An Account Of The CHS Jr.-Sr. Trip

By Wanda Reid

For many months the Junior-Senior classes of Carlisle high school had been working hard to get money to support the Annual CHS trip. Finally the long awated day began. On Wednesday, May 12, the two classes climbed aboard their chartered Greyhound and headed for the historical trip.

Our first stop was at my Old Kentucky Home. Here we saw Stephen Foster's home where My Old Kentucky Home. We all found it very beautiful and interesting.

The second step we made was at Hodgenville, Ky. Here we saw the cabin where Lincoln was born and the cave from which he drank spring water. We also ate our first meal here, a picnic lunch served on the picnic grounds. It was a bit chilly, but we enjoyed our lunch very much.

Again we boarded our bus and this time we headed for Mammoth Cave. We arrived there at 3:00. We unpacked and prepared to go into the Cave. At 4:15 we went for an hour and a half trip through the cave. To those who read seen it, it was more interesting than before. To those who had not seen it, it was very pretty and interesting. Then we ate our supper in the Cafeteria at the hotel.

At 7:30 Thursday morning we climbed aboard our bus and headed for Western College. To our regret it was raining when we got up there and we did not get to tour the college as we had planned.

Our next stop was at Nashville, Tennessee. Here we visited the home of Andrew Jackson. We found the Hermitage to be very old and beautiful. We also ate our dinner in Nashville.

Thursday night was spent in Chatanooga, Tennessee. Here we took in a movie. I found Chatanooga to be a very beautiful and clean city.

On Friday morning we boarded our bus and departed for our next stop at Gatlinburg. We arrived at 4:30. We stayed at Bohannon's Court. I believe everyone enjoyed this stop as much as any other. Gatlinburg is a very beautiful little resort town. It is visited by people all over the world. It has many souvenir shops and it is covered with beautiful tourist courts. Mr. Bohannon was very nice to us and all the people there made us feel quite at home.

On Saturday morning we began going up, up, up into the Smoky Mountains. We were very much disappointed because it was foggy and the fog and the sun was under the clouds. But we did know we were there because our ears popped. We saw nothing on top of "Old Smoky" because of the dense fog.

We ate our dinner in a park in the Smokies and then headed for our last stop at Asheville, North Carolina.

We arrived at Ashville at 3:00. We then made ready to visit the Vanderbilt Mansion.

The Vanderbilt Mansion is one of the most beautiful sights I have ever seen or ever expect to see. It is almost unbelievable. The mansion has 152 rooms and every thing in it is old and beautiful. The grass looked like green velvet. The garden covered 10 acres and the flowers looked like pictures. We also visited the Biltmore Dairy where we saw some of the finest milk cows in the world. To me this was the most interesting point of the whole trip.

We then ate our supper and went to a movie in Asheville. We came back to our cabins to spend our last night.

At 8:30 Sunday morning we boarded our bus to start the long journey home.

In conclusion I would like to thank the teachers who have helped us make this trip possible. Also I shall say it was a wonderful trip and one not easily forgotten.
