RELIGIOUS

MT. ZION

There will be a roll call and report of the church next Sunday morning January 8 at 11 o'clock. It is very important that all officers and members be present at that time. Tell your neighbors and invite them to come. This is the Lord's work so be sure and be present.

PRESBYTERIAN CHURCH

H. W. Alexander, pastor.

Mr. Ross has asked all those who are interested in the welfare of our church to please be at prayer meeting tonight as there will be a very important discussion. Sunday school Sunday morning at 9:30; topic, "Jesus Begins His Work." It would be a blessing if everyone would take up the book of Mark and study it along with these lessons. Morning service at 10:30. Evening service at 7:00.

PRATHER HALL

The Lord Jesus reign over over two dominions in the coming age or seem the Kingdom of Israel or Jews, which they refused to accept upon His terms, when He was on the earth, and it will be set up on earth, when the new Jerusalem shall descend from Heaven adorned as a bride for her husband—and His Body, the church composed of the faithful believers known as the church, which shall be caught up in the air, and shall reign with Him in the celestial realms. The Bride may be dear and near, but His Body, the church, is nearer and dearer. Come at 9:30 to worship with us.

METHODIST CHURCH

E. K. Arnold, pastor.

Quarterly Conference services tonight, Wednesday, at 7 o'clock. Rev. V. L. Moore will be present for this service.

Sunday morning services at 10:30. Subject, "Christian Followship." This will be a helpful sermon. Preaching in the evening at 7. Communion at the morning hour of worship. The young people meet at 6:15. They are meeting now with new officers and in keeping with the new laws of the church. The holidays are over and all are back into the regular routine of work, so let all Christian people be in their places in the church Sunday morning.

Sunday school at 9:30. Be on time. Many have developed the habit of being late. Why should we not be as punctual in church and Sunday school as at other meetings and places? The studies in Mark's gospel for the next few months promise a very interesting and profitable Bible study. You cannot afford to miss these great lessons. Shall we expect you in your place on the Lord's day? Your presence counts big. Bring some one with you. The church with a welcome to all.

BAPTIST CHURCH

W. M. Hammond, pastor.

Prayer service this Wednesday evening at seven o'clock. Following this will be our business meeting for January. Every member of the church should earnestly desire to have a part in the life of the church. You should attend its regular services, contribute to its support, pray God's blessings upon it, support its weak and encourage the faint-hearted. The Scriptures show this to be your duty in kingdom work.

Sunday school at 9:30. Last Sunday's attendance was not up to the average; let's improve on this, beginning January 8, and running through the entire year. Teachers and officers will meet at the home of the Superintendent this Friday night at seven o'clock. Let's have a full attendance of teachers and officers.

Sunday morning will be communion for the first quarter of the new year. Sickness and bad weather led us to postpone this for one week. We hope you can be with us January 8 at 10:45 a. m. and again at 7 p. m.

The B. Y. P. U. Junior and Intermediate, meets at 6 p. m. each Sunday evening. We are counting on the children to do their best in all their church work.

CHRISTIAN CHURCH

S. H. Cunningham, minister.

Services, Sunday, Jan. 8th.

10:30 a. m. sermon: "Needless Poverty—or Getting What We Want." There is a poverty for which a remedy is offered. This message is the answer to our greatest desire.

7:00 p. m. Five Sweet Singers, and others from the Christian Church Orphans Home, Louisville, will have charge of this service. You will receive a great blessing, as well as a thrilling experience in hearing these folk. Bring the whole family, for to miss this service is to miss a real inspirational treat.

9:30 a. m. Bible school. Courtesy and politeness should prompt us to be loyal to our class and teacher. Loyalty is expressed by being present. This rule prevails in our social life, and children do go to day school. Why not in our religious life? Your teacher works just as hard on the lesson for a cold day as for any other. Come.

6:00 p. m. Jr.-Int. C. E. and Senior C. E. meetings.

Each Wednesday night from now until March 15th, Teacher Training Course, taught by Prof. Plunstel and the pastor. This is a great opportunity, and is free to all. Be sure and come, whether you enroll in the class or not. You may listen-in. The brief devotional period begins at 7, sharp, on time. First lesson tonight, Jan. 4th. A welcome for all always at this friendly church.

Officials of Scotland Yard will not take up the investigation of crime notes of London unless sent until a special request has been made by a local police force of the British Home Office.

THE CARLISLE MERCURY

VOLUME LXVII ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, JANUARY 12, 1933 PUBLISHED THURSDAYS NUMBER 2

THREE IDENTIFIED AS GANGSTERS WHO STAGED ROBBERY

Wilson Family Identifies Men Who Held Them Captive At Moorefield

STRIBBY WAS LEADER

Three of the bank bandits now being held in the Lexington jail on bank robbery charges were positively identified as members of the Barbourville gang which on the night of last November 22 attempted to rob the Moorefield Deposit Bank in this county.

Two other men now being held in the roundup of bandits were identified as members of the gang which robbed the Simpsonville bank in broad daylight on October 31. Another man was taken into custody Friday morning and Friday with the arrest of Carlos Gatewood, 28, of Franklin county, who is charged with participating in the robbery at Simpsonville.

The bandits identified as having participated in the attempted robbery at Moorefield were Bishby Stribber, Francis Gleedray and Isaac Swanagan. In his confession, Swanagan implicated Stribby Tincher, reputed being the fourth member of the gang. J. H. Wilson, who was positively identify Irvin Tincher, said he was sure he saw the man who led the fourth bandit in appearance. Irvin Tincher was arrested in Frankfort last week on a charge held on the Moorfield charge. He has also been charged with the robbery of the Simpsonville bank.

On the night of November 22, I. T. Wilson, cashier of the Moorefield bank, Mrs. Wilson, their three daughters and Mr. Wilson's mother, who live next door to the bank, were taken from their homes to the bank by the bandits and held prisoners for several hours. They were released early the next morning after the bandits had satisfied themselves that the safe of the bank could not be opened until it was time for the clock at a Fraser's Ferry drug store.

Friday morning Mrs. and Mrs. Wilson and their daughters went to Lexington at the request of the Lexington police department to view the prisoners. All members of the Wilson family identified Stribby Tincher, Swanagan and Gleedray as members of the band. Swanagan confessed when he was brought here a week. Gleedray has also confessed while Stribby Tincher denies the charge.

Mr. Wilson said Stribby Tincher was the leader of the band which held him and members of his family prisoner. Stribby Tincher and another man, said by Swanagan to have been Irvine Tincher, wore the pair which made frequent trips in and out of the bank. Wilson said Gleedray and Swanagan were the pair which had constantly armed guard over members of the Wilson family while they were in the conversation at the bank and at the Simpsonville bank. Swanagan was not, but was the only member of the band whom did not wear a mask. Swanagan was wearing a narrow gold band on his left hand, Wilson said, and has been the only one he recognized.

Officials of the Simpsonville bank were also called to Lexington positively identified Stribby Tincher, Swanagan and Gleedray as members of the gang who staged the Simpsonville holdup and robbery.

All of these men are now held into custody on charge of robbery of the Simpsonville bank in Scott county in which the cashier, Ben Keenan, was slain. Stribby Tincher, Swanagan, Gleedray, Jimmie Tincher and Lonnie Harvey are being held on charge of murder in connection with the holdup at Stamping Ground. All have confessed except Stribby Tincher, who has denied participation in all of the robberies. Stribby Tincher was a former resident of this county and a trustee of the Stamping school. He is an ex-convict, having been released from a California prison last summer after serving eight years of a sixteen-year term for robbery. Stribby Tincher was named by other members of the gang as the "brains" in the Scott robberies.

$40,000 FIRE AT CORINTH

Fire of undetermined origin swept through the business section of Corinth, Grant county, Saturday night, destroying six business houses and entailing a loss of approximately $40,000. The blaze started at 7:30 o'clock and fire departments at Williamstown, Lexington, Sadieville and Georgetown were rushed to the scene. Half of the business section of the village was destroyed.

The heaviest snowfalls in the United States occur in the central portions of the Sierra Nevada mountains of California.

Committee Named To Handle Relief

Organization Formed Here To Supervise Expenditure of $4,500 Relief Fund For Unemployed

Frank O. Bullock, Lexington, director of the relief work in Kentucky, was in Carlisle last Friday and recommend a committee to handle the expenditure of the $4,500 allotted Nicholas county for unemployed relief. Mr. Bullock explained the purposes of the committee and its duties.

Under the plan, all able-bodied men would be given work on public projects. They will be paid at the rate of $1.50 per day. Money will not be paid, however, in payment for the work, orders will be issued for food, fuel, clothing, medicine or other necessities. In extreme cases where the member of a family is able to work but there are no jobs open in the family, direct relief will be given.

A committee composed of five members was formed, representing the city, county and the unorganized districts. Judge Paul D. Darnall was named ex-officio member of the committee which is composed of Judge Darnall, representing the county; Joe Scott, representing the city; I. B. Ross, representing the county-at-large; Ed Metcalfe, representing the American Legion, and Warren Fisher, representing the Lions Club.

After the committee was selected the committee decided that all workers who will be connected with the spending of the funds, Mrs. Hilda Booth was employed to investigate and prepare data on applicants. Mrs. Ethel McRohan was named as disbursing officer. Members of the committee are not paid for their services.

Deputy Sheriff Sold All Leaf On Carlisle Market

A report has been erroneously circulated in Carlisle to the effect that Deputy Sheriff J. Clarke Lee has sold all leaf on the Carlisle tobacco market this year. This report, which will surprise about three as Mr. Lee has been one of the most loyal supporters of the Carlisle market for many years, adds that the last sales held here Mr. Lee sold for his clients 1,000 pounds at an average of $17.06 per hundred pounds. Mr. Lee said the remainder of his tobacco will be delivered to Carlisle as soon as stripped. The mistake, no doubt, resulted from the report of the sale of tobacco by another buyer who has caused Mr. Lee no little embarrassment.

Labor Head Reports Unemployment Peak

An "all-time peak" of unemployment was reached Saturday by William Green, president of the American Federation of Labor, who estimated that 11,500,000 persons were out of work in December.

Noting that this figure was greater by 130,000 than the previous high mark, reported in November, Green added that word from affiliated trade unions indicated the total for early December was even greater than that for the previous month.

"Those out of work are in greater need now than ever before, for after three years of depression their resources are exhausted," Green said. "Mental and physical wreckage caused by depression is driving families to seek relief in crowded and growing numbers. Relief need is increasing much faster than unemployment. In the year ended October, 1932, unemployment increased 80 per cent, but the number of families aided increased 94.5 per cent and the amount of relief given 88.6 per cent."

Bandit Deserted Family In Paris Last October

Carlos Gatewood, 28 years old, who was arrested at his home in Franklin county Thursday, January 5, by Lexington officers on a interstate charge, which was later changed to bank robbery when he was identified as one of the participants in the holdup of the Simpsonville bank the night of October 31, 1932, was a former employee of a manufacturing plant at Paris, it was revealed Friday day.

Gatewood first lived in Franklin county but later moved to Bourbon county. He was employed at Paris from Paris last October, leaving behind his wife and an infant child, one week after the holdup. He was indicted his part in the Simpsonville robbery.

Judge Rules Madison Board Must Pay Tuition

The Madison county board of education must pay the tuition of a high school pupil who resides in one district but finds it more convenient to attend high school in another district, Judge W. Rhodes Shackleford of the Madison circuit court ruled Friday.

The opinion was incorporated in a judgment entered in the suit of O. Murray Smith, Richmond attorney, against the Madison county board of education, in which he sought to compel the board to pay the tuition of his son, O. Murray Smith, Jr., in the training high school at Eastern State Teachers College.

Mr. Smith resides outside the city limits of Richmond in the White Hall school district, but the boy had been attending the Eastern high school and Mr. Smith sought a mandatory injunction to force the board to pay the tuition.

Judge Shackleford referred to in Chapter 72 of the Acts of the General Assembly in 1932 means the convenience of the pupil and not the convenience of the school board, Judge Shackleford held in effect. The case will be appealed to the court of appeals.

GARRARD MINISTER KILLED

Rev. Walker S. Taylor, 63, pastor of a Baptist church in Garrard county, was fatally injured and two other persons were seriously injured when two cars collided at a sharp curve about a mile from Lancaster on the Lexington road Tuesday afternoon. Rev. Taylor, who was driving his own car, was thrown 15 feet from his car. His wife, who accompanied him, suffered a wrenched back and considerable shock. John B. Jones, former sheriff of Pulaski county, one of the three occupants of other car, suffered serious injuries.

City School Asks Regional Tourney

Local School Extends Invitation, Examinations Being Held, Semester Starts Monday

Examinations started in the Carlisle high school Wednesday morning and will continue throughout the week. Examinations in the grades will start Thursday. The second semester of the Carlisle city school will begin next Monday, January 16. Pupils making an average of 90 per cent or more in any subject will be excused from taking the examinations in that subject, providing deportment justifies it.

The Carlisle high school has extended an invitation to the school in this district to hold the Twelfth Regional basket ball tournament, which will be held on Friday and Saturday, March 10 and 11. Ballots have been mailed to the various schools in the district, and the place for holding the tournament will be announced soon.

There will be eight teams in the tournament. Should Carlisle be selected eight of the strongest teams in District 2, Boonesboro, Fleming, Harrison, Mason, Lewis, Robertson and Nicholas counties will contribute for the honor representing the region at the basket ball tournament to be held at Lexington a week later.

Play in the tournament will start Friday afternoon and games will be held Friday night, Saturday afternoon and Saturday night.

No girls teams will participate in the tournament.

Future Farmers Outline Projects

Local Agriculture Class Adopts Ambitious Program For Year. Three Projects Per Boy

The proposed farm practice program of the Carlisle Future Farmers for 1932-33 is as follows:

Twenty-seven boys will raise 27 acres of tobacco. The boys are planning to use fertilizer on most of this tobacco, and hope to get one thousand pounds of tobacco per acre.

Fifteen boys will raise thirty acres of corn. They hope to get an average yield of 35 bushels per acre.

Five boys will have 10 acres of tomatoes.

Eighteen boys will have 156 ewes. They expect to creep feed the lambs in the spring. The standard for sheep is one hundred pounds of lamb per ewe in 120 days.

Thirteen boys will have 14 sow and litter projects. Each boy plans to feed his pigs a balanced ration. Standards for hogs are 140 pounds of pork per litter at six months.

Eleven boys plan to have two cattle loads of feeder steers. They expect to buy the baby beeves in the next few days.

Eight boys will have 34 turkey hens. They expect to keep turkeys different from range from chickens.

The livestock projects are already in progress. The crop projects will be started in the spring. Most of the boys have completed their projects for the year. Even considering the low prices, most of the boys have made a fair income from their projects.

The boys have a total of 96 projects, which will average about three per boy. From these projects each boy hopes to make $100. Mr. Leonard reports that the boys are showing much interest in their work. The boys are planning to exhibit their livestock projects at the county fair next fall. It is possible that another tobacco show will be staged next winter.

Extra Session Of Congress Likely

Democratic Leader Says House And Senate Will Probably Meet Again In April

Every indication Tuesday night pointed to Democratic failure to enact budget balancing revenue legislation at this session and to an inevitable extra session of the new congress.

With many elements rising in opposition to their moves to increase income taxes, party leaders are concentrating on their economy program, which would slash appropriatures down to the level of federal receipts.

But Representative Rainey, of Illinois, Democratic floor leader, admitted that "time is too short and opposition too strong to get through the program in a manner that can meet the $462,000,000 deficit."

"I think a special session, probably in April, is inevitable," he continued. "Then we can effect further economies and probably balance the budget without a general revision of taxes. We also have to get our beer bill through without any trouble."

MANY APPLICANTS SEEK WORK FROM RELIEF COMMITTEE

65 Persons Had Applied For Work Here Up Until Wednesday Morning

FEW SEEK DIRECT AID

Approximately 65 persons had applied to the local Relief Committee for work in this county up to Wednesday morning. Judge Paul Darnall started two crews of 8 and 16 men on road work and about 8 men were detailed for work in cleaning out the channel of the town creek.

Fifty 95 per cent of the applicants sought work, there being but one or two cases where direct relief was asked, the applicants being in want and unable through sickness or the infirmities of age to do any work.

Payment for all work is at the rate of $1.50 per day, payable in merchandise orders, good at any store. Members of the committee are forbidden to suggest to the holders of these orders that they go to any particular store, nor is the name of any store written on the orders. Quite a range of merchandise is included on the orders given in payment for work or for direct relief and those receiving them may buy their groceries from another shoes or clothing from another. Merchants have agreed to charge holders of these orders more than the prices charged in cash.

Where a man is attempted, care is taken to see that the offending merchant receives no more orders. No such trouble is expected in this county.

The eagerness of unemployed people in this county to get work is evidenced by the rush of applicants the first two days of this week.

Kentuckians To Attend Inauguration In Style

Kentuckians will travel to Washington for the inauguration of President-elect Franklin D. Roosevelt and Vice President-elect John N. Garner on the "Governor Laffoon Special From Kentucky."

One section of the special will leave Louisville at 2 o'clock on the afternoon of March 3, while another section will leave Covington at the same hour. They will be connected at Ashland.

James A. Diskin, of Newport, who assisted in making arrangements for the special train said he expected to accompany Governor Laffoon to Washington to attend the inauguration.

Four Seriously Hurt In Accident In Bourbon

Mrs. J. D. Buckler of Millersburg, is in a critical condition at the Mary Messerly hospital in Paris from a fractured skull, broken arm, body lacerations and possible internal injuries as a result of an automobile accident which occurred Thursday night on the Paris and Jacksonville road. Others injured in the same accident were Mrs. Mitchell Crayhaw, Horace Cameron and Claude Sloop.

The upturned car with the four victims lying scattered on the roadway, was discovered Thursday night at 11:30 o'clock by a resident of the neighborhood where the accident occurred.

Little hope is held for Mrs. Buckler's recovery. Mrs. Crayhaw and Horace Cameron are suffering from severe shock. Sloop was returned home. The car, said to have been driven by Sloop, was demolished when it collided with a tree on the roadside near the John Redmon farm.

Man, Woman Killed By Snipers In Clay County

Two persons, one of them a 15-year-old girl, were killed Sunday when snipers fired into the home of Will Smith, in the Goose Rock section of Clay county, in what officers said was another outbreak of the feud between the Smith and Jackson families.

Those killed Sunday were Brophia Lipps, 25, and Esther Smith, 17. Lipps was killed instantly when a bullet from a nearby hillside and struck them both. Lipps was a son-in-law of Will Smith.

Immediately after the shooting, which occurred early in the morning, warrants charging murder were issued for six men. The men named were John Wagers, whose wife was killed several weeks ago when snipers fired into her home; his two sons, Noah and Jim Wagers, both charged with backing and condoneating in connection with previous troubles, Reuben Smith, Wood Lipps and Tom Clingy.

"BELOW ZERO"

New Serial Story To Be Published In Mercury Soon

The Mercury is pleased to announce that we have secured for our next serial story "Below Zero," a romance of the North woods, by Harold Titus.

When Harold Titus locates a story in the north woods, he has a setting with which he is familiar. He knows the north woods, lumber camps, lumber jacks and their ways, for he was born and raised with them.

Harold Titus has produced a number of stories that have achieved distinction. "Below Zero" is one of the most thrilling he has ever written, and we feel that we are fortunate in being able to secure the right to print it, and that every reader will appreciate it. The story will grip your attention from the first installment.

The first installment of this thrilling narrative will be published in an early issue. Watch for the opening chapter.

Our serial, "Call into the Conqueror," ended last week.

$14.84 AVERAGE IN RECORD SALE HELD HERE LAST FRIDAY

Carlisle Market Establishes State Record With 551 For One Basket

ALL GRADES ARE FIRM

The Carlisle tobacco market established a state record in Friday's sale when one basket of the crop of T. B. Mathers and T. H. Waugh weighing 551 pounds brought $81.40. This was the highest price reported for one basket of tobacco on any market in the state this year.

The sale held Friday was one of the best of the season, a total of 164,540 pounds went over the brakes here for an average of $14.84. The price was strong on all grades. A number of unusually good crops were on the floor but the large amount of medium grade which brought 81 per pound, kept the average down.

Several new buyers were on the market and bidding was more spirited than at any sale held this season. Only a few baskets were rejected, practically all of the rejections being of inferior quality leaf.

In addition to crops from Nicholas county, farmers from several other counties had crops on the sale Friday. Bath, Montgomery, Fleming, Bourbon and Fleming were represented.

Both Farmers No. 1 and No. 2 were filled to capacity and there were several rows on the Growers house. The two Farmers houses will be filled first for each sale.

F. H. Fisher, of Pendleton county, reported that he had divided his crop, sending 435 pounds to the Carlisle market and an equal amount to a neighboring market. The tobacco was divided stick by stick. The leaf sold here averaged $13.53 per hundred pounds and on the other market averaged $9.25 per hundred.

T. B. Mathers and T. H. Waugh had the highest crop average on the sale Friday. Mathers sold 1,100 pounds averaged $24.13 per hundred pounds. One basket of this crop sold for $81 per hundred and another basket sold for $42 per hundred. Some other good crop averages on this sale were as follows:

Geo. L. Parrish, $21.60; H. L. Caldwell and Marion Davis, 1,
