VOLUME 88 ESTABLISHED 1867 CARLISLE, KY., THURSDAY, FEBRUARY 10, 1955 PRICE FIVE CENTS NUMBER 6

C.K.C. Contest Dropped By Musketeers As Panthers Over-Come Ten Point Lead

By W. L. Woodall

The Carlisle Musketeers after leading by ten points at half-time, dropped a one-point decision 37-36, here Tuesday, night to the Frankfort Panthers. With approximately five seconds remaining in the tilt, Collins, Frankfort center, hit two frees, tying the game at ninety points. Seconds later, Woodrum, Frankfort guard, hit on Carlisle's Dampier who missed both opportunities.

Takes Command

Taking command of the game in the first minutes of play, the Musketeers ran up a 13-4 first period score Gilley, hitting a high percentage of his shots from the corners during the period, and with the help of Vanlandingham controlled the backboard. The Frankfort team failed to penetrate the Carlisle defense, and looked bad from all aspects.

Carlisle outscored the Panthers 12-11 in the second quarter, as Gilley dropped in six more points before Frankfort set up an air-tight defense around the lanky Musketeer center Rodgers. Panther guard, dropped in two long shots which, drew the Musketeers defense out, resulting in six opportunities at the foul line of which the visitors collected.

One Crip Scored

During the third period the tempoist trad which the Musketeers had all half-time was cut to two. Gilley went scoless, as only Wells was able to connect with a crip and grabs shots by Vanlandingham, Fordback and King kept the home team on the lead. Woodrum, who had connected with only one crip during the first half, began to work himself under the basket and dropped through eight points for the Frankfort team. The Panthers rebound efforts improved during this canto, enabling them to cut the ball during most of the period, while Carlisle looked bad throughout the last half in their efforts at rebounding.

Tied Game

After three and a half minutes of the last period, Frankfort tied the score 34-34. Vanlandingham placed the green and white back on the lead 36-34 on a combined with two fouls which finished the Musketeers scoring for the night. Collins tossed in a foul for the Panthers with less than a minute to go making the score 36-35 in favor of Carlisle. Pressing hard afterwards, the Musketeers played Collins who dropped in the tying and winning points for the Frankfort crew. The Musketeers had an opportunity at the foul line in approximately the last five seconds of play when Dampier was fouled, but the Musketeers missed one good foul shot.

Carlisle led at the quarters 11-4, 25-15, 32-30. At the final line Frankfort hit 61% of their tries, while the Musketeers dropped through 58%.

Overtime Game

Last Friday night the Musketeers defeated St. Agatha of Winchester 56-55 in an overtime contest. In the last seconds of play, King, Carlisle guard, gave the Muskets the victory when he tossed in a foul, then rebounded his second attempt Gilley topped all scorers with 24 points and St. Agatha's Black dropped in 15 for the losers.

Box Score

Carlisle 36, Vanlandingham 5, Fordback 4, Gilley 16, King 3, Dampier, Grimes 2, Wells 2.

Frankfort 37, Day 2, Woodrum 7, Collins 4, Bradwell 2, Collins 4, Rodgers 2.

Adult Farmer Classes Set

Raymond Wesley, Supt. of Nicholas County schools has announced the opening of a new class at the high school Monday evening at 7:p.m.

This class will run for about 12 sessions and will be conducted by John Adams, head of the schools by vocational agriculture department. The lessons will center around the production, conservation, and processing of food for farm families. It will be open to both male and women and farms are being made available at minimum of 15 to 20 persons.

Food is the most costly item in the family budget, and studies show that a man spends one-third or more of his time in earning food for himself and his family.

Even though farm families produce much of their food supply, food is still the largest single item of cash expense for farm family living. The expenditure for food would be much less if farm families would provide an adequate amount of those foods which can be produced at home.

A good supply of home-produced foods has value: in addition to the money value as will be discussed in the first lesson.
