We are authorized to announce

JMOS W. STAMPER

as a candidate for the Democratic nomination for Representative from the 19th Legislative district, composed of Nicholas and Robertson counties, subject to the action of the Democratic party at the primary to be held Saturday, August 4, 1923.

OH, HENRI!

(Twin Democrat)

The Winchester Sun pays Senator Henry S. Caywood the following "compliment":

"Henry Caywood of the Sun is very much amused at the tactics resorted to by one of Bourbon county's largest stock dealers and farmers, in giving our reason for not being able to support Hon. J. Cox for Governor. The reason we can't be a supporter of Mr. Cox, he says, is due to the fact that he is opposed to gambling of any sort.

"It would be interesting to know this very person who is so shocked at gambling. Henry Caywood is the most sort of gambling evidently before to attained his majority. Now, just as an example, which one of us think is the worst of the two—a man who will gamble away some rare coin or stamp, or a man who will participate or to gamble on the futures, anywhere from one to fifty car loads of hogs, to be delivered at certain intervals, in certain months, in certain months, we hope ever being in a position to purchase on the available market at a stipulated time? Just how consistent do you feel that this man is? Is he not the worst form of gambler that you could find?

"Henry Caywood is a fine fellow man, and his vision, if he ever made one to the rare tracks, have been few and far between, but this same Henry ben county trader has not only been a regular visitor to the Lexington trotting tracks, but at the same time has spent much money on all sorts of cases. We are glad to report that he does not participate any more in rare horse gambling.

"During the early spring this same Henry Caywood was engaged in Carlisle, while eating lunch at a hotel in Paris, the Sun learns from a reliable source, were a price guarantee of the delivery of a certain amount of grain, and the price was guaranteed, the gamblers was accepted, attempted to pay off his losses, and before leaving the dining table issued a check for a considerable sum for that purpose.

"The Sun, it will be pleasing to contact the name of the party in connection with this, but we do not consider this person one of our very best friends, but we can produce his name and challenge him to deny the above facts.

"The attacks that have been made on Campbell Cantrill have been backed up by about the same caliber of men as the above

"With all the scourgeound war that has been carried on against Cantrill, and indeed, it is the thing daily one of the best of gamblers, the Sun credits that Campbell Cantrill will be the Democratic nominee. He will not only be the Democratic nominee of Kentucky, he will be the next Governor of Kentucky. Cantrill, Republican nominee at the election in November.

"The Sun would ... leave the impression that all of the supporters of Barkley are in the Democratic ... some of the ... supporters ... they refrain from the above tactics."
