## Muskies Lose To Georgetown Buffaloes; Mentioned For Conference Tournament

### Sharpsburg Tilt Re-Scheduled For Tonight, Conflicted With Polio Benefit Program

By W. E. Woodall

The highly rated Georgetown Buffalo had difficulty in the first quarter here Tuesday night as it upsetted Carlisle Muskyteer. Team held the Scott county squad to a two point lead in the field, six minutes gone, and Georgetown had had two goals by the Muskies seven minutes gone by each repeat performer, Jerry Lee, on the defense Coach John Walton's team 45-43.

Light Defense

The Muskies' defense was severe tight in the first eight minutes of play as Georgetown was held to three baskets from the field and two from the foul line. The Georgetown defense was just as tight then as Carlisle was unable to score from the field for the Muskies and only picked up one shot from the field and four foul shots to tack 9 in the first stage. Throughout the period Georgetown pressed big Bill Cole down effectively with two men, but defensively Colley and Van Hooke played controlled ball.

In the second canto the Muskies were hot from the foul stripe but from the field Carlisle was unable to score for the Muskies seven minutes gone as they collected nine points to that stanza. The Muskies collected four points at the foul line to trail 53-46 at half time.

Bad Passing

Bad passing by Carlisle during the third period resulted in the Buffaloes advancing their lead by six points as they outscored Carlisle 13-7. Field goals accounted for all but one Georgetown point when a fast break began to work against the Muskyteers. Colley dropped in four of the locals seven points while Wells accounted for two and Fedback got a final.

The Muskyteers still playing good ball pushed the Buffaloes close during the last period, 19-16. Vanlandingham, Wells and Grimes kept the local team in the game with their accuracy at the foul line. They charted a neat 100 per cent of their tries, twelve for twelve. Colley made the remaining four by two well placed shots. Georgetown completed their game total with seven foul shots and six field goals.

Second Team Loses

The Georgetown second team beat the Carlisle second team in the opening tilt 38-25. Wilson led the Buffaloes with 21 points while King was high point man for the Muskyteers with nine.

Tonight (Thursday) Carlisle will play host to Sharpsburg in a non-conference tilt.

Muskies Mentioned

At a meeting of Central Kentucky Conference officials in Lexington Monday night the Muskyteers were considered for selection as one of the teams to compete in the CKC tourney which is to be held in Paris the first week of February. Millersburg Military Institute, a team that beat the Muskyteers 48-45 earlier in the season, got the nod over the local boys.

## Local Quota For Eden Hills Project Set; Nicholas Farm Bureau Explains Purpose

## Film Of Texas City Disaster Scenes To Be Shown Friday

**OFFICERS TRAINING SCHOOL**—First Lieutenant Charles C. Stroud, commander of the local National Guard unit and proprietor of Tureman's was notified Monday by the National Guard Bureau to report to the Associate Infantry Officer school at Fort Benning, Ga. Lt. Shroud leaves Monday, Jan. 31.

A exclusive full-color scenes of the Texas City disaster of 1947 highlight the climax scenes of "OILTOWN, U. S. A." film release of Billy Graham Evangelistic Films to be shown here on Jan. 28, 7:15 p.m. in the Moorefield Methodist church.

Rev. Earl G. Curtis in charge of local arrangements for the showing here, has announced that the doors to Moorefield Methodist church will be opened at 6:45 with the film beginning at 7:15. No admission is to be charged, and all seats will be on a "first come" basis.

The Texas City footage was filmed by a free-lance newsreel photographer in Houston, Texas at the time of the disaster seven years ago. No use was made of the film until Dick Ross, director, began to search for authentic scenes to highlight the story of "Oiltown, U. S. A." He located the film, unused and in storage, and made arrangements to incorporate it into the moving story of the Billy Graham picture.

The film centers around the life of a Houston oil well master who is brought to an abrupt realization of his need at a religious experience through danger to his daughter's life in the Texas City holocaust.

Featured in the film are Colleen Townsend Evans, Paul Power, Hobert Clarke, Georgia Lee, Ralph Hoopes and the stars of Graham's earlier film, "Mr. Texas," Redd Harper and Cindy Walker.

Evangelist Graham and his team are portrayed in their evangelist crusade in Houston. Parts of the picture were filmed in Rice Stadium.

N. D. Clary and wife to Archie L. Mitchell and wife, 41 acres on Cane Run road.

**REPORTS SALE**

The Fightmaster Real Estate agency sold at public auction a farm of 49 acres for Mrs. Raymond Rawlings and Charles Dale to Raymond and Alta Rawlings for $164 an acre.

The goal is $1,000, the project is the Eden Hills Experimental Farm, and according to John Soper Jr., Farm Bureau project chairman, "Nicholas County is co-operating in the purchase through contributions of farmers and others."

Progress toward the raising of the $50,000 area quota is well underway w:c: 13 counties having already reached their goal.

Local representatives of the Farm Bureau believe that establishment of this experimental farm will mean much to Nicholas County people, who make a living from the soil.

Special experimental work to be done on this farm will compare with soil problems which are common to this area.

The following 10 questions and answers will further explain the Eden Hill Experimental Farm project.

1) Where and what is the Eden Hill section of Kentucky? The Eden Hills comprise about one-fourth of Kentucky located immediately outside the Central Bluegrass area—this includes Nicholas County.

2) Why needed? The soils here are very different from those of the central experiment farm at Lexington. Our farm management problems are different. We have opportunities for crops not adapted to other areas. The central farm must serve the whole state. Ours would serve a well defined smaller area, with its more specialized needs.

3) Who would operate the farm? The College of Agriculture staff with the help of such men as are needed.

4) Where will operation funds come from? Appropriations by the state, the same as for the central farm.

5) Will farmers be asked to donate to this farm each year? No.
