OVER 1,200 ATTEND ALL DAY SERVICES AT CONCORD SUNDAY

All Christian Churches Of County Represented At Historic Church

TO BE ANNUAL EVENT

History was repeating herself when hundreds assembled once again at the Old Concord Meeting House. One of the greatest gatherings in the history of Nicholas county was held on Sunday, when all the Christian churches of the county assembled in this historic center. Services were held early in the morning, with many prominent speakers present, preparing the way for the climax on Sunday.

Adequate preparation had been made to provide for the comfort of the great gathering. A speaker's platform was erected on the hillside, the people being seated row above row, so that all could see and hear the speakers. Approximately 1,200 were present.

The Communion service was especially impressive. Fifty eight communicants were enlisted in the audience, which had been prepared for the occasion. Just by Rev. Jesse Alexander, of Hodgenville, Ky.

Rev. F. M. Tinder, of North Middletown, was at his best, speaking on the subject of "Humility and Loyalty," and using Christ's statement, "Except ye be converted and become as little children, ye shall not enter into the kingdom of heaven." He appealed for humble service in the Master's cause. Hezekiah upon the great improvement which had been made in the Building and grounds, he said, "Unless you clean up the rubbish of your own lives, this amounts to nothing."

The basket dinner and social hour was a great feature of the day. A table two hundred feet long had been erected, needless to say that such a dinner as has made Kentucky famous was served.

A forward looking program for the county work was adopted at the afternoon business meeting. This included plans for training adult and young people leaders and the closer cooperation of all the Christian churches of the county. Dan Wells, Ken Ernest Miller, Mrs. Omer Blount, Mrs. J. W. Buchanan, Miss Margie Jumper, Miss Lucy Ford Wasson, together with the devotional committee, were appointed to the county committee to carry out the proposals of the meeting.

Jim Alexander, Kimbrough Hamilton and Ernest Miller were appointed as a committee in charge of the Concord meeting house.

Following the business meeting, Rev. Rhodes Thompson, minister of the Paris Christian church, brought a stirring message on the "Outlook for this Age."

It was unanimously decided to make this an annual event, to be conducted the last week of August each year.

Burley Crop 20 Per Cent Short

Drouth Causes Decrease Of 25,000,000 Pounds In Kentucky's Crop

A reduction of approximately 20 per cent in the size of Kentucky's 1936 tobacco crop, compared with the 1935 crop yield, was forecast Tuesday by the Kentucky Department of Agriculture.

Tom Middleton, tobacco statistician, said a survey throughout the state indicated a burley crop of 180,000,000 pounds compared with approximately 155,000,000 pounds last year.

Kentucky growers, Middleton said, made preparations for a larger acreage in 1936 than last year, but because of the drought which prevailed during most of the growing season, "it is probable that not more than the 1935 acreage was planted."

"In the majority of cases," Middleton said, "the crop planted was most sometimes three and four times and these conditions made quite a smaller crop for 1936. Some few small areas were benefited by local showers and would produce good tobacco, but, on the whole, the crop suffered."

While auto tires often toss small pebbles and other objects through the air such missiles are seldom as large as the seven and a half pound rock which a passing car hurled through the windshield of another on an Indianapolis highway, instantly killing R. R. Elliott, a passenger.

6,500 In State To Receive Aid

Average Of $12 To Be Paid In Old Age Assistance This Year

Kentucky this year will care for 6,500 of its aged through aid of the Social Security program, as compared with 251 persons helped last year under the old county aid system, administration of ficials reported Monday.

The Social Security Board estimated Kentucky, with $122,850 recently granted the state would be able to pay $12 a month to its aged.

Last year, the board said, only 251 persons in seven of 120 counties were paid an average of $4.18 per month.

The board recently approved Kentucky's plan for aid to the needy aged, the state becoming eligible for six of the ten benefits and public services created by the Social Security act.

The benefits the state is eligible to receive include old age assistance, aid to dependent children, services, services for crippled children, vocational rehabilitation, public health services and the blind. The latter to begin in 1937.

In all the board estimated Kentucky would receive alsegd $3,000,000 this year for distribution and to help defray administration costs of its social security program.

Smith Reelected Infirmary Keeper

Final Order Made In Sale Of Refunding Bonds To Cincinnati Firm

J. W. Smith was reelected superintendent of the county infirmary for the year beginning March 1, 1937, at a meeting of the Nicholas fiscal court Tuesday. The term will receive the same pay as during the past year, there were no other applicants for the place.

An order was made turning over $30,000 refunding bonds to the Stifel, Nicolaus and Heimerdinger, of Cincinnati, to take up the bonded indebtedness of Nicholas county. The bonds will be issued as soon as they are printed.

The order was made by County Judge D. M. Curry, County Attorney Foster V. Cox and the five magistrates went to Frankfort on business.

The 64th annual Lexington Trots will open at Lexington September 20th. The $10,000 Kentucky Futurity will be raced on September 29.

TO AWARD PRIZES HOME IMPROVEMENT CONTEST SATURDAY

$150 In Cash To Be Divided Among Eight Boys Adjudged Winners

21 YOUTHS TOOK PART

Cash prizes totaling $150 will be distributed Saturday among eight members of the local Future Farmers Organization who were winners in the contest inaugurated last spring in a home improvement program.

The prizes will be awarded at the court house Saturday afternoon at 2 o'clock, according to announcement made by G. B. Leonard, vocational agriculture teacher. The names of the winners will not be announced until Saturday. The awards will be made in the order:

Twenty-one of the members of the organization participated in the contest, but many of them made some splendid improvements. Mr. Leonard said the prizes will be distributed as follows: First, $50; second, $35; third, $25; fourth, $15; fifth, $10; sixth, $7.50; seventh, $5; eighth, $2.50.

The winners were selected by S. E. Elliott, of the Kentucky College of Agriculture, who visited all of the homes of the boys participating in the contest.

The money for the payment of the prizes was contributed by Carlisle business and professional men.

This is the first contest of the kind inaugurated by a Future Farmers Organization in the United States and the results have been watched with much interest. An interesting program is being prepared and the public is invited to attend Saturday afternoon, September 5, when the prizes will be awarded.

Treasurer Calls In Half-Million Warrants

State Treasurer John E. Buckingham called in $523,540.97 worth of interest-bearing state warrants Tuesday, reducing the total of outstanding general fund warrants to $16,672,432.78.

Since taking office January 6, Buckingham said he has called a total of $7,210,421.41 worth of general fund warrants and $3,113,015.19 of road warrants.

All road warrants have been paid and the net reduction in general fund warrants since January 1 has been $4,804,230.33.

Sorsby Is Held In Cincinnati

Former Carlisle Convict Arrested On Charges Of Possessing Counterfeit Coins

Zora "Zoo" Sorsby, who was convicted in the Nicholas circuit court several years ago on a charge of manslaughter and given a sentence of eight years in prison, and who has been convicted in Kentucky courts on other charges, was arrested Friday at Cincinnati on charges of counterfeiting.

Saturday's Cincinnati Enquirer had the following account of the arrest:

A former convict from Nicholas county, Ky., and two girls said to have run away from their homes in Somerset, Ky., were held by Cincinnati police yesterday after a raid on an alleged counterfeiting plant.

The girls registered as Misses Sarah Joulton, 18 years old, and Emma Durgin, 17. The man registered as James Hill, 45. He has also been known as Zora Sosby, according to detectives who looked up his record in the Bureau of Criminal Identification. Sosby, they said, served time in Kentucky for robbery, manslaughter and forgery. He is a native of Cincinnati from Nicholas county five years ago.

"The man and girls registered as living at 1535 Central avenue, the place where the raid was made. All were held for questioning and will probably be turned over to federal authorities.

Counterfeit coins have been passed in large numbers at cafes and stores in the west end of Cincinnati recently.

When officers raided the Central avenue flat, they reported they found a coin mold, two counterfeit half dollars and two stoves spattered with metal apparently used to make coins.

The women denied knowledge of the counterfeiting, but police said the stove in their room was spattered with metal. Sosby said a counterfeit half dollar found on him had been received in change in a store. Other counterfeit coins were found in the room, police said.

Lamb Market Here Is Highest In State

Top Ewes And Wethers Bring $11.10 At Sales Tuesday, Other Stock Steady

The record price for lambs on any market in the state Tuesday the past week was equalled Tuesday at the sales here of the Farmers Stock Yards Company when top ewes and wethers brought $11.10 cents, which was as high as reported on any livestock market in the state and as high or higher than practically all other markets.

A total of 1,940 head of livestock was sold Tuesday in one of the best sales of the season. The success of the Carlisle market has been remarkable. During the four months it has been in operation, sales have exceeded a number of the best markets which have been established for years, and only a few livestock markets in Central Kentucky are selling more stock at the weekly sales.

The Carlisle market was a success from the first sale and the volume has grown at each succeeding sale. Located in the center of a large live stock producing area, Carlisle has long been considered an ideal location for a market and the establishment of sales here filled a long felt need.

From the beginning of the market all of the leading packing houses have been represented, and the market is now considered one of the most important in Central Kentucky. Stock from practically every adjacent county has been brought here to the sales every week and sellers are well pleased with prices.

The following prices were paid at Tuesday's sale:

Cattle—Steers, $4.10 to $6.30; heifers, $3.50 to $6.70; baby beeves, $6.00 to $7.70; cows, $3.55 to $5.00; cows and calves, $25.50 to $41.20; bulls, $4.05 to $4.85.

Hogs—Lights, $9.15 to $10.50; shoats, $8.25 to $9.00; sows and pigs, $31.50.

Sheep and lambs—Top ewes and wethers, $10.25 to $11.10; top ewes and backs, $10.00; fat lambs, $8.45 down; fat ewes, $2.80 to $3.20; stock ewes, $4.00 to $5.75; stock bucks, $5.10 to $15.50.

$1,828 SPENT BY VINSON

Representative Fred M. Vinson, Ashland, reported to the Secretary of State's office post-primary election expenses of $1,128.83 and that $1,120.92 was contributed.

PLAYGROUND WORK SHOULD BE RESUMED GOODMAN DECLARES

Congressman Vinson Gets Action After Work Had Been Suspended

IS ALMOST COMPLETED

Work on the athletic field and playground will probably be resumed within a short time as a result of a request received by Fred M. Vinson, it was learned in telegrams and correspondence of Mr. Vinson received by I. B. Ross, chairman of the city school board. Work on the project was stopped some time ago because of exhaustion of funds. Very little work remains to be completed on the field and grandstand.

Mr. Ross Monday received the following letter from Mr. Vinson:

"Immediately upon receipt of your letter of August 26th regarding the Athletic Field and Grand Stand WPA Project, we contacted Washington and found that the necessary approval has been given it and that it was up to State Administrator Goodman of WPA, to authorize the commencement of work.

"As we advised you we were taking the matter up with Mr. Goodman and requesting this prompt authorization for the work to be completed be given by him. Copies of my wire to him and his reply are attached hereto, which are self-explanatory.

"We feel that the work ought to be started promptly. If it is not, please keep us informed and we will be glad to do everything we can to help out.

"Assuring you that it has given us pleasure to be of service in this instance, and trusting that the work is soon started and completed before bad weather.

"Your friend,

"Fred M. Vinson."

Mr. Vinson sent the following telegram to George H. Goodman, state Administrator of the Works Progress Administration at Louisville:

"Project 2011105 Athletic Field and grand stand Carlisle, Kentucky, fully approved at Washington on 22nd. This project partially completed under old program and damage to work already done being incurred account of work being held up. Would appreciate advise as to when we may anticipate work being started on this project to complete it before bad weather. Wire."

In reply Mr. Vinson received the following wire from Mr. Goodman:

"Lexington District office has been notified of final approval. Project should be reopened immediately. Am sending them your wire."

WAREHOUSE BURNED

Fire of undetermined origin destroyed the Grimes Tobacco Warehouse in Cynthiana Monday night. The warehouse was owned by W. G. Wiglesworth, and was one of the largest in Cynthiana. The loss is estimated at $50,000 partially covered by insurance.

"Forgotten Man" In Kentucky's Death House For Thirty Months

Sylvester Warner, 26, who ate his "last meal" two years ago today, is now under a sentence of death for thirty months for a crime he apparently committed, if has become the forgotten man of Kentucky's penal system.

While Kentucky officials asked "Who is Sylvester Warner?" the condemned man remained in his cell in the death row at the state penitentiary at Eddyville. The cool cell generally is reserved for the prisoner who is next in line to sit in the electric chair. Warner has seen a dozen or more fellow-convicts walk past him in to the death chamber and not returned, but prison officials haven't come for him yet.

On the night of October 26, 1934, Warner and a companion in crime, Huston Jeffries, 20, set out to rob a grocery store in Lancaster.

A last-minute order from Ruby Laffoon, then Governor, cut Jeff Ives' sentence to life imprisonment. Warner was granted a stay of execution to enable the Governor to study an application for clemency.

That's where the case stands today. Warner still is awaiting execution, still wondering when the reprieve will end.

Who is Sylvester Warner?" Acting Gov. Keen Johnson asked when told about the case.

Johnson said he did not propose to take any action in the matter during absence of Gov. A. B. Chandler. None of the engineers in the Governor's office remembered Warner.

Jess Buchanan, warden at the Eddyville prison, said he was merely holding Warner until the case was settled. He described the prisoner as well-behaved, cheerful and easy to handle. Warner is a favorite among the prison guards and his expert imitations of a rooster have made him one of the most popular inmates. He is confident he will not have to go to the electric chair.

W. A. Coffey, Columbia, who prosecuted Warner, Jeffries and Carl Hardin, 17, expressed the opinion that Warner should be given a commutation to life imprisonment.

"This boy is more entitled to a commutation than Jeffries was," Coffey said.

Jeffries was given a second life sentence instead of the commutation of his original death sentence. The second sentence was for the murder of the second of the two men slain during the holdup. Hardin also is serving two life sentences, Coffey said, and Warner will be tried again if he escapes the death chair.

The victims of the murder robbery were John White, 52, and his son, Clay.

Council Moves To Purchase Land

Water Works Committee Empowered To Negotiate With Owners Of Required Acreage

At a called meeting of the city council last Friday night, the water works committee, composed of W. C. Talbert, William Harper and Grimes Caywood, was authorized to negotiate with Robert Fullerton and George Waugh for the purchase of a sufficient amount of land for the construction of a dam and the creation of another lake for the Carlisle water works. The dam will be constructed in the rear of the present lake.

Efforts will be made to purchase the land from the owners, and if unable to agree on the price, it was said, condemnation proceedings will be instituted to condemn the land required.

Approximately six acres of land will be required for the lake, it was stated. The lake would be of approximately the same size and capacity of the present lake.

The council hopes to be able to start work on the project within a short time in order to complete the work and allow the lake to fill with fall and winter rains and snows.

The creation of another lake will insure Carlisle of having a sufficient water supply at all times and would eliminate the necessity of curtailing water service during drouth periods.

May Postpone Fair This Year

Shortage Of Crops And Lack Of Interest May Result In Calling Off

Because of the drouth and apparent lack of interest, the Nicholas county agricultural fair may be called off this year, it was said Monday, following efforts to have a meeting of merchants and others interested in holding the fair.

A meeting was called and only two or three attended. It is the general opinion that crops are so short this year that there will not be enough of any product to make any attable display. All field crops and fruit are shorter than in many years.

Lack of a suitable place in which to hold the fair is another problem. Although Farmer Warehouse No. 2 is available, considable work would have to be done before it would be in condition to house the exhibits, and if used the floor space would be much smaller than in the other two warehouses used in previous years.

While no definite action has been taken, it was said that the fair for this year would be called off unless farmers and merchants take more interest in holding it.

HOLLAND AT GREENDALE

Simon K. Holland, of Providence, member of the legislature in 1926 and 1928, was named Tuesday as superintendent of the Kentucky House of Reform at Greendale to succeed E. H. Lane, former County Judge of Fayette.

HENRY HERNDON IN SERIOUS CONDITION FROM MANGLED ARM

Well Known Farmer Struck By Log Protruding From Passing Truck

DRIVER IS ARRESTED

Henry Herndon, prominent citizen of Plaindealing Valley, is in serious condition at St. Joseph's Hospital in Lexington as the result of injuries sustained about 7 o'clock Tuesday night when his left arm was struck by a log protruding from a truck as he was passing the truck in his automobile.

The accident occurred on the Carlisle and Flemingsburg road near Pleasant Valley. Mr. Herndon, Mrs. Herndon and Betty Jane returning to his home from Carlisle, in a truck loaded with logs, driven by Jesse Ingram, Carlisle, was coming toward Carlisle. As the truck and automobile passed, the butt end of a log protruding from the truck struck Mr. Herndon's left arm, which was resting in the door of his car. The arm was badly crushed and was amputated just below the elbow after Mr. Herndon had been taken to the hospital in Lexington.

Passing motorists took Mr. Herndon from his machine and brought him to the hospital in Carlisle, after which he was taken to the Lexington hospital.

Ingram was driving a new Ford truck, which he had purchased the day before, and was taking his first load of logs to Louisville.

Accompanied by his sister, Mrs. Ed Bennett, of Carlisle, Mr. Herndon was taken to the Lexington hospital in the ambulance of Mathers, Potts & Company after he had been given emergency treatment at the Johnson Memorial hospital. His arm was amputated a short time after he arrived at the hospital.

Mr. Herndon's condition was reported Wednesday at noon as being "fair." He was reported as doing weak from loss of blood and shock.

Annual Reunion Ratliff Family

More Than 100 Members Of Family Attend Reunion At The Ratliff Home Here

One hundred descendants of the Ratliff family attended the annual reunion on Sunday at the home of Mr. and Mrs. C. C. Ratliff on Locust street.

Those present were, R. E. Harwell, Birmingham, Ala.; Mrs. Harwell, Birmingham, Ala.; A. E. Botts, Misses Helen and Besse Botts, Richmond, Va.; R. C. Ratliff, Raymond Ratliff, Alberta, Alene and Louise Ratliff, Akron, Ohio; W. C. Ratliff, Madelina Ratliff, Joyce Ann Ratliff, William James, Jr., Mt. Healthy, Ohio; Misses Lucile, Ruth, Minnie E. Ratliff, Raymond Eaton, III, Kenneth Elmer Ratliff, Vivian Ratliff, Cincinnati, Ohio; Mr. and Mrs. Everett J. Beers, E. J. Beers, Jr., Louisville; J. T. Daugherty, Somerset; Mr. and Mrs. J. E. Haley, Mr. and Mrs. Ed Shannon, Jr., Nayme Luxon, Lexington; H. L. Ratliff, Mrs. Howard Hayes, Bill Henry, Mrs. Lee Reed Ratliff, Omar and Dan Botts, Omar R. Botts, Dwight R. Botts, Frances Ratliff, Winchester; Mrs. Minnie B. Botts, Mr. and Mrs. Stan Ivy Young, Emily C. Young, North Middletown; Jean Arnold, Pleasingburg; Mr. and Mrs. Jos. D. Booth, Paris; Mr. and Mrs. Raymond Booth, Paris; Mr. and Mrs. Mrs. John Ramey, Mr. and Mrs. J. Will Sharpe, Mr. and Mrs. William Lane, James, William, Kathleen and Edith Lane, Nelson F. Botts, Mr. and Mrs. Mason H. Botts, Mary Elizabeth Botts, Mr. and Mrs. Byram Ratliff, R. J. Ratliff, Jean Byram Ratliff, Mr. and Mrs. J. C. Nelson, Mary Jay and Billy Tuttle, Mr. and Mrs. Walter

Unlicensed Drivers To Get Court Calls

An intensive drive for the enforcement of the drivers' license law will be conducted during the month of September, H. Clyde Reeves, director of the division of motor vehicles of the department of revenue, Monday advised circuit court clerks of the state.

Persons found without licenses will be given a slip, a copy of which will be furnished the county judge. If, after ten days for notice the party receiving the slip has not produced a license, contempt citations will be sought before the county judge for enforcement.

"It is contemplated that patrolmen will be stationed at intervals on all arterial highways in the state for the purpose of stopping motorists and determining that they have secured their operator's license," Mr. Reeves advised the circuit court clerks.

Two Nicholas Students Graduated At U. Of Ky.

"In no other section is depth of thinking, richness of scholarship and independence of intellectual life more demanded than in the south," Dr. John Hugh Reynolds, president of Hendrix College, Conway, Ark., told the approximately 200 summer school graduates at the University of Kentucky Friday afternoon, at the August commencement exercises for students completing work toward degrees in the University Summer Sessions.

Among those in the graduating class from Nicholas county: Laura Hordin Pillmpiney, Master of Arts, and William Reid Willoughby, Master of Arts.

Many Wealthy Persons Are Seeking Pensions

Necessity for thorough investigation of old age assistance claims was stressed by Commissioner of Welfare Frederick A. Wallis Tuesday.

Investigations so far, Commissioner Wallis said disclosed that many applicants for old age pensions are comparatively well to do.

One applicant was found to have approximately $15,000 in the bank, while others had sums ranging from $2,900 to $5,500 in savings accounts and building and loan stock, Wallis declared.

More than 30,000 formal applications for old age assistance have been received by the department, while requests for 60,000 others have been filed Wallis estimated. It is that more than 200,000 blanks would be necessary to fill the demand.

Requests for blanks by ineligibles has slowed down the work of the department, Wallis said.

Largest Summer Session Enrollment At U. Of Ky.

During the first term of the 1936 Summer Session the University of Kentucky enrolled 1,000 students and in the second term 929, making a total of 1,929. This is one of the largest enrollments in the history of the summer session at the University.

Of the total enrollment approximately 1,000 are graduate students, most of them are working on the master's degree. An overwhelmingly large number, however, are delegated their work for the Ph. D. degree.

The summer session enrollment shows students registered from 21 different states and one foreign country. States other than Kentucky contributing the largest enrollment are West Virginia, Ohio, Illinois, Mississippi and New York.

The five counties in Kentucky showing the largest representation in the summer session are Fayette, Jefferson, Bourbon, Boyd and Jessamine.

Kroger Sales Increased 14 Per Cent Past Month

Sales of The Kroger Grocery and Baking Company totaled $9,031,242.74 during the eighth period of the year, ended August 8, an increase of $1,271,752 over the same period last year, the company reported today in its regular monthly sales report for the period just ended, and a preliminary sales report for the twenty-four weeks period to date.

Sales for the four weeks period of this year totaled $7,210,221.41, or a gain of 14.7 per cent over the same period last year, the report showed. Sales for the twenty-four weeks period totaled $21,420,275.21, or a gain of 15.2 per cent.

The report shows also that the company had 1,430 stores in operation, a decrease of 21 from the number of units operated during the eighth four week period of 1935.

ISHMAEL

There will be church services here both next Sunday morning and evening. This will be Bro. Crank's last sermon of the conference year. Come out and hear him.

Miss Elizabeth Campbell spent the week end in Lexington, the guest of her sister, Miss Josephine Campbell and other relatives.

Miss Marjorie Johnson is visiting relatives in Lexington this week.

Misses Katheryn and Avelyn Clay are spending a few days with Misses Hilda and Louise Wheatley, near Cynthiana.

Mrs. Willie Letcher spent the past week with K. J. Caswell and family and Mrs. Ernest Caswell returned home with her for a few days visit.

Mr. and Mrs. Tobe Newell and two sons and Mr. and Mrs. Ed Cunningham and son spent Sunday at East Lynn, were Sunday guests of Mr. and Mrs. Reuben Cunningham and family.

Mrs. Park Crump and Miss Marie Letcher were at the bedside of Mrs. T. B. Vaughn a few days this week.

Earl Bertram had as guests Sunday Mr. and Mrs. John Hosse, daughter, Mr. and Mrs. Will Hosse and daughter, Mr. and Mrs. Park Crump and Miss Lucille Pumphrey and Mr. Clay Ritchie. Earl is getting along nicely at this writing.

CONCORD

(Essia Moore, Correspondent)

Mr. and Mrs. J. T. Alexander and Mr. and Mrs. J. A. Alexander motored to Mt. Sterling Monday.

Mrs. Herbert Hamilton and children visited Mr. and Mrs. Ernest Alexander and family Wednesday.

Mrs. Spencer Bishop and son spent Sunday with Mrs. Ernest Alexander and family.

Mrs. Fannie Alexander, of Carlisle, and Miss Fannie Laughlin, of Philadelphia, were guests of Mrs. Ernest Alexander and family Thursday.

William Waugh, of Middletown, Ohio, spent Thursday with Mr. and Mrs. Herbert Hamilton and family.

Mr. and Mrs. Dorsey Watkins spent Sunday afternoon with Mr. and Mrs. Omar Workman.

Misses Ruby Watkins and Helen Hamilton spent Sunday afternoon with Misses Ann and Nancye Dennis.

Mr. and Mrs. Robert Alexander and family spent Sunday afternoon with Mr. and Mrs. Ernest Alexander and family.

Mr. and Mrs. Harvey Swinn and baby, of Myers Station, spent Sunday with Mr. and Mrs. B. P. Owens.

Mrs. Ernest Alexander visited Mr. and Mrs. Stanley Smart Sunday.

BALD HILL

(Laura Ogden Dotson, Cor.)

The sawing by A. F. Dotson and R. Miller's woods continues and will continue for some time yet, weather permitting.

Mr. and Mrs. Clarence Alexander entertained with a dinner Sunday. Many of by friends from Sugar Creek, Blue Lick and elsewhere were present.

Rodney Turner, of Cynthiana, was a guest of Henry Mack Dotson last week.

Mrs. Ella Miller is rather feeble at present.

Mr. and Mrs. Oic Guthrie entertained Sunday in honor of Mr. Kokendorfer, of East Union, Mr. and Mrs. Ernest Kennedy and son Ingeville, Mr. and Mrs. Ernest Kennedy's daughter and son.

Minnie D. Dotson spent the latter part of last week with Mr. and Mrs. Ed Dotson, at Rock Mill, in Cincinnati, visiting Mrs. Virgil Berry and other relatives and friends.

Miss Mildred Dotson, of Paris, station, spent last week with Otis Miller at A. F. Ogden's and attended revivals at Bethel church.

Lena Dolores Conrad, of Morgan, is with her grandparents, Mr. and Mrs. Albert Sellers, this week and last week.

Some of Mrs. Mag Millers Rose Bushes are blooming beautifully.

The meetings in the community have closed, so now our little community is looking to other things of interest. Therefore we are glad to say, the most vital interest of the community, is the Sunday school and church, at both Bethel and Bald Hill. Don't forget that, but now the parents and children should be for school which begins Monday. Some of our members are interested in the election of officers, and the general cooperation of all the Christian churches of the county. Dan Wells, Ken Ernest Miller, Mrs. Omer Blount, Mrs. J. W. Buchanan, Miss Margie Jumper, Miss Lucy Ford Wasson, together with the devotional committee, were appointed to the county committee to carry out the proposals of the meeting.

Jim Alexander, Kimbrough Hamilton and Ernest Miller were appointed as a committee in charge of the Concord meeting house.

Following the business meeting, Rev. Rhodes Thompson, minister of the Paris Christian church, brought a stirring message on the "Outlook for this Age."

It was unanimously decided to make this an annual event, to be conducted the last week of August each year.

Burley Crop 20 Per Cent Short

Drouth Causes Decrease Of 25,000,000 Pounds In Kentucky's Crop

A reduction of approximately 20 per cent in the size of Kentucky's 1936 tobacco crop, compared with the 1935 crop yield, was forecast Tuesday by the Kentucky Department of Agriculture.

Tom Middleton, tobacco statistician, said a survey throughout the state indicated a burley crop of 180,000,000 pounds compared with approximately 155,000,000 pounds last year.

Kentucky growers, Middleton said, made preparations for a larger acreage in 1936 than last year, but because of the drought which prevailed during most of the growing season, "it is probable that not more than the 1935 acreage was planted."

"In the majority of cases," Middleton said, "the crop planted was most sometimes three and four times and these conditions made quite a smaller crop for 1936. Some few small areas were benefited by local showers and would produce good tobacco, but, on the whole, the crop suffered."

While auto tires often toss small pebbles and other objects through the air such missiles are seldom as large as the seven and a half pound rock which a passing car hurled through the windshield of another on an Indianapolis highway, instantly killing R. R. Elliott, a passenger.

Sixteen More Dead In State In Heat Wave

The nine days of the heat wave Tuesday set seven dead in Kentucky, making a total of 16 deaths, rounds-leaved and no hope for rain.

The weather bureau at Louisville predicted some showers, but no relief from the heat. It would come, little reduction in temperature. The source of Kentucky's suffering is the burning blame of the Mid-west and relief must come there before it can be seen in Kentucky to subside.

Frankfort again reported the highest temperature in the state, 105 degrees, for the second day in succession.

Deaths were reported at Mayville, Lexington, Covington and 95 at Louisville.

FORD OWNERS!

Let Us Make This Scientific Check-Up of Your Car

The Ford Laboratory Test Set, which eliminates guesswork and trial-and-error methods, is used in our Service Department to diagnose car ailments. This remarkable device is approved by the Ford Motor Company for use in checking everything affecting engine or electrical performance. It does its work scientifically, accurately, quickly.

Drive in and watch this test set check your own car.

No Guesswork! Laboratory Test Set Checks:

Battery and connections, Carburetor, Compression, Condenser, Distributor, Generator, Horn, Ignition coil, Oil pressure, Radio, Starting Motor, Valves

"Forest Retreat," Old Home Of Governor Metcalfe, Is Show Place

FOREST RETREAT

Above is shown "Forest Retreat," once the homestead of Governor Metcalfe, which has been restored by Dr. and Mrs. Asbury of Cincinnati.

In the restoration of "Forest Retreat," the old home of Governor Thomas Metcalfe, located on the Paris and Lexington road at the intersection of the Carlisle road, was and one-half miles from Carlisle, Dr. and Mrs. Elsie Asbury, of Cincinnati, have one of the most attractive homes in this section of Kentucky.

The home has been restored after more than a year of work, and although finished in 1936 retains of its original construction more than a hundred years ago. The home is modernized in every particular.

The history, whose father was born and reared in Nicholas county, purchased the farm including the old home from the heirs of the late Arris Wiggins. Mrs. Asbury is a daughter of Dr. Knight, of Cincinnati, and is herself a physician. She and her children are spending the summer at "Forest Retreat."

The old Metcalfe home, "Forest Retreat," was once the pride of its day but
