NO. 10.

THE GREAT MISTAKE
BY A. H. HARRIS.
The great mistake that is made by the people of this country is to suppose that the only way to get rich is to speculate in stocks and bonds. This is a very common mistake, and one that has cost many people their money and their health. The only way to get rich is to work hard and to be honest. This is the only way to success in any business.
