating the left breast, encroaching upon the nipple. The direction of the ball was downward, slightly inward and backward, threatening more the abdominal than the chest cavity. Mr. Andrews, in rushing upon the intruder, must have bent forward and thus have given a somewhat safe direction to the missile. Had he been erect it would have killed him instantly, as it would have traversed the base of the heart. Not prostrated by the bullet, he followed the robber into the hall. From this point the robber passed into the parlor and made his exit through the open window by which he had gained his entrance. Mr. Andrews, now beginning too faint, felt for the first time the wound, and further realized its presence by the appearance of blood showing through his night clothes. If the...

Wheat Wanted

I am now prepared to handle and...

A GENTLEMAN from Pleasant Valley Mills called upon us last Thursday, and after subscribing for the Mercury, remarked that he never in all his life saw such friendly people as Carlisle and Nicholas County could boast of. He had been in town but an hour, and had two invitations to dinner and one to stay all night. Inquiry brought the fact to light that his would be hosts were all candidates.

OLD residents fail to remember a heavier rain than the one that visited Marshall's Station and vicinity, in Mason County, last Thursday. Wheat shocks were badly washed about in the fields, and in places the water stood a foot deep on the railroad track.

IN the coming of the Surgeons of the National Surgical Institute to Paris, on the 17th and 18th of July, at the Bourbon House, the suffering afflicted of this portion of the country have an opportunity for relief without fears of being humbugged or mistreated. Also it affords a chance for a cure to many who have long wished for a treatment at this Institute, but who could not afford neither the time nor money necessary for a visit to Indianapolis. We extend a cordial welcome to these surgeons, knowing their visits will necessarily be of incalculable benefit to many suffering adults and children of this vicinity, who will take advantage of this visit to see them and be placed under immediate treatment. The opportunity should not and will not be neglected.

Through the kindness of our landlord, Mr. James Mann, we have a nice office fixed adjoining our publishing room, which in future we will use as a sanctum. We cordially invite our friends, and especially those in arrears for subscriptions, to call on us at their earliest convenience, occupy a nice easy chair, quaff a choice cup of ice water, and with the editorial chat of our numerous exchanges you can pass a quiet hour pleasantly and profitably. Farmers, next County Court day we will be pleased to talk to you in our new sanctum.

Judge Banta dont think that S. G. Rogers played exactly foul with him, in the full meaning of the term, but he is still of the opinion that there was a little "shenanneghan" going on.
