RELIGIOUS

PRATHER (M.E.)

God has placed a lot of crosses or signs the first we know absolutely nothing about the second sign from the creation of man, and stated that the flood. The second sign we know is given live and in which our Lord also lived dates from the flood, and ended with the day of wrath revealed to Daniel the prophet. The cross is the cross of the ages. It stands in the center of this present evil age. The fourth age we are looking for a thousand years of peace, while Satan is bound. The fifth and last age, eternal, when Christ shall hand over the reins of government to the Father and He shall be all in all. Come at 9:30 and worship with us.

PRESBYTERIAN CHURCH

H. W. Alexander, pastor.

Prayer meeting Wednesday night at 7. At this hour we will study "Paul" one of the Apostles. The young people will always find a welcome here.

METHODIST CHURCH

E. K. Arnold, pastor.

During the month of April our thoughts and efforts will be evangelistic. A week of special meetings will be held this month. Each service will bear upon this topic. Business and weather conditions were unfavorable to visiting during the month of March so we are asking that our Sunday school workers and church people continue this work through the month of April. Each person is asked to do personal work, visit your neighbor, talk to them about the church and its work. Invite them to its services.

Sunday school at 9:30. Morning sermon at 10:45. Evening services at 7:30. Epworth League at 6:45. Note the change in time of the evening services.

You can help in this special effort of Evangelism. You have a responsibility. You will be benefitted by sharing in this work. Let no one stand idly by when the harvest is so great. "The Master hath need of thee." We are here to serve, to build up the kingdom of God. You are invited to share in the work. Your presence is desired. You are always welcome to all services. Come!

SPECIAL NOTICE

To the people of Carlisle and Nicholas County: Please note that all evening church services from now on begin at 7:30 o'clock. Certainly the churches of Carlisle are worthy of your attendance and support. Just about one-half the people of this county belong to some church in that their name is recorded on a roll book. Only about twenty-five per cent of the church members ever attend during the year. Of the total membership about ten per cent of the members pay about ninety-seven per cent of the church expense. The remainder of the entire membership pay only three per cent of this expense. Is that fair? Yet when sorrow comes into the home, or other trouble, the church and its minister is called upon to render the needed services. In other words, your neighbors and friends must pay the bill out of their pockets the money needed to keep the churches going and the preachers on the field, while other folk use the church and the preacher for their needs without giving one cent for the support of either. Is this fair to your neighbor, your God, the church and the minister? Of course it is not. You should shoulder your part of the burden, as you also must give an account of your life and conduct before Almighty God. If a person complets the church, and salvation in Christ and God, why call for the service of the church and the preacher when that person leaves this life? You must settle your eternal destiny while here on this earth. Behold it is high by confessing Christ before men, openly. Confess Him each Sunday by attending church. Confess Him by supporting the church. Confess His cause on earth by helping to promote it, and confess Him by living for Him. Repentance is too poor an excuse for a part in His program. We as ministers are here to serve you; help you; lead you; and comfort and instruct you in all ways within our power. We have a right under God to ask you to support the churches of Carlisle. We plead with you to give God a chance as we try to minister in His Holy name, and train your children and lead them to a saving knowledge in Christ. Attend church. Support the church. In this way will you and the community receive a great blessing. Christ will not accept your excuses, as He condemned all excuses, and after all you and we must face Him at the judgment and give an account of the deeds done in the body. How will your account sound? This is the day of salvation! Harden not your heart!

Yours in the name of Jesus Christ and the Church.

THE CARLISLE MERCURY

VOLUME LXVI ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, APRIL 7, 1932 PUBLISHED THURSDAYS NUMBER 14

EXAMINATION FOR POSTMASTER HERE

Civil Service Commission To Receive Applications Until April 26

SCOTT IS AN APPLICANT

To fill the vacancy in the position of postmaster in this city, the United States Civil Service Commission has announced, at the request of the Postmaster-General and in accordance with an order of the President, an open competitive examination.

To be eligible for the examination an applicant must be a citizen of the United States, must reside within the delivery of this post office, must have a resided for at least two years next preceding the date for close of receipt of applications, must be in good physical condition, and within the prescribed age limits. Both male and female are admitted.

Under terms of the Executive order the Civil Service Commission will certify to the Postmaster-General the names of the highest three qualified, and the Postmaster-General will select one for nomination by the President. The salary of the postmaster is the final action.

Applicants will not be required to assemble in an examination room for actual test, but will be rated on their education and "business training and experience." Two competitors will visit the city to make investigations and secure information from local business and professional men and women concerning the experience, ability and character of each applicant.

Letters of the evidence secured will be referred to the Civil Service Commission in the form of a brief report and upon this evidence, and this alone, the Commission will rate the applicants.

The Commission states that nothing will be permitted to appear in the report which might even suggest political affiliation of any candidate.

Full information and application blanks may be obtained from the secretary of the local board of civil service examiners at the post office in this city, or from the United States Civil Service Commission, Washington, D. C.

April 26 has been set as the date for the closing of receipt of applications. The salary of the Postmaster at Carlisle is $1,700 a year.

The Postmastership at Carlisle has been in a political vortex here for the past five years. On March 5, 1927 Governor Fox Beard appointed acting postmaster at the expiration of the four-year term of Will M. Jones. An examination was held and Mr. Scott was last placed on the eligible list. Mr. Inskeep W. H. Frey and S. C. Vaughn having been given the highest rating.

Friends of all three of the eligibles made strong appeals in behalf of their candidates who were on the list, but were never able to secure the appointment. Mr. Scott remained during the five year acting postmaster.

Mr. Scott, the present postmaster, has made many friends during the five years he has served the people through the Carlisle office in a manner in which the affairs of the office have been conducted.

Mr. Scott will be an applicant for the office. Mr. Frey and Mr. Vaughn will also probably be applicants, and a number of other local Republicans. Mr. Inskeep will probably not be an applicant, as he was appointed several months ago to a lucrative position in the Internal Revenue Bureau.

The Kentucky association received last year 300,000 pounds of wool, on which an average advance was paid the grower of $16.46 per hundred and a final distribution was mailed on October 1 to its members, making a total average of $20.62 for the 1931 clip.

FISCAL COURT CUTS TAX LEVY 6 CENTS

Rate Fixed At 64 Cents, Lowest Since 1915, At Meeting Held Tuesday

SHEEY CLAIMS ARE CUT

The regular April meeting of the Nicholas fiscal court was held Tuesday with all of the Magistrates present and considerable business was transacted.

The most important business transacted by the court was making the tax levy for the year. The court fixed a rate of 64 cents a reduction of 6 cents on each $100 worth of property from last year. The rate was fixed at two 70 cents each $100 worth of property since 1916, this being the lowest rate in 16 years.

Reduction of the tax rate will mean a saving of several thousand dollars to the taxpayers of Nicholas county, and the reduction of 25 per cent in the valuation of farm land will mean a saving of several thousand more.

The tax levy for the year will be distributed as follows: General expense fund, 26½ cents, road and bridge fund, 22 cents, bond retire fund, 1½ cents, sinking fund for school bonds, 2 cents, sinking fund for school bonds, 2 cents, sinking fund primary road bonds, 3 cents, sinking fund for county road bonds, 2 cents; interest fund funding bonds, 1½ cents; and $150 for fair and bridge fund.

The court discussed at length the advisability of sheep claims, and after considerable discussion voted to allow claims for the amount for which the sheep killed were assessed. In case where claims were made for sheep being injured the court voted to allow 50 per cent of the assessed value. This action will reduce the claims on file in the office of the County Clerk approximately 40 per cent. After the reduction, it was found that funds available for the collection of dog licenses will not be sufficient to pay the claims filed against them.

Upon motion of Magistrate John O. Allison, the court voted to allow a claim of $25 made by O. C. Fisher for the death of a bird dog which was killed.

An appropriation of $250 was made for the installment of a police radio receiving set in the office of the Sheriff.

An appropriation of $250 was made for the Kentucky Children's Home Society at Lyndon.

Wealthy Montgomery Farmer Seriously Wounded

James M. Biggstaff, prominent and wealthy farmer, about 23 years old was shot and wounded seriously about midnight Friday at Mt. Sterling. He was removed to the Mary Chilton Hospital, where an emergency operation was performed. His bowels were perforated four times and he was shot in the shoulder, leg and arm, a bone being broken near the wrist.

About 11 o'clock Henry W. Sullivan, attorney, living on Clay Street, heard prowlers around the residence and called police. Mr. Biggstaff and several other persons went to the scene. A man was seen running from the house and shots were fired by the prowler.

Mr. Biggstaff had taken his wife and baby to Owingsville and left them and returned and parked his car near where he used to live. Friends feel they believed he suffered from temporary amnesia, wandering around the neighborhood and stopping at the Sullivan home. Biggstaff is a member of one of the county's most prominent families and a grandson of the late James Biggstaff, who, at his death was said to be the richest man in Montgomery county.

COUNTY OFFICIALS CUT OWN SALARIES

Judge, Attorney, Clerk And All Magistrates Voluntarily Reduce Pay

TO REDUCE TEACHERS

At their meeting held here Tuesday, the members of the Nicholas fiscal court, the County Attorney and County Clerk voluntarily reduced their own salaries, the reduction amounting to approximately sixteen per cent.

The reduction in salaries was made to help make up the deficit caused by the reduction in the tax rate and the decrease in the assessment. The voluntary cut in salary were as follows: Judge Paul D. Darnall, $200 per year; County Attorney Foster Y. Cox, $200 per year; County Clerk Mrs. Bertha Wautfall, $80 per year. Magistrates John O. Allison, O. D. McLean, Ed H. Hamilton, from $4 to $5 per day.

Salaries of all officials are fixed before their election and cuts in salaries may be made only by voluntary action of the officers affected.

In addition to reducing their own salaries the Magistrates passed an order whereby no member of the fiscal court will be paid more than five days pay for committee work in any one month.

A motion has been taken by the County Board of Education concerning the salaries of teachers for next school year. The salaries of teachers will be reduced. The board members said that, in order to balance the budget. The appointments of teachers and superintendent cannot be reduced. The board stated that it would be forced to levy for the current year has been fixed at 50 cents on each $100 worth of property, the same levy as in effect for the past several years.

John Young Brown To Oppose Billy Klair

John Young Brown, Speaker of the House of Representatives in the Kentucky Legislature, which closed its sessions at Frankfort, March 19, is slated to take William F. ("Billy") Klair's seat in Democratic State Central Committeeman in the fifth Congressional district, it has been reported.

The first stage of the fight is to be fought out in the Democratic convention in Lexington next Saturday for the purpose of selecting delegates to the state convention to name delegates to the national convention, which is to nominate candidates for President and Vice President.

Speaker Brown Saturday made affidavit that Klair had proposed to appoint him the Speakership of the House if he would assign the naming of the committees of the House, and that when he refused to agree to the proposal, Klair made an unsuccessful fight against him.

In the broader sense it is a fight to take control of the state organization from the forces of Governor Ruby Laffoon, and as the rumor goes in Lexington, Ben Johnson, Leslie W. Young and Tom Rhea are lined up with the anti-Laffoon side of it.

MERCHANTS HERE TO HOLD THRIFT DAYS

Friday And Saturday Of This Week First Of Series Of Bargain Dates

15 MERCHANTS UNITE

On page 7 of this issue will be found a full page advertisement of a group of progressive Carlisle merchants announcing the first of a series of thrift days in Carlisle.

Realizing that merchandise can be purchased as cheaply in Carlisle as in any town in the state, these merchants have decided to hold special sales days once each month to acquaint citizens of this section of that fact. On these sales days, attractive bargains will be offered to induce people of the county and surrounding counties to do their trading in Carlisle.

During this period of depression, the merchants of Carlisle realize that every penny counts and they have reduced prices accordingly. In some instances the bargains offered in the first sales days are less than the wholesale price.

The first thrift day in Carlisle will be held Friday and Saturday of this week. Visit the stores where the merchants are advertised and save money for yourself as well as help to maintain the prosperity of this community.

The local merchants who are cooperating in these special thrift days are: The J. Conley Company, Main Street Garage, H. T. Kirkland & Company, Carlisle Mill and Supply Company, Sam T. Howe & Company, Nicholas County Meat Market, Pleasant's Jewelry Store, Carlisle Drug Company, Carlisle Bottling Works, J. A. Beamann, agent for Standard Oil Company, C. R. King, Sexton's Cash Store, Tilton's Grocery, Joseph Goodman and the Carlisle Mercury.

Warrants For Teachers Witheld By Auditor

Failure of the recent legislature to enact adequate revenue measures and to present market price offered for state warrants were given by J. Dan Talbott, State Auditor, Friday as reasons why he had "has far failed to pay teachers in many counties the outstanding deficit in the school teachers' compensation fund."

"The present indebtedness' faced by the state, owing to the practice of the state government in over-spending its income, was cited by Auditor Talbott as one of the principal reasons the warrants had not been issued to meet the equalization fund.

As Usual, Story Was Mere Fish Yarn

The State Game and Fish Commission had issued a statement to correct what was termed a false impression throughout the state concerning the fishing license law.

The law requiring a license of fishermen was not repealed by the 1932 Legislature, the commission said. Belief that the false impression resulted from passage of D. Emmert Coughlin's bill by the House of Representatives to repeal the law was expressed. The commission pointed out the bill had been rejected by the Senate.

The fishing license law as it now stands requires a $1 license for resident male adults 21 years old and more and a $10 license of all nonresidents of all ages, the commission's statement said.
