Whatcha Know? Joe!

Newsmen and arm-chair diplomats strove unsuccessfully to arrange a meeting between President Truman and Marshal Stalin, but it was no trick at all for artist Jacek Karpowicz of Paris, France. Karpowicz, who views the present era of "phony peace" pessimistically, made his own Truman and Stalin of papier-mache, and put them together for this striking portrait.

BIBLE COMMENT

There Is No Place For Prejudice In Our Religion

A PLAUSIBLE philosophy of life has said, "Do good and you will be happy." But if happiness consists in being free from danger, and immune from pain, the sufferings of good men, often prosecuted because of their very goodness, have revealed how false is that easy adage.

A deep mystery of life is that the innocent have suffered with the guilty. It is the mystery of the Cross, it is the suffering and sacrifice of Christ himself.

The hostility to Jesus aroused in His prejudiced contemporaries as He began His ministry is manifest continued on the page of history throughout His ministry.

Religion ought to make men humane, kind, considerate, ready and eager to help one another. But unfortunately it has often made them bitter and full of hatred.

It was not unnatural that the claims of Jesus should be questioned by some, as they had been by his own brothers (John 5:7). But why should His pronouncement of the forgiveness of sins have aroused such hatred? If He had no power to forgive sins, the sins would not be forgiven. To question His authority was one thing—to hate Him, and seek to kill Him, was another.

Again, the Sabbath was a noble Jewish institution, a symbol of the divine sovereignty and goodness, its observance called forth the loftiest passages in devout Jews. But when this observance became no formal observance, the welfare of one's fellowmen was obliterated, the glory of the Sabbath was lost. To break the Sabbath, in their idea of it, was a greater sin than to have hatred and murder in one's heart.

The opposition of certain Scribes and Pharisees and official religious authorities had more justification.

The mistake that they made was in ignoring the actual words and deeds, in being blind to the authority of goodness, and in hating One whom the people heard gladly. *

*Are we wiser than those of old? Is religion our response to the goodness of God, or is it dominated by prejudice and bigotry?

Leaf Average Drops $2.55 Within Week

Volume of sales for Burley tobacco fell at an average of 11¼ million pounds per day during the week ending February 4. The Federal-State Market News Service reports gross sales amounted to 28,206,824 pounds for $38,82 per hundred. This poundage was roughly 24½ million smaller than the previous week and the general average $2.55 less. Lower quality offerings was chiefly responsible for the decreased weekly average. Sample sales were brought to 626,730 pounds for $46.16 per hundred.

Average prices for most grades were 50c to $1.00 lower than the week before with a fairly large number unchanged. Government support prices minimized the losses in a number of instances, especially for good and better grades. These averaged only 50c to $2.00 above their support levels.

Low quality grades and nondescript made up approximately one half of the baskets marketed. The only improvement was a decrease in the percentage of baskets in unsafe order as compared with last week.

There was a sharp increase in the percentage of baskets consigned to the Associations under the Government loan program. It was estimated that 26 to 30 per cent was delivered to the "pools" through January 28 receipts of the Associations had amounted to approximately 80,237,000 pounds or about 13½ per cent of gross sales through that date.

During the week the following markets closed: Bowling Green, Danville, Glasgow, Hopkinsville, Louisville, Mt. Sterling, Paducah, Paris, Richmond and Shelbyville, Ky.; Clarksville, Franklin, Greeneville, Johnson City, Knoxville, New Tazewell and Rogersville, Tenn. Asheville, N. C.; Madison and New Albany, Ind. Through Friday marketing was completed on 40 of the 51 markets. Closing dates have been announced on the following markets: Horse Cave, Ky., February 7; Huntington, W. Va., February 8; Carrollton and Cynthiana, Ky., February 10; Maysville and Owensboro, Ky., February 17.

SHARPSBURG WALTOPS MUSKETEERS 58 TO 48

Paced by Ray Hart's 14 points, the Sharpsburg Red Devils outmoved a hot and cold group from Carlisle trimming the Musketers 58-48 at Sharpsburg Tuesday night.

It was the usual story for the Musketers. They broke on top momentarily, 7-5, before the Cunningham crew began piling up their unbeatable advantage.

Carlisle, never as close as the final tab indicated, trailed 52-29 at the end of the third quarter. Playing against a Devil reserve five, the Musketers narrowed the count, scoring 19 points in the final stanza.

Peters with 16, and Stephenson with 10 led the local attack.

In the curtain raiser, Sharpsburg's B team, undefeated in 22 games, racked up another win at the expense of Carlisle B five.

I might add, that if the Musketeers scrapped as hard throughout the game as they do in the closing moments, the outcome of each tilt might be just a little different.

Friday, a preview of what may come in the opening round of the district tournament can be seen as Carlisle plays host to Bourbon County.—**E. A.**
