Survey Indicates Sentiment Favors County Agent

A recent survey of Nicholas county by the Agricultural Conservation Program committee and friends of county agent work indicate that over 85 per cent of the farmers in Nicholas county are in favor of maintaining Ralph J. Watson as our county agent.

The survey was taken at the suggestion of one of the members of the Nicholas county fiscal court, which will meet Wednesday, May 1, to consider the re-employment of Mr. Matson.

Nicholas county has received many benefits under the leadership of our present county agent. On coming to Nicholas county in 1931 when farmers incomes were very low, he secured crop loans for Nicholas county farmers to the amount of $250,000. The following year took a leading part in setting up the Flemingsburg Production Credit Association which has financed many farming operations and in cooperation with the Federal Land Bank has assisted many farmers in holding titles to their farms.

In 1935 with the assistance of the Nicholas county Livestock Commission a shipping association was organized. Although this association failed it resulted in the establishment of auction yards being established at Carlisle which has been of a great benefit to business in general.

In 1932 Mr. Matson took the lead in securing reduced telephone rates which has been of benefit and resulted in lowest telephone rates in Kentucky, and a great increase in the number of telephone users.

He has worked with the tobacco growers, was most active in the Conservation Program since 1933 and has been instrumental in getting Nicholas county farmers in excess of two million dollars of benefits. These programs have reached every farm and farmer in the county.

He took the lead in organizing the CCC Camps which is now located at Maysville which has been of tremendous benefit to 52 farmers in their vicinity and has been active in conservation programs.

He has also sponsored a Rural Electrification Project which resulted in 85 miles of line serving 300 farmers in Nicholas and Robertson counties or which constitutes a complete rural system. Within two weeks. Thirty-five miles of line will be installed in Nicholas county. Association serving 115. Nicholas county farmers will be expected to be built some time this summer. Under his leadership 4-H Club work has increased from 3 members to the present enrollment of 225 members with many districts and state shows and contests and 4-H training top prizes two members of the Nicholas county 4-H club have been elected of the Kentucky 4-H Club Association. 4-H Club work has resulted in improved livestock and poultry for our county.

The Nicholas County Farm Bureau has grown steadily from a few members to 1,200 members at present. The farm bureau is taking an active part in maintaining farm prices, as their county agent.

—County Control Committee.

PRINCE

Registered Percheron Stallion, 7 years old, 9 years old blacks, hands high, weighs about 1700 lbs. Will make this season at $10 to insure a living colt.

John Young Brown Hit In Jaw By Deputy Sheriff

John Young Brown, candidate for the Democratic nomination for Governor, was struck in the jaw and otherwise roughly handled by a Jackson county deputy sheriff, he said Friday night after leaving his home in Lexington for McKee.

The alleged assault occurred in the office of the County Judge where Mr. Brown was arguing a case for two organizers of the United Mine Workers who had been arrested at McKee. Mr. Brown said he was struck by a deputy sheriff as he was attempting to arrange for bond for the two men. A near free-for-all fight ended with "about eighty deputy sheriffs pointing guns at me," he said.

80 Per Cent Of Voters Favored WPA Projects

The Public Works Administration holds the results of municipal referendums on whether to issue bonds and participate in the 1938 program as equivalent to a "third national referendum" in favor of PWA projects.

A recapitulation showed, it said, that out of 3,290 municipal bond elections 2625 carried.

This, said Howard A. Gray, assistant PWA administrator, proves that 81 per cent of municipal voters and PWA bond elections approved their home town projects in PWA's program.

A total of 8,000,000 projects are included in the 1938 program, these projects with a total cost of $1,800,000,000 were approved.

13-Months-Old Baby Weighs Seventy Pounds

Hopper, Johnson Co. Ky. Born in Kentucky a twelve months old baby at 13 months weighs 70 pounds and is 30 inches high. Mrs. Ed Wood, wife of the baby, could be exhibited in the United States.

The baby was born in Hopper, Johnson County, Kentucky, and is the son of John Wood, a farmer. At the age of four months the child weighed 40 pounds and at the age of twelve months 60 pounds. At two years, 36 inches in height. Physicians have been puzzled as to what is causing the rapid growth, the child weighing 50 pounds at 6 months March 13, 1938. He now weighs this pounds more than his "normal" brother and is taller than his 9-year-old sister.

The 5-year-old mother, who said she was married before she was 16, has trouble in handling the baby. The father is 33 years old is six feet tall and weighs 180 pounds.

15 Of Next 17 Games Of Reds Away From Home

As baseball's centennial year swings into its stride, week of the Cincinnati Reds are embarking upon one of their schedules rich with fine fixtures, games on the road of other great seven-team battles.

The Chicago Cubs defending champions of the National League will come to Crosley Field for a series of 11 games, beginning May 12.

Tuesday and Wednesday the Reds will be in St. Louis to meet the renamed Cox House Gang at Sportsman's Park, the former home of the Cardinals.

After their Crosley Field series with the Cubs, the Reds will begin a series of 11 games with the Pittsburgh Pirates, which will include two doubleheaders and in the aggregate will play three home games and seven games in Pittsburgh.

Cincinnati will be the scene of the Pirates' last visit to the Queen City for the season, and in the aggregate will play three home games and seven games in Cincinnati.

Suicide was the verdict in the case of Perry, who was reported to have taken his life because of financial reverses. Mrs. Perry, Mrs. Lanier and Mrs. Lanier died from drowning.

THE HILL ROAD

(Margaret E. Bruner)

I think the level road was made
For luxury and ease,
But, to my heart, I grow afraid
Of things too quick to please.

Though he who takes the rugged road
May meet with rock and thorn,
Yet these will serve at staff and goad
And banish pride with scorn.

Each trial is a gift bestowed—
The race is sweet, hard won;
He finds, who takes the steep hill road,
Peace, when the journey's done.
