National Red Cross Goal Is 75 Million

WASHINGTON, D. C. — On March 1 the American Red Cross through 2,600,000 volunteer workers began asking the American people to subscribe $75,000,000 to carry on its far-reaching program for the fiscal year 1948-49.

Actually, a budget of $87,900,000 will be required for the complete service program of international organization and its 3,600 chapters, according to President Basil O'Connor said, but anticipated contributions of $22,000,000 from uncommitted income makes it possible to hold the campaign goal to the $75,000,000. This is $4,000,000 less than the amount contributed during 1947 appeal.

"The Red Cross will be able to reduce general operating costs in some activities next year," Mr. O'Connor said, "the organization has found that increasing demands in other Red Cross endeavors."

As an illustration of increasing service requirements, Mr. O'Connor pointed out that prior to World War II Red Cross services for veterans and their families were extended to less than 150,000 persons. Today, he said, "there are approximately 16,000,000 veterans, a substantial number of whom require the services and assistance of the Red Cross.

"Disaster relief provides another example. Red Cross must be prepared to meet catastrophes. During 1947 approximately $11,000,000 was allocated for disaster aid to over 300,000 persons. This depletes our national disaster reserve fund, which must be replenished."

An entirely new activity to be financed in the 1948 Red Cross appeal, Mr. O'Connor added, is the AR national blood program. "This may take five years to become fully operative throughout the nation. Some 20 or 30 mobile blood centers are scheduled to open in 1948, he said, and as rapidly as possible other centers will be established. Mobile units will go into the rural areas to bring blood in outlying communities.

"The Red Cross contributed no monument to tradition Jones-ville, he added. "It expects to improve the welfare of our tradition best by searching out new ways to be of service, new trails to blaze, new techniques to improve the welfare of our communities, of our nation, and of the world.

"This is a program that the Red Cross can offer to the American people with confidence and pride."

Veterans Class Showing Progress

World War II veterans enrolled in the agricultural classes at Nicholas County High school are cooperating fully in a progressive farm program in the county, John Adams, agricultural teacher, said today.

Of a total of 109 veterans enrolled in the classes, 58 have joined the Farm Bureau along with the Future Farmers of America chapter at the school. Approximately 40 veterans, who own 150 dairy cows, are expected to join the Nicholas County Artificial Breeding Cooperative.

Ninety-five percent of this group grew root-rot resistant varieties of tobacco during 1947. Agricultural progress among the entire group is advancing rapidly, Adams said.

'Photog' Coming March 13 To Take Pics For Mercury

The date for taking pictures of your youngsters has been changed from Saturday, March 6 to Saturday, March 13. The Carlisle Mercury has been advised by a representative of the audio video co. that take the pictures.

The Mercury is having pictures taken of all children who are brought by their parents or other guardian to the Bourbon Laundry, just four doors above the Mercury office, between 10 a. m. and 6 p. m. Saturday, free of charge.

The Waltz Studios, Des Moines, Iowa, nationally known children's photographers, will be in charge of the photography. The Mercury wants a picture of your child to print in its forthcoming feature "Citizens of Tomorrow", a series of photographic studies of local children. The more we get the better the feature will be, so cooperation of mothers and fathers is urged.

It often seems to parents that children are little star minded and are grown up the next, so fast does a child's growing stage pass. Here is a splendid opportunity to catch a likeness of your child or children at this present stage for the pleasure you will get out of it in future years and for the pleasure you will enjoy in seeing it in print. You will want to clip it from this paper and preserve it for years and preserve it for the youngsters when he or she grows up.

There is absolutely no charge or obligation for taking the pictures. Parents don't even have to be a subscriber to the Mercury, nor even a reader. You do not have to purchase pictures either, though you may obtain a limited number of additional prints by arranging direct with the studio if you want them. That is entirely up to you! There is no age limit.

Don't forget the date—it's Saturday, March 13!

Miss Henry Heads Easter Seal Sale

The Kentucky Society for Crippled Children will conduct its annual Easter Seal Sale and membership drive from March 1 to March 15, (Easter Day). The goal is $150,000, to carry on the Society's work for crippled children in this, the Silver Anniversary year of the 23-year-old organization.

State campaign chairman is Sidney Rosenblum, Louisville, first vice president of the Society and a longtime friend of crippled children in Kentucky. Rosenblum has headed several Louisville drives during Easter campaigns in the past few years.

Miss Martha O'Brien, Louisville, co-chairman, Miss O'Brien, a director of the Society, is president of the Louisville Junior League and also a veteran volunteer worker for crippled children.

In Nicholas county Miss Jimmie Henry has accepted chairmanship of the local campaign, and today announced plans for mailing Easter Seals and soliciting membership and big gifts, to raise this county's share of the Society's 1948 budget.

"This will be one of the most important campaigns in the Society's history," Miss Henry said. "Rising hospital and treatment costs mean that every dollar must be stretched as far as possible. There are four big jobs to be done with your Easter gifts.

These jobs she listed as supplementary aid to the state Division for Services for Crippled Children Commission, which has spent more than 13,000 on children; operation of a new Curative Workshop for Crippled Children Commission, which has helped more than 1,000
