Effron's

Now Is The Time

WE ARE PLEASED TO ANNOUNCE TO THE PUBLIC that our estimate of cars for the present year has been increased over that of last year, and we will be able to make better deliveries in the future, but we want to remind everyone who has an idea of buying a Ford for Spring that they had better get in their order at once or they will find the other fellow is ahead, and the wait will be unpleasant. Act on this right now.

We have on hand for immediate delivery one Ford Tractor, and the first man gets it. Now is the time it will be of great service—seeding, filling silo, and all kinds of winter work about the farm, and the price has been reduced.

OUR BATTERY SERVICE IS GIVING PERFECT SATISFACTION, and we want to impress upon the public that we do as good work in that line as can be done anywhere and costs you less money. We are making a specialty of repairing Radiators, no matter how bad, and guarantee perfect satisfaction.

We now have in stock Goodyear Cord Tires for a Ford, as well as Fabric. Also Republic and United States, with the right price on all.

When you want a new Battery remember we sell the GOULD, and you can find no better.

We have for sale one second-hand Touring Car in good condition, and one roadster.

Respectfully,

HARPER'S GARAGE, Inc.
