THE Kentucky Court of Appeals has taken a recess until the 29th of May.

THE Cynthiana Democrat is a year old under the superb management of Hanson Penn Diltz, and consequently he is putting on airs. He deserves encouragement, which, properly bestowed, will give Harrison County an elegant county paper.

IN connection with the race for Congress, we heard very favorable mention made of Dr. A. G. Browning of Fleming, an intelligent, agreeable, gentlemen, one that has had experience in Washington as clerk in one of the Houses, and if he would run for the office would make a most acceptable Representative.

As will be remembered, in our last issue we published the list of Bath County nominees. Of the number we notice the nomination of an old time friend, Mr. O. S. Riggen, for County Clerk—a genial, unselfish, noble young man. We are proud of his promotion, and feel fully satisfied that Bath will never have cause to blush at her decision, as a nomination in old Bath is as good as an election. We greet clerk Sam cordially, and predict this but the first step in his line of promotion to a useful and brilliant career.

JERRY ANDERSON.

An Interview With the Prisoner—His Farewell Week.

Through the kindness of Jailer Weedon we were admitted to the cell of Jerry Anderson, the wife murderer, whose execution is to take place in Maysville next Friday, May 3. The Governor has turned a deaf ear to a strong petition for the commutation of the prisoner's sentence to imprisonment for life. Efforts are still being made, however, and Jerry may yet have his sentence commuted to the sister hardship of a life in the State's prison.

[illegible]

a petition for a commutation of his sentence. He was convicted on circumstantial evidence, the strongest of which was that he had sent another negro to the drug store to procure some poison.

Judge Whittaker passed through on the train last Monday, and reports that the Governor desired the names of four of the jurymen which were not in his position, but would not say what action he intended to take in the matter. When convicted Jerry stated that he preferred hanging to the penitentiary. He has since weakened on that determination, and thinks life is too sweet to hold so lightly. The rope to be used in the execution passed down to Maysville last week.

The Maysville Eagle says: "The Governor has not yet commuted the sentence of Jerry Anderson, but all the indications are that he will do so. The great probability is that those who expect to see a man hung for murder in this county on next Friday will be disappointed."

THE members of the Florida Returning Board have confessed to the most bare-faced fraud of the age in their confession of how the returns from that State were trimmed to suit the Republican party. They have confessed to nothing more than was known by the people of the United States, and therefore the matter creates but little comment. Congress will take no action in the matter. To impeach Hayes would be to make his partner in fraud, William A. Wheeler, President.

Where to Buy

AND

What to buy.

THESE TWO QUESTIONS DIRECTLY CONCERN EVERYBODY, AND THESE ARE THE TWO QUESTIONS WHICH

F. M. PEALE & CO.,
OF THE
CITY CASH STORE,

Propose briefly to answer. In the first place the best goods are always the cheapest. No article is cheap unless it wears well and looks well. Too many people in the world entirely overlook these essential qualities. Badly made, trashy goods are dear at any price. In the second place, or "where to buy?" We lay no claim to perfection, but we do claim to handle always only the best goods, and we confidently assert that there is not a better or cheaper dry goods house in Kentucky. Jas. A. Cappell has just spent twelve days in New York buying new goods for our house. Now we want everybody to come and see our goods and judge for themselves. Look at our beautiful Black Dress Goods, our Black Silks, Summer Silks, Cashmeres and especially our beautiful and elegant Bowre[illegible] for over dress. The handsomest goods ever shown. The Brinly Universal Plow

Is without a rival in the number of changes that are possible, in the ease with which they can be made, and their completeness when made. Thus by moving only two or three bolts the one horse plow is a steel plow, a cast plow, a subsoil plow, a solid cotton sweep, a Dickson cotton sweep, a cotton scraper, a shovel plow, a half shovel plow, a double shovel plow, a bull tongue plow, a scooter plow. Mr. T. E. C. Brinly, of the firm of Brinly, Myers & Harding, Louisville, Ky., will be on hand next County Court day with all the improvements in his wonderful plow. Farmers, don't fail to examine this plow.

Remember the auction sale of W. T. Overby's goods at the Lower Blue Licks next Monday, May 6. The corn, wheat and tobacco will be sold immediately after dinner.

OUR local editor wishes to return thanks to Messrs. Stitt of the Holladay House; White & Lanagan, of the Rambler, and Ashton, of the Democrat, for favors. Also to Capt. Jackson, of Elizaville.

COOL.—Messrs. Adair & Brewington are excavating for a large ice house under their building, and will be prepared to dish out frigidity in the shape of pure lake ice to our citizens during the heated term.

WHILST in Flemingsburg, we called upon our friend, James McCann. Some of the most beautiful designs we have in our cemetery were turned out of his marble works. Jimmy is clever, and gets up work artistically and cheap.
