BOARD MEETING—The Nicholas County Board of Education paid off two bond issues in full last fiscal year and retired $9,000 in bonds on the Moorefield school at its last regular meeting. The school was built in 1948 at a cost of approximately $105,000. The bonds have been retired to the extent that only $20,000 in bonds remains unpaid. During the past year the Nicholas County Grade school at Headquarters were paid off and all of the bonds on the Parks school were retired with part of the Parks bonds being called before maturity thus saving the interest on the bonds called. Both the Nicholas County Grade school building and the Parks building were financed by the Nicholas County Fiscal Court acting as a holding agency. Under such plan, the Nicholas County Board of Education deeded the Fiscal Court the site for the buildings. The Fiscal Court in turn sold bonds and constructed the buildings and collected a rental from the Nicholas County Board of Education to retire the bonds. Now that the bonds are all paid on the two buildings, the Nicholas County Fiscal Court will deed the buildings back to the Nicholas County Board of Education. ## No payment on '57 acreage planned until harvest time of latest crop

The U. S. Department of Agriculture announced today that it does not expect to be in position to deliver payment certificates to farmers who participate in the 1957 Acreage Reserve programs of the Soil Bank until about harvest time for the latest of the crops for which compliance must be checked.

This delay is necessary to make sure that all regulations of the programs have been met before payment certificates are issued.

Questions have been raised currently about time of payment for acreage already designated under the 1957 winter Wheat Acreage Reserve. Today's announcement applies both to winter wheat and to all other basic crops which will be eligible for payment certificates under the Acreage Reserve part of the Soil Bank.

Compliance with Soil Bank acreage limitations is in general on a harvested rather than a planted acreage basis. Therefore, in many instances compliance cannot be checked until harvest time. A further consideration is that a farmer to be eligible for any Soil Bank payments, must comply with all acreage allotments established for his farm. This again requires delay of the final check until about harvest time for the latest of the crops involved.

Where only winter wheat acreage is involved, the Department expects to be in position to start issuing payment certificates about the first of June. Where other acreages are also involved, and multiple compliance checks must be made, certificates cannot be issued until the eventual use of the latest harvested crop is determined.

Payment certificates may be redeemed in cash immediately upon receipt, but as announced earlier (September 7, 1956—USDA 2064—56) certificates issued for participation in the Acreage Reserve for grains may not be exchanged for CCC-owned grain until after the harvest season for that grain in the area of issue. This means that no 1957 certificate, no matter when received, can be exchanged for any grain until the end of the normal harvest season for that grain.

## Local student scores in tests

James W. Shepherd Jr. ranked in the top quarter in placement tests given to freshmen and other new students this fall at the University of Kentucky.

Shepherd is the son of J. Walter Shepherd, Carlisle, and is a graduate of the Carlisle high school. A sophomore in the UK College of Law, he is a member of the Kappa Alpha fraternity.

The tests were given with respect to general ability, English, and mathematics. These scores represent excellent preparation for college work and reflect favorably on the students' home and the schools from which they have come." Dr. Ernest M. Daniel, testing director, said.

A total of 82 Kentucky counties were represented in the top scores.

## Smart achieves 7-year Greyhound safety record

G. B. Smart, Carlisle Route 2, a driver for the Greyhound lines, has achieved a 7-year safety record.

In recognition of having driven more than 490,000 miles without a preventable accident, Driver Smart has been awarded a merchandise prize.

He is on the Maysville-Lexington run.

## Last call issued for Polio tobacco

The Nicholas County FFA boys sounded last call for Polio tobacco. A truck will be sent to the six collection points today to pick up the tobacco already brought in.

The collection points are, East Union, Nicholas County high school, Nicholas County Grade school, at Headquarters, Parks, Moorefield and Myers school. The tobacco will be sorted and graded by the FFA Chapter.

Joe F. Conley, Nicholas County March of Dimes Director, and J. T. Hammons, FFA President, stressed that all tobacco should be taken to the collection points today in order that the boys may collect it before the school Christmas vacation begins. "Our success," he said, "depends upon the farmers cooperation. I am sure that most all of them give tobacco at the market and it would be much better if Nicholas County received this money."

The tobacco will be sold some time in January. The total pounds and the price it will bring will be published in this paper after the sale.

## Thanksgiving fund totals $94.79

The total amount received from the Thanksgiving service and individuals who made donations to the Nicholas County hospital directly was $94.79.

All donations, receipts from the gift shop, benefit dinner, etc. are placed in an account called the maintenance and depreciation fund. From this fund the hospital is now doing some much-needed repairs. Rooms have been plastered and are now ready for paint. Plasterers and painters are expensive, the balance in the fund is very low, and the hospital is desperately in need of more money in order to finish the painting.

Purchases Paint

Last month the chairman of the board and Mrs. Robert Fisher went to Frankfort in the interest of the hospital and were given permission to purchase the paint needed from the Government surplus at a cost of $126.00.

Miss Doris Cloyd, administrator of the hospital, wishes to thank everyone who has contributed to the fund. Also Mrs. Fisher for her labor and time, and Roger Womack for hauling the paint and other supplies from Frankfort.

The gift shop now has a nice selection of gifts appropriate for Christmas. "We wish to thank all who have worked so hard making these lovely gifts," said Miss Cloyd.

GEORGE GAFFIN NAMED PRESIDENT OF THE MONTH

George Gaffin, sophomore at Carlisle high school, was elected student of the month. George participated on the football squad and on the basketball team.

## Col. Eddy honor guest at Guard open house

Col. Kenneth A. Eddy, a personal representative of Deputy Adjutant General J. S. Lindsay will be guest of honor at an open house at the National Guard Armory tonight. The local unit of the Ky. National Guard will also be playing host to many city and county dignitaries. The purpose of the affair is to formally introduce Nicholas Countians, who have long been supporters of the National Guard, to the new artillery equipment at the armory.

The Carlisle Women will serve chili, cokes and coffee to their guests. Mess Sgt. Bobby Crockett and his staff will demonstrate their cooking proficiency in preparing the meal.

Lt. Roy A. Davis and CWO William N. Young, who are in charge of the affair, have stated that Col. Eddy will be on hand to answer any questions pertaining to the new reserve law and the military obligation of the youth of today. Col. Eddy will also make a short speech after the supper. A tour of the armory and an explanation of the equipment will then be conducted.

All old Guardsmen and new men interested in becoming Guardsmen are encouraged to attend. Get out and back your local Guard Unit.

## 4-H leaf sale Paris Saturday

The Nicholas County 4-H Club tobacco Leaf Sale will be held Dec. 15 at the Independent Tobacco Warehouse, in Paris, according to Bernie C. Milam, assistant county agent. Mr. Milam says that both Nicholas and Bourbon Counties will have the 4-H club show and sale on the same floor this year with one half of the floor charges being donated by the tobacco warehouse as premiums for the show.

Must Have Record Books

Premiums will be awarded on the basis of best record book, best stripped crop, best crop average and the most dollars per acre. All 4-H members who have raised a tobacco as a 4-H project are eligible to participate and should bring their tobacco to the warehouse on Friday afternoon or before 9:30 a.m. Saturday morning. Record books must be turned in at time of sale in order to be eligible.

Mr. Milam says that the Paris warehouse men have arranged for all of the youth groups to sell on the same floor and rotate among the three warehouse companies each year, and that it is through their cooperation that the 4-H show and sale is possible. All 4-H club members should try to participate and will be educational and profitable.

## FHA helps FFA with Polio drive

The girls in the Nicholas County Chapter of Future Homemakers are lending their support to the Future Farmer organization in securing tobacco to be sold in the "Tobacco For Polio Drive."

Representatives of the girls organization visited the Parks school and Nicholas County Grade school at Headquarters and made calls explaining the need for the program and the way the tobacco would be collected. Charles Dudge and Jimmy Lisk visited the Moorefield school; Paul Markwell and Ed de Gates, the Myers school; William Dampier and Sidney Bollar, the East Union School; J. T. Hammonds and Jimmy Early, wine visited the Ellisville school.

The school children were given letters to take home requesting tobacco to be donated and left at any school in the county. Plans are made to collect this tobacco before December 13.

With the cooperation of the farmers of Nicholas County, the FFA and FHA can make this project a success and in turn help the 80,000 polio patients who are struggling to overcome their handicap and still look to the March of Dimes for help in rebuilding their lives.

DR. WENDELL R. KINGSOLVER, who recently returned from Navy service and has resumed the practice of medicine in Carlisle. He is a native of Nicholas County. Presently his office is located over the First National Bank, phone 170.
