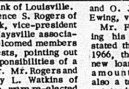
CAWOOD CALLS



Cawood Ledford, WHAS Sports

The Harbinger of Spring

In the Commonwealth of Kentucky, the State High School Basketball Tournament is the harbinger of spring. Oh I know they'll tell you its a robin or a crocus or a bird on the wing. But the State Tournament is the signal that winter is over. That four day battle for the state's highest athletic accolade comes up next week.

From all reaches of the state, the 16 teams that have survived the rigors of district and regional tournaments will converge on Louisville. These regional champions are called the "Sweet 16". With their legions of followers they are ready to invade Freedom Hall for what has been described, "the biggest show in basketball." If that is paraphrasing the great showman P. T. Barnum, it still describes the state tournament with its excitement and heartbreak packed into a short, active span of time.

For the fans, it is a four-day holiday. For the competing teams, it is four days of war. Survival of the fittest. Four days of living under intense psychological pressure and physical exhaustion.

Players and fans alike break into tears as their colors are surveyed in defeat. But as new day dawns, they adopt new favorites that are still running in the 15-game marathon.

Few sporting events can match "the biggest show in basketball!" for color and excitement. It embodies every ingredient that goes into every sports classic. There is the favorite, chosen by its credentials. Then, there is always the sentimental choice. The team that has that certain flare that catches the fancy of the fans. They're all there. Upsets are common place. Every minute produces a thrill and it's that time again in Kentucky.

FLB Has 50th Birthday

The golden anniversary of what has been called the Magna Carta of American farm finance" was celebrated with appropriate dignity on Thursday night, March 9, as the Federal Land Bank Association of Maysville marked this 50th anniversary celebration with a dinner in the new Fleming Mason RECC building in Flemingsburg.

More than 150 persons from the six counties included in the association were present. Counties represented were Mason, Bracken, Lewis, Nicholas, Robertson and Fleming. Also included in the group were several Louisville representatives. They included George L. Summers, regional manager for Kentucky and Paul F. Bachman, secretary and vice-president, the Federal Land Bank of Louisville.

Lawrence S. Rogers of Maysilck, vice-president of the Maysville association, welcomed members and guests, pointing out the responsibilities of a director. Mr. Rogers and Dorsey L. Watkins of Carlisle, were re-elected directors for terms of three years. Roy Fritz was reappointed manager of the Maysville association for the eighth consecutive year and Mrs. George Ashley was returned as office assistant. Lawrence S. Rogers was elected president and O. J. Donovan of Ewing, vice-president.

Mr. Fritz is presenting his annual report stated that as of Dec. 31, 1966, there had been 68 new loans made for an amount of $1,220,000; also a total of 329 loans outstanding for an amount of $4,206,000. He reported a four per cent divident on capital stock outstanding as of Nov. 30, 1966.

Mr. Summers spoke briefly to the group and reviewed what the as-
