More Tobacco On Reduced Acreage

Despite an allotment reduction from one acre to .864 of an acre in 1953, Roosevelt Thomas of Knox county told UK County Agent Gray H. Williams he produced more tobacco. The fraction of an acre yield last year was 2,294 pounds; the acre yield the year before, 2,100 pounds.

The increased yield resulted from testing the seil and the use of more potash. On the .864-acre base, he used 900 pounds of 5-10-16, 600 pounds of which was disked in after the ground was turned, and 300 pounds used in the row. In addition he turned under a cover crop of vetch to which had been added 10 tons of manure. This variety was Ky. 1.

KNOW YOUR RACING

The Valet

All jockeys have a valet. The valet calls for and returns to the "color" man the silks worn by his rider, as well as handling his equipment, such as boots and other underclothing. He cleans the jockey's boots and saddle at the end of each day's riding.

After a jocker weighs "out" the valet takes his tack to the paddock and assists the trainer with the saddling. However, the jockey must unsaddle his mount alone, and is not allowed to pass his tack to his valet until he has completed weighing "in".

An illustrated booklet containing interesting facts on racing will be sent free upon request to Keeneland Race Course, Lexington, Ky.

Holliday Appointed To F.H.A. By Sen. Cooper

Appointment of Malcolm H. Holliday, Jr., of Jackson, Kentucky, as Assistant to the Administrator of the Farmers Home Administration, has been announced by Senator John Sherman Cooper (R-Ky.). Holliday took office March 1, and has general supervision of personnel, budget, finance, and business services activities of FHA. In addition, he will advise the Administrator on policy, he will recommend changes in policies, and he will make periodic surveys of state offices to check on operations in the field.

Holliday is now President and Publisher of Holliday Publications, Inc., which publishes seven county papers in Kentucky. He is immediate past president of the Kentucky Press Service and a member of the Kentucky Press Association. He has "a long and distinguished career in the business world and the newspaper field," Senator Cooper said, "and his appointment to an important office of the Agriculture Department will make an important contribution to the success of the Agency.

The new appointee is a graduate of Morehead College, where he received his degree in 1942, with a major in history. He also attended Lees Junior College at Jackson. Holliday was born at Jackson in 1912. He married the former Sara Wooten of Louisa and they have two children.

Here's Recipe For Washing Furniture

Furniture that has a varnished, shellacked or natural finish may be washed to remove the filmy appearance it sometimes acquires, say home management specialists at the University of Kentucky. Their recommendation:

Wring a sponge or cloth tightly from a mixture of 1 quart of boiling water, 3 tablespoons of linseed or lemon oil, and 1 tablespoon of turpentine. Wash a small area, then dry well with a clean, soft cloth. Keep mixture hot over hot water. This mixture serves as a polish as well as a cleaner.

MONEY FOR 4-H'ERS

A registered Jersey heifer donated by John C. Peterson sold at auction for $65, the money going to the Marion County 4-H Club Association. The buyer was Clarence McCauley. The calf was fed to the age of four months by Eddie Derp, owner of a feed and supply store.

Leaders of homemakers clubs in McCracken county showed their interest in wiring lamps, or making bases for them, by being 100 percent present at a training school.

CHRISTIAN SCIENCE

That permanent peace and harmony are within the reach of mankind through the spiritual growth that reveals the true, spiritual nature of man in God's likeness will be emphasized in the Lesson-Sermon entitled "Man" which will be read at Christian Science services Sunday.

Selections from the King James Version of the Bible include this citation from Romans: "And we know that all things work together for good to them that love God, to them who are the called according to his purpose." (8:28).

The following passage will be among those read from Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortals must gravitate Godward, their affections and aims grow spiritual;—they must rear the broader interpretations of being, and gain some proper sense of the infinite;—in order that sin and mortality may be put off. This scientific sense of being, forsaking matter for Spirit, by no means suggests man's absorption into Deity and the loss of his identity, but confers upon man enlarged individuality, a wider sphere of thought and action, a more expansive love, a higher and more permanent peace" (265:5-15).

The Golden Text is from Psalms: "Mark the perfect man, and behold the upright: for the end of that man is peace" (37:37).

Stress Tobacco, Gardens

The Breathitt county extension advisory committee is planning to center its attention on tobacco and home food supplies, UK County Agent J. W. Poe, Jr., says special consideration will be given to the Kentucky cow-and-calf plan, Green Pastures program, keeping black shank disease out of tobacco, recobeling tobacco barns, keeping purebred sires and the sowing of adapted varieties of garden and field crop seeds.

Suicide Victim's Body Unfound

The body of Sep Clark, 42, Negro, formerly of Carlisle, who committed suicide last Thursday by jumping off the Chesapeake & Ohio, Bridge between Cincinnati and Covington, still had not been found by Covington police today according to word received here.

Clark a native of Carlisle, lived in Cincinnati a number of years and was employed there by the transportation division of the Cincinnati Post office.

Police reports of his death quoted a shipmate as saying he saw a car in front of him stop on the Chesapeake and Ohio bridge saw a man get out of the car and run to the bridge rail where he paused for an instant, ripped off his coat, threw his hat to the pavement and jumped before he could be reached.

Covington police found identification in Clark's coat and summoned Clark's wife, Corrine. She said that the coat was Clark's and that he had been ill a long time.

In a note to his wife found in the coat, Clark said that "the medicine didn't do me any good . . . I'm sorry."

The body when recovered, probably will be brought to Carlisle for interment in the Henryville cemetery.

His survivors are his mother, Mattie Owens, Moorefield, his wife who was Corrine Williams and three children of Cincinnati, two brothers, Calvin Clark, Carlisle, Walter Williams, Cincinnati. He was a U. S. Navy veteran of World War II.

Engineers Give Estimate Of Pipe Line Costs; Bond Firm Asks That Books Be Audited

Estimated Costs Range From $93,000 To $186,000; Three Sources Named

Last Thursday night's call meeting of the city council brought up several possible ways to secure additional water.

Council was addressed by Grant Bell of the firm of Howard K. Bell consulting engineers, Lexington. Bell told the council that all his estimates were not final and could be as much as ten percent too high or low.

He named three possible ways to secure additional water, namely a pipe line to Licking River, pipe line to Hinkston creek or to build another lake capable of holding 6 million gallons in storage.

Rough estimates were made for 6-inch and 8-inch cast iron pre-stressed pipe lines to both the river and Hinkston—prices range from $146,000 to $186,000 for lines to Licking; 6-inch and 8-inch to Hinkston, $81,000 to $98,000; temporary 5-inch line of aluminum, to river, $55,000 and approximately $4300 each time it has to put down and taken up; erect new dam, $64,000, install 8-inch line to back of second lake, $25,000 and approximately $4,000 for pump.

In answer to a question asked by Councilman W. H. Frey, "Do you consider Hinkston an adequate source of water supply?" Bell stated, "I do not advise going to Hinkston for a permanent water supply."

Need Water Fund Books Audited

Stein Bros. & Boyce representative Wesley J. Rutledge Jr. who set up most of Thursday checking the records of the Water Works account stated that an auditor would have to be hired to straighten out the records before he could tell if the water works system was making money or losing same. Until this matter is attended—Stein Bros. & Boyce will be unable to advise in regard to a bond issue.

Presents Views

Also presenting his views from the engineering standpoint was John S. Kennedy of Kennedy & Company engineering firm, Lexington. His rough estimates were 6-inch cast iron pipe line to Licking $100,000; 8-inch, $123,000 with pumping station additional. Estimate for pumps, $5,000.

Kennoy sumbitted a proposal combining the three stages of investigation for consideration by the council.

Call Meeting Friday Night

After much discussion pro and con the meeting was adjourned and a call meeting was set for Friday night, March 12 at 7:30 o'clock.

Power To Head July 4 Festival

American Legion Commander John D. Power was elected to take complete charge of the annual Blackberry Festival for the third consecutive year at the regular meeting of the post Friday night.

Power stated that this year's event would be held July 2 through 5.

The festival will open Friday night, July 2 with an address by A. B. (Happy) Chandler and other dignitaries. Rides and other amusement concessions will probably be in operation Friday morning.

The annual selection of a Queen to reign over the festival will be held Saturday night.

Sunday, July 4 will be devoted to religious services. Sunday afternoon will be turned over to some well-known evangelist who will lead the community in an old-fashioned song service. Invitations to several evangelists have been extended in hopes that one can be present for this event. Power stated.

The 4th will be celebrated on Monday, July 5 and will climax with the annual fireworks display.

Street dances will be held each night except Sunday. A round dance scheduled for Monday night.

Clubs Observing National 4-H Week

In celebrating National 4-H Week, March 6-14, Over 2,000,000 boys and girls in America will be reminded to remind the 4-H Club Creed, says Sylvia McCarty of Carlisle.

The creed is as follows:

"I believe in 4-H Club Work for the opportunity it will give me to become a better citizen.

"I believe in the training of my HEAD for the power it will give me to think, to plan and to reason.

"I believe in the training of my HEART for the edification it will give me to become kind, sympathetic and true.

"I believe in the training of my HANDS for the dignity it may give me to be helpful, useful and skillful.

"I believe in the training of my Health for the strength it will give me to enjoy life, to resist disease, and to work efficiently.

"I believe in my Community, my state and my Country, and in my responsibility for their development.

"In all these things I believe and I am willing to dedicate my efforts to their fulfillment."

HANDICAPPED CHILD PLACED IN TRAINING HOME

Local county officials were notified Monday by Sen. H. Stanley Blake that the Kentucky Training Home at Frankfort was able to accept and care for Susie Fay Snapp.

Sky was taken to her new home by Judge Spencer Taylor and Sheriff J. Milton Fryman.

Benefit Dance
