Davis Makes Statement

It has come to my attention that a false rumor is floating regarding some of my past activities and I am of the opinion that I should correct this false rumor publicly. I do not excuse my opponent of starting the rumor nor do I accuse any one else of knowingly making any untrue statement. I realize that election time is not far off and, as usual, one hears strange stories. However, I feel that I should make the following statement.

The people of Pendleton County, as elsewhere, are divided on the Falmouth Dam question and it has been my policy in the past and will be in the future not to take any part in a family argument.

I was elected County Attorney of Pendleton County four consecutive times—the last three without opposition. I could not have held the respect and good will of my friends and neighbors had I meddled in their controversial questions.

I am not a member of the Falmouth Dam Organization.

I have never been a member of the Falmouth Dam Organization.

I have never attended a meeting of the Falmouth Dam Organization.

I have never made a speech favoring or disfavoring the Falmouth Dam.

The proposed Falmouth Dam is a Federal Project and the issue when and if decided, will be made by federal authorities. It is quite certain Uncle Sam will not consult me or any other county or district official as to my likes or dislikes. I say this because not too long ago he called on me and I was away for more than two years. No time did Hoorsuit me first as to what he wanted me to do.

Yours respectfully,
W. Marvin Davis
Candidate for Commonwealth Attorney

FLOOD RELIEF

"The work of the Red Cross in the flooded area of the middle west is just beginning. Its heaviest task is just ahead. Months from now, long after the mercury of these floods slips from the minds of people in other sections, the Red Cross will still be on the job assisting victims. The money the Red Cross provides for rebuilding a house or refurnishing it, or for helping a family find the means to help itself, will be given outright, not lent." These were the words of President Truman in asking the American public to contribute at least $5,000,000 to the Red Cross to aid the disaster-stricken people of Kansas, Missouri, Oklahoma and Illinois. Won't you help—through local Red Cross chapter. The quota set for Nicholas County is $150. Bring or mail your contributions to the Red Cross Headquarters, Main street, Carlisle.

Nicholas County Barn Destroyed By Flames

A stock barn on the Ruble Williams farm on the Carpenter road was destroyed by fire late Saturday night after it was struck by lightning.

About 2,000 bales of hay were lost in the blaze.

Strikes House

Jack Lowe, of near Indian Creek, was knocked unconscious when a bolt of lightning struck his house about 5 p. m. Saturday. The house was ignited by the lightning, but minor damage was reported.

BIZARRE INCIDENT—Noel Figarone, 4, is in the hospital facing the possible loss of an eye, after being shot by Sam Fisher, New York shopkeeper, with Japanese "atom" gun, shown here in the palm of a reporter. Pencil indicates shell of gun. A policeman was killed recently in the comic strips with a similar type of weapon, or do you follow them that closely?

Miss Beulah M. Hughes, Carlisle, has been named the Wetherby for Governor Chairwoman of Nicholas County, it has been announced by Mrs. Elgin Morison, State Chairwoman.

Chairman John Anderson, who was recently named by State Chairman Jesse S. Lindsay, and Miss Hughes have been making final arrangements with precinct workers of Nicholas county for Saturday's primary election.

Chairman Lindsay has urged the Nicholas County organization for Governor Wetherby, who is seeking the Democratic nomination for governor in Saturday's primary, to "leave no stone unturned" in getting out the vote.

He continued, "If you want your party to nominate the candidate you believe best qualified for your State government go to the polls Saturday. If you value your freedom and if you are interested at all in defending and maintaining a free nation VOTE. Vote in every election, regardless on what level of government."

Judge Lindsay pointed out to Chairman Anderson and Chairwoman Hughes that the job on election day is done by the precinct workers, because it is at the precinct level that the 'get-out-the-vote' job is done."

Quiet Election Predicted

A quiet election was forecast for Saturday in Nicholas county although some interest has been shown among local people in two races.

POLLS ON SLOW TIME

If you plan to vote in Saturday's primary, then plan to vote on slow time. Polls will open at 6 a. m. (CST) and will close at 4 p. m. Central Standard time.

The Commonwealth's Attorney race between Larry Tucker, Cynthiana, and Marvin Davis, Falmouth, has created some interest as both men have been campaigning actively in this county.

The other race which may cause a larger turnout than expected several weeks ago is the Blanton-Snapp race for state representative.

Incumbent Snapp was elected to his post two years ago in a hotly contested race against E. F. Pritchard of Paris.

Blanton, a widely-known Paris attorney, and former state senator, is known to have constituents in both Bourbon and Nicholas counties, and is regarded as a very strong contender.

Outside of this pair of contests there seems to be little interest.

The Wetherby-Beauchamp combination seems to be a cinch to carry the Democratic nomination for governor and lieutenant governor, it just remaining to be seen by how large a majority.

The other state races are not expected to bring out a heavy vote.

Mosquitoes, Yes?

Oh, what a trap, a trap, a trap! Great mosquitoes, small mosquitoes, lean mosquitoes, brawny mosquitoes, brown mosquitoes, black mosquitoes, gray mosquitoes, tawny mosquitoes. Grave old plodders, gay young friskers, fathers, mothers, uncles, cousins, brothers, sisters, husbands, wives,

Followed the piper for their lives. Rouse up sirs! Give your brains a racking, to find the remedy we're lacking—to free our town of mosquitoes.

This will help—on Friday morning every housewife in Carlisle pour a quart of kerosene in their sink. Come, oil please, remember! —Carlisle 4-H club.
