The following passage will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, wherein man reflects divine Truth, Life, and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage" (18:1-5).

Readings from the Bible will include the following (Luke 1:68): "Blessed be the Lord God of Israel; for he hath visited and redeemed his people."

These are new books written especially for this simultaneous study in Southern Baptist Churches.

This emphasis on the meaning and importance of church membership will attempt to answer the questions: What is a church? What is a church supposed to do? What does it mean to be a church member? Does your church membership bring joy, satisfaction, and a sense of worthwhileness to your life?
