Resolutions On the Death of John Lewis Kerns

Inasmuch as in the providence of our gracious Heavenly Father, our friend and brother, John Lewis Kerns, has been called from time into eternity, from mortality into immortality, be it therefore resolved by the Men's Bible Class of the Carlisle Christian Church.

1. That Brother Kerns was a faithful member of this Bible Class; and one who merited and received the friendship and affection of each member of the Class.

2. In the quality of his life, his devotion to Christ and his Church and his faithful performance of every duty, he was a constant source of inspiration and uplift to each one of us; and we gratefully acknowledge this to be the example he set before us.

3. It is further resolved that we extend our sincere sympathy to each member of his family and assure them of our friendship and our prayers.

4. Be it further resolved that on the death of Brother Kerns the community has lost a worthy citizen, the Church a devoted member and capable officer, and this class a faithful member.

5. Be it further resolved that a copy of these resolutions be sent to the family, a copy sent to each of the local newspapers, and a copy filed in the minutes of this Bible Class.

THINGS IT NEEDS REPAIRING—This picture shows one of the few remaining covered bridges in Kentucky. This old bridge, spanning Hinkston creek between Nicholas and Bourbon counties on the Cynthiana road, has been a Nicholas county landmark for a number of years and is often referred to as the old "Booth Bridge." It was reported to have been constructed, mostly of pine, around 1856, by Jonathan Booth, from whom it derived its name. Take a good look at it, as it is going to be reconstructed into a new modern concrete bridge this summer.—The Carlisle Mercury Photo.

School Bus Inspection Held Friday Morning

The Director of Transportation in the State Department of Education, Mr. John Vickers, was in Carlisle Friday morning inspecting the Nicholas county school buses.

Seventeen of the 19 county busses were on hand for the inspection, which took place behind the court house.

After completing his tour, Mr. Vickers commended county superintendent of schools Raymond Wesley on the general good condition of the busses and commented that the Nicholas county school busses were far above average of the majority of school busses in other Kentucky counties that he had inspected.

The parts of the vehicles which received special attention were the various lights that are on the busses, and safety equipment such as fire axes, first-aid kits, night flares and danger flags.

The mechanical equipment, brakes, steering gears, doors, windows, and safety glass also received considerable attention.

Mr. Vickers talked to the drivers after the inspection and instructed them as to the methods for safe driving.

Mr. Wesley reported that all of the county school busses are equipped with safety glass, hydraulic brakes, and booster brakes. The oldest model bus is a 1937 make while the newest is a 1950 model. Three new busses are scheduled to be purchased for next year.

Nine hundred pupils from all parts of Nicholas county ride in and from school daily.

Judge Spencer Taylor Heads Youth Selection

Headed by Mr. Spencer Taylor, the County Judge, Mr. Raymond Wesley, the County Superintendent of Schools, and Mrs. Edwina Johnson, the Nicholas County Committee on children and youth is accepting nominations for the two outstanding youths in this county. They expect to complete their selection by April 15.

Two youths from each county in Kentucky will receive a certificate from the Kentucky Committee on Children and Youth—one youth for an outstanding feat of courage during 1950 and another for outstanding service to his community.

From the 240 names submitted by 120 counties, four will be named by the Kentucky Committee to receive special awards by Governor Wetherby on May 1 and will then compete for national honors.

The Nicholas County Committee will be happy to receive nominations from any youth eligible according to Public Law 638. The committee is asking that nominations be made by April 1. Envelopes are being sent to all schools, girls clubs, and anyone wishing to nominate a person may pick up application blanks in the county superintendents office.

Blue Licks Park To Be Enlarged

Blue Licks State Park, located on U. S. 68 about 12 miles North of Carlisle, will be enlarged from 32 to 100 acres through a gift from the National Pioneer Monument Association, of Maysville.

Wadsworth Clarke, Maysville, director of the association and promoter of the enlargement project, announced last Friday that the group has deeded 68 acres of land from its adjoining farm to the commonwealth.

An old hotel site and other buildings will make the park eligible for inclusion in the federal park system.

The additional land gives the park a long shoreline on the North Fork of the Licking River, a wooded area containing valuable timber and large bottom lands adapted for playgrounds and other recreational uses.

Conveyance of the acreage to the commonwealth was made by Dr. J. T. Davis, Richmond, president of the National Pioneer Monument Association, and Hambleton Tapp, Lexington, secretary.

Blue Licks State Park was created through the efforts of the late William J. Curtis of Robertson county, former curator of the park.

Coach Roe, handicapped by the bad weather, was unable to practice his boys on the athletic field, so signal practices have been held in the gym this week.

Returning from last year's squad in the backfield are Brooks Pitman, quarterback, Kimball Booth, shifted to fullback, Benny Donovan, still at left halfback, and Billy Clark has shifted from a guard position to take over right halfback duties.

Working out Tuesday afternoon were Bunnen Gary Flora, center, Jim Hughes, end, and Ralph Kash, guard.

A newcomer to this year's squad, Estill Hunt, has been working out at the center end position and seems to be turning in a creditable job.

Coach Roe stated that the athletic field should be dry enough by next Monday to start his boys practicing there. No practice games are scheduled this spring, but Roe stated that he will drill the boys extensively on blocking, tackling, techniques, and signals.

Hazard has been added to next fall's schedule, Coach Roe reported.
