NO WASTED WORDS

A distinguished surgeon, famed for his laconic speech as well as for his professional skill, met one day his equally in a woman of few words, who came to him with a hand badly swollen and inflamed.

"Burn?" asked the doctor.

"Grease," the woman replied.

"Poultice."

The next day the patient returned and the following dialogue ensued.

"Better?"

"Worse."

"More poultice?"

Two days later the woman called again, and this was the conversation:

"Better?"

"Well, I'm—"

"Better," exclaimed the doctor. "Most remarkable woman I ever met!"

WALKIE TALKIE

Jones—My wife always has the last word.

Smith—You're lucky! My wife never gets to it!

Two of a Kind

Harry—You talk like an idiot!

Jerry—I notice you don't have any trouble understanding me!

In the Dog House

Mrs. Brown—Sam, I gave a collar and bed and bathed by the same pet shop. Why does cause a lot of confusion.

Mrs. Blue—Oh, no. She always speaks gently to the dog!

Social Security

Harry—Do you ever put anything away for a rainy day?

Jerry—Well, I keep an umbrella in the hall closet.

Bright Boy!

Teacher—When did the Hundred Years' war end?

Voice in the Back—One hundred years after it started!

New Recipe

Hubby—What's wrong now, dear? Wifey—I made a cake this morning and put it in the refrigerator. And it's been there all day but there still isn't any frosting on it!

Score One

Nit—What kind of toothpaste do you use?

Wit—Stay brite!

Nit—I thought you used gun powder, the way you're blowing off all the time!

Only One Trouble

Jones—What do you say about getting our wives together and having a big time tonight?

Smith—Swell. But where will we leave them?

HEAD OF THE CLASS

Teacher—Can you tell me anything about the great chemists of the 18th century?

Smarty—They're all dead, sir!

Gone Forever

Him—Did you say there was something about me you liked?

Her—There was! But you've spent it all!

Just Dangerous!

Joe—I'm color blind. Can you tell me the difference between a blonde and a brunette?

Bill—If you're color blind, there isn't any difference!

Poor Guy!

She—I wonder how many men will be unhappy when I marry?

He—Just one!

Correct Answer

Dummy—How long do you think the war will last?

Smarty—Well, at the present rate, I doubt if it'll last the duration!

All Play!

Nit—Why do you want to be a watch maker?

Wit—Then I can hold hands and make faces!

One of a Kind

Jimmy—Who's the smartest one in your class?

Johnny—Me, of course. Why?

Jimmy—I thought I was right when I told the teacher it was a dumb class!

Through the Age

Father—That young man stays too late! Hasn't your mother said anything to you about it?

Daughter—Yes, I did. Mother says men haven't changed a bit!

Real Old One!

Jake—We've got a hen over at our place that laid an egg a foot long!

Zeke—That's nothing. We got something over at our place that'll beat that!

Jake—What's that?

Zeke—An egg-beater!

CHM. WOMACK ASKS BOND DRIVE SPEED

City and County Workers Are Linked, Drive Takes On Momentum

Spurred by activities of other counties throughout the state, General Chairman Joe Womack of the Sixth War Loan Drive in Nicholas County, has asked workers to drive ahead for victory before December 16.

Some workers have not reported their counties and the quotas assigned to them for the drive.

In order to reach the quota of $216,000 for Nicholas County in the allotted time it will be necessary for all workers to redouble efforts to make contact with their prospects as rapidly as possible. Momentum has been built up by the campaigns in other counties and it is important that every effort be made to keep the drive from slowing down. Mr. Womack said.

Chairmen and workers are urged to call the Chairman at his office in the Carlisle Hotel.

Total bond sales to date, $162,750

SHIP AND MAIL NOW PLEA

Public response to the Post Office Department's Christmas "Ship Mail In November" campaign is being gratifying, according to Postmaster General Frank C. Walker.

"Overwhelming wartime conditions force us," Mr. Walker said "Unless more people buy and mail this month the Postal service cannot do its job of delivering all Christmas gifts on time.

"It is not pleasing to us to have to ask the American people to mail packages so far in advance of the delivery date. We do so only because it has to be done. The job is a tremendous one, but we are just-about-to stand to the very end, while on the continent of Asia, our ally China is in a desperate condition and Japan is about to overrun the whole of Asia. In view of these conditions, let us put on a great offensive on this home front and thus bring cheer our brave boys by the process forward to an early victory.

I have in mind next week for a Red Cross Tea Tuesday. I want to thank both citizens and workers who have rendered such cooperation during these war drives. My final appeal is that we all go forward as never before on this sixth drive. May God bless you all.

O'Cralb,
Rev. Cecil C. Crabb,
City director of sales.

OBSERVATIONS

WE SEE AND HEAR
By Monty

HALF COPY

A loyal subscriber writes: "I can't get the news from half copy." Sorry, but we wish a half was better than no copy at all. Nicholas county is "war" and some of us can't get all we want to do with "half rations." The boys in the foxholes would enjoy a sandwich and a hand-bill from home.

TREES-LEAVES

The trees have a lovely, "shivery" appearance at this season of the year after dropping their heavy summer clothing of foliage. Most humans wear less clothing in summer than in winter, but trees reverse the custom.

COLLECTED "TIPS"

Two ladies decided they would make a trip to the city and take along a friend and neighbor. After a few days sampling and dining at fashionable eating places, the group started on their homeward journey, stopping at a wayside roadhouse for lunch when one of the party remarked that we will have to eat a sandwich since we have spent all our money with only a little small change left. Whereupon the invited guest in the party pulled up from the center of her bandkerchief several nickels, dimes and quarters, remarking "you all just left your money lying around on the table where you ate and I picked it up and saved it for you."

QUAIL SCARCE

Report from those who went early in the season are to the effect that quail is very scarce, or, at least, the weather was too warm to have any success. Only one report came in that the hunter on opening day got the limit. Hunting will probably be better after a few more colder days. But, where is the hunter to secure the necessary gasoline to travel and the shells to supply his gun? Can't afford to go very far and certainly can't afford to miss many shots.

BUSINESS MEN ARE TO RIDE DONKEYS

"Donkey" Basket Ball Game Monday, Nov. 27 At High School Gym.

Over twenty of the city's most distinguished citizens are going to doff their dignity on Monday night, while they play to the tune of the "Donkey Serenade."

This list includes representatives of the Rotary Club and other civic and social organizations, as well as both sexes of the Carlisle Theatre.

Yes, the Donkey Basketball time again and men like Bill Gambo, Ed Strau and E. M. Norsworthy will be called upon to mount the lively little burros—and "do or die" for the Pep Club.

For the uninitiate, Donkey Basketball is played just as regulation basketball only each player rides a donkey. Fun, laughing and shooting, must be made while counting. A player is allowed to dismount to dribble and up the ball.

Which has the basketball team, the Rotary Club or the Musketeers? That question will be answered Monday night, November 27, in the Carlisle High Gym, at 7:30. Tickets will be sold at the door. Admission is 25 and 35 cents, including tax.

Mrs. Hardesty Improving

Returning from Richmond Monday, Mrs. John Lee reports that Mrs. Hardesty is improving satisfactorily. It will be remembered Mrs. Hardesty suffered an accidental gun-shot wound in her right arm while hunting in Madison county last week with Mr. Hardesty and some friends. She is now in a hospital in Richmond and expects to return to her home here within the next few days.

RED CROSS PLEADS FOR VOLUNTEERS KNITTERS

To complete the quota of 108 Army sweaters, the number of volunteer knitters must be substantially increased. Only 42 of these sweaters have been taken and, and the need for more clothing for our fighting men at this time is important. These sweaters are of three types: turtle-neck, v-neck with sleeves, and v-neck sleeveless.

FAVORS YEAR'S TRAINING

President Roosevelt says he hopes the new Congress will enact this winter legislation for compulsory, one-year government training for young Americans.

In a news conference discussion, he indicated he had in mind a more general program, however, than the year of peacetime military training which some are advocating to establish a trained Army reserve.

WAITING WIVES CLUB

The Waiting Wives Club, newly organized club for wives of service men held their first meeting Nov. 16, 1944, at the home of Mrs. H. W. Small. Bye-laws for the club were adopted by the Charter members and plans were made for future meetings. The next meeting will be on Tuesday, Nov. 28, 1944 at the home of Mrs. Palmer Smart on Broadway.

DRAMATIC CLUB TO GIVE PRODUCTION

Play December 5 at High School Auditorium. Directed By Miss Jane Ross.

Curtain going up! On Tuesday, December 5, at 8 o'clock the footlights will go on, the house lights will dim, and a hush will settle over the Carlisle High School auditorium as the curtain slowly will anticipate the first production of the year by the Carlisle Thespian Club.

The dramatics department, under the direction of Miss Jane Ross, as opening its 1944-45 season with the bright and modern comedy, "Everyone Trying." "No girl needs to die an old maid if she is really clever. The way to get a prospective husband interested in you is to ignore him politely; treat him coldly and you'll soon have him eating out of your hand. In other words the way to win a husband is to keep him trying."

Folks, don't just sit back and refuse to go places because we are now engaged in conflict with our enemies. They realize that we have a job to do, that all work and no play will make Jack a dull boy, and the best way to keep up our spirits and make victory a certainty is to use our free hours for the enjoyment of clean entertainment. It is a show loaded with laughs, so spread the good news around,so that a packed house will reward the efforts of our local players.
