ANNOUNCEMENTS

FOR STATE SENATOR.

We are authorized to announce J. G. WOOD a candidate for State Senator, subject to the decision of the Democratic voters of the district, to be expressed at the polls on the first Monday in August next.

FOR CONGRESS.

JUDGE E. C. PHISTER
OF MASON.

THURSDAY, SEPTEMBER...18, 1878

THERE has been a steady contraction of the currency for over four years of $1,000,000 per month, or $50,000 per day. This is the cause of all our financial troubles. It has increased the value of money and decreased the value of property.

JUDGE KELLEY RENOMINATED.

Judge Kelley, popularly known as Pig-iron Kelley, was renominated for Congress in Philadelphia last Wednesday, after much opposition. Though a Republican, the Judge is with the people on the money question, having hardly endorsed the rag baby several years ago.

The latest from the yellow fever and seven deaths reported. There has been an abatement of the plague in Memphis, where they had 111 deaths on Monday. In New Orleans there is some improvement, the Monday last month twenty-four deaths and about 200 new cases. In Vicksburg the same. It thought to be over, though twenty-three deaths were reported. At Gallipolis, one death. At Grenada the disease is about the only thing left. The army report for new cases and six deaths on Monday. Brownsville, Tennessee, reported new cases and four deaths. Contributions have stopped by report to all other cities except Memphis.

DURHAM DEFEATED.

The Convention to nominate a Democratic candidate for Congress in the Eighth (Ky.) District, which met at sunset August 7, and adjourned after the three day's session, during which 228 ballots were taken, leaving the matter to be decided by the Supreme Court, reassembled at Stanford on Wednesday last, and no change was shown in the ballots. A resolution was adopted to drop the blindfold man. This soon reduced the fight to DURHAM and THOMPSON, in which THOMPSON came out victorious by a fraction of a vote. The nomination gives general satisfaction, and he stands squarely upon the Ohio idea.

MRS. HAYES FOR PRESIDENT.

A former citizen of Bath County, but now a resident of this county, writes a friend in the late unpleasantness, and was seriously wounded in a single-hand battle with thirty guerrillas. On account of wounds and darling he was induced and has recommended to be placed upon the pension list. As to many other cases, doubtless, he was sadly neglected by the powers that be, and, growing restive under the supposed slight he boldly and politely appealed to Mrs. President HAYES to see him righted. He now says the proper vouchers and papers to make up his case have been promptly forwarded to him from the proper officials. He is now for MRS. HAYES for President.

THE SCHOOL QUESTION.

The question of who is the legal and properly constituted School Trustee of this district is still unsettled. Mr. JAMES KING claims that he was elected to succeed his successor, duly elected and qualified, and that he has had possession, and gave up the office, as the old Board, he claims, were not legally elected. The new Board, Messrs. ARMONT FISHER, JAMES SAYERS and HARRY KING, hold that any irregularity in the law under which they were elected was removed by their being appointed by the County Commissioners. The Board appointed Miss LIZZIE CHATFIELD and Miss MOLLIE PIERCE to teach the public school. Mr. KING, who considers himself the only legal Board, has appointed Mr. CHARLES MUNGER and Miss MOLLIE PIERCE as teachers. After two attempts to open the school, Mr. MUNGER commenced teaching last Monday morning, with about 30 scholars in attendance. In the meantime the law Board met at the Sheriff's office and pay rolls, and the County Commissioner is notified to deal with them. They have corresponded with the Superintendent, and received the following reply:

FRANKFORT, KY., September 11, '78.

The three Trustees mentioned in the letter enumerated elected at the last election, are here in possession of the office, and are the legal officers of the District, whose action will be recognized as legal. Any action of any other self-constituted or so-called Trustees is illegal, void and void of no effect. H. A. N. HENDERSON,
Superintendent Public Instruction.

BEN. BUTLER AND THE GREENBACK PARTY.

The Greenback party is developing wonderful strength in the Northern States, and its existence can no longer be ignored. In Maine the party cast 41,000 votes. The State Convention of the Independent Greenback party of Massachusetts met last Wednesday in Boston and nominated General B. F. BUTLER for Governor by acclamation. There were a thousand delegates in the Convention. The following resolutions were adopted:

Resolved, That the United States shall issue legal tender notes sufficient in amount to transact the same and to direct the volume of the people; and those issued during the war of the rebellion must be put in circulation again, according to the terms of the contract with the holders thereof, and the interest bearing bonds of the country, whose action will be recognized as legal. Any action of any other self-constituted or so-called Trustees is illegal, void and void of no effect. H. A. N. HENDERSON,
Superintendent Public Instruction.

Resolved, That the interests of this people imperatively demand that the far-reaching and ruinous power exercised by the national banks in the control of the volume of the circulating money of the country, and the fraudulent contraction of the same by the issuance of bonds, and the fraudulent contraction of the same by the withdrawal of the legal tenders, and such others acts of usurpation and oppression that must be repealed
