By Rena Crawford

Mrs. Willie Swartz and Mrs. A. A. Dale visited Mr. and Mrs. L. B. Barton of Carlisle, over the weekend.

Mr. and Mrs. Roscoe Kinder, Jr., visited his parents of Newport Sunday, Mr. and Mrs. Roscoe Kinder.

Mrs. Milton Flora and children spent Sunday with Mr. and Mrs. Frank Flora.

Mrs. Carl Ishmael and Mrs. Marion McCarty spent the week-end with Mr. and Mrs. Clay Freeman, in Carlisle.

Mrs. George Wilson and Mrs. Ella Boggess of Norwood, Ohio, visited Mr. and Mrs. Wood Shrout and Miss Ella Conway one night this past week.

Mr. and Mrs. Harry Bussell of Maysville visited her mother, Mrs. Zada Yatell, Saturday.

Mrs. Della Flora and Mrs. Sue Weatherington were in Flemingsburg, Saturday.

Mrs. Mae Colone and Mrs. Maude Parsons were in Flemingsburg, Friday.

Ellisville Homemakers

By Mrs. Wm. Dollins

Mrs. Leonard Alexander and Mrs. Tommie Grimes entertained our club March 2 at 10 a.m. at the home of Mrs. Alexander.

The meeting was called to order by our president, Mrs. Orel Day. Mrs. Anna Monce gave the devotional. The roll call was answered by eleven members, seven visitors and Mrs. Emma Barnes. Mrs. Leonard Alexander and Mrs. Victor Lay gave the report on the poultry and garden lessons.

After a delicious lunch, we heard the lesson on Furniture arrangement, given by Mrs. Tommie Grimes and Mrs. William Dollins. Miss Barnes then gave us a few notes on projects for the coming year.

Our next meeting will be with Mrs. J. A. Standford, April 6, at 10 a.m.

Carlisle West Homemaker Club

By Mrs. Mrs. W. M. Kendall

The Carlisle West Homemakers met at the home of Mr. and Mrs. Eugene Neal on Elm street, last Friday, March 11. Mrs. Neal and Mrs. A. T. Gardner were hostess for twelve members of the club.

In the absence of Mrs. Lem Williams, our president, Mrs. A. T. Gardner, our vice president, presided.

Mrs. Russell Shrout used as her subject for the devotional "Youth and Brotherhood" and the scriptural selection was from the 71st Psalm.

Mrs. Neal and Mrs. W. M. Kendall gave the lesson on furniture arrangement. The principals in arrangements in so useful groups were well demonstrated in Dorthy and Eugene's home and had they had their paper hung and floors sanded we might have been more help to Eugene by placing the furniture for this season any way even though it is always subject to change.

Program planning for next year was discussed. Our next annual meeting of The Central Bluegrass District will be held at the Christian church in Paris, on Monday, April 18. Let's start now planning to attend.

The next meeting of our club will be on April 10 at 1:00 p.m. at the home of Mr. and Mrs. W. M. Kendall, Sycamore Hill. The meeting will be over in time for all to attend the church service from 3 to 4.

Somerset Teen Age Club

The monthly meeting of the Somerset Teen-Age Club was held February 24, at the home of Betty Faye Stephenson.

There were nine members present and the following guests, Pauline Jones, Miss Emma Barnes, Mr. William Straw, Mrs. Kenneth Stephenson, Judy Kay Caswell, Mr. and Mrs. Hamilton, and Mrs. Thelma Lyttam.

The meeting was called to order by the president, Donnie Lyttam. The members repeated the club pledge and roll call was answered by naming your birthday.

The minutes of the last meeting were read and approved.

The program was entitled "The Marvel of An Insect."

The main discussion was centered around a demonstration. Some booklets were given to members interested in giving a demonstration.

After the meeting adjourned, refreshments were served and games were played. Everyone had a good time.

Our next meeting will be at Glenn Clays. The date is not definite.—Betty Faye Stephenson

Expert Urges Use Of Dairy Products

Since Mrs. Pearl Hask called to the attention of Bath county homemakers the importance of their using more of one of the farm's most important products—milk—these rural leaders have adopted many of her suggestions. Mrs. Hask is a food specialist at the University of Kentucky.

In a report by homemakers to Miss Anna L. Hockstetler, home demonstrats a agent, it was noted that 106 women said they now use daily a pint of milk for each adult as a beverage or in cooking, and a quart for each child.

Other desirable practices reported are: 109 make butter from sweet cream; 118 make cottage cheese when there is a surplus of milk; 138 serve cheese four or five times a week; 81 make desserts weekly; 61 cool milk quickly after it is milked and 56 strain milk through a disk strainer.

Mrs. T. S. Conners, one of eight homemakers who reported

one half board over a radio or television, soon distorts ideas that could be cleared up readily by a little plain reading. Not long ago there was a near riot because someone said that somebody else said that he had heard that we were engaged in war with Red China. I deliberately followed up this rumor and found that it had about as much basis as most such wild-eyed scares.

The champion bit of idiocy that college the night Orson Welles's famous Mars from Mars broadcast. This program was half listened to by one of our boys, who did not take time, even, to hear the off-repeated statement that the program was just a program. He got panicy, got out his old jalopy, and took off for Father and Mother, some sixty miles away. Remember, he was not an ignoramus, as the world judges ignoramuses. He had spent twelve years in the public school. he had been reared in a well-fixed family, at least one that was able to present him with a car. And he had done several months in college. I still wonder whether he and some of the others I have mentioned have laid in their winter supply of asafetida.

pasteurizing home-produced milk, said that members of her family are now drinking twice as much milk, due to improved flavor.

Proper Cleaning Aid Eases Window Washing

Washing windows will be less of a chore in spring—house-cleaning of the right cleaning aid is added to water, say home management specialists at the University of Kentucky.

They recommend the use of 2 tablespoons of ammonia to 2 quarts of warm water for clear, spotking windows, or in cold weather, substitute 2 tablespoons of alcohol for the ammonia. When windows are unusually grimy, try 1 tablespoon of washing soda in warm water.

If there is a glue-like substance from trees on the outside of windows, add 1 tablespoon of vinegar in place of other cleaners to the water. For rust that has been caused by window screens, use 1 tablespoon of kerosene to 2 quarts of warm water.

"JIM BOB" IT SWIMS

INTRODUCING

JIM BOB, the most sensational invention in the history of fishing—the artificial minnow that swims like live bait in the water. This is the lure advertised on the 25th series.

IT SWIMS—no sinking, even no float. It swims at any depth you want. Jim Bob is made of two pieces of balsa and plastic. Can not detract angler's attention. Jim Bob has that gal-ee-lee-o action that makes fish go crazy. Jim Bob is gaff and hook and never has a bad season.

This is Jim Bob at its best—a lure that can be used in any water, any time, any place. Guaranteed (and it did) for each lure (and three or cash. We pay postage. Sold by mail only.
